Further, as per the provisions of section 178 and section 197 and/or any other applicable provisions of the Companies Act, 2013 ("the Act") read with Schedule V of the Act and the rules made thereunder, in case of no profit or inadequate profit, the Company has an option to pay remuneration to its Managerial Personnel within the limits prescribed under Section II (A) of Schedule V of the Act. However, as per the proviso of Section II (A) of Schedule V of the Act, a Company may pay a remuneration to its Managerial Personnel in excess of the limits as prescribed under Section II(A) of Schedule V after taking approval from its Shareholders by way of a special resolution. Hence, your directors recommend the resolution as set out at Item No. 5 for the approval of shareholders of the Company by passing the Special Resolution.

None of the directors, key managerial personnel or their relatives is/are interested in the said resolution except to the extent of their shareholding and directorship in the Company.

Item No. 6:

Pursuant to the provisions of Sections 149, 150, 152, 161 and Schedule IV of the Companies Act, 2013 read with the rules made thereunder, each as amended ("Companies Act"), Ms. Ambika Sharma is proposed to be appointed as a Non-Executive Independent Director of the Company, in accordance with applicable laws, including the Companies Act, 2013. In this connection, the Board is of the opinion that Ms. Ambika Sharma fulfils the criteria for independent director, as set out in the Companies Act, 2013, related rules framed thereunder and that Ms. Ambika Sharma is independent of the management of the Company.

A copy of the draft letter for appointment of Ms. Ambika Sharma setting out the terms and conditions is available for inspection at the Registered Office of the Company on any working day between 10:00 a.m. to 1:00 p.m. up to the date of AGM and will also be available for inspection at the venue of the AGM.

The Board of Directors has recommended the appointment of Ms. Ambika Sharma as a Non-Executive Independent Director for a term of five (5) years with effect from November 1, 2023 till the next five years subject to such Director continuing to satisfy the criteria of independence in terms of the Companies Act, 2013 and the rules made thereunder, and shall not be liable to retire by rotation.

The Company has received a declaration from Ms. Ambika Sharma confirming that she meets the criteria of Independence as prescribed under Section 149(6) of the Companies Act, 2013. Keeping in view her rich knowledge and experience, which could be utilized to put appropriate strategies for growth of business activities of the Company, it was thought fit to propose the appointment of Ms. Ambika Sharma as a Non-Executive Independent Director.

Your Directors recommend the resolution as set out at Item No.5 as a special resolution for the approval of shareholders.

None of the directors, key managerial personnel or their relatives is/are interested in the said resolution except to the extent of their shareholding, if any in the Company.

PART B – Profile/ Resume

Brief Profile of Ms. Ambika Sharma

Ambika Sharma is a global business strategist with over three-decade career in public affairs and international relations in India's apex industry body as well as in a bilateral international organization.

A business economist by education, Ambika has dedicated her professional career towards building extensive international economic networks for business & industry, driving economic growth, job creation, innovation, inclusion, and entrepreneurship.

With 37 years of diverse experience, Ambika was the first lady Director General - International at the Federation of Indian Chambers of Commerce and Industry (FICCI). She went on to lead the U.S. Chamber's U.S.-India Business Council (USIBC) as Managing Director, India. She joined USIBC in 2018, making it one of the most sought-after names as a policy advocacy organization in U.S.-India business relations. She has now moved into a strategic role as Advisor to USISPF.

Over the years, Ambika has nurtured wide-ranging and robust relationships with the Government of India at the highest level, building a wide range of global network with businesses, including the diplomatic community, bureaucracy, reputed Chambers of Commerce and think tanks. She has led policy advocacy across sectors like healthcare, defense, digital economy, financial services, agri/food, supply chain management, to name a few. As the Director General of India's national industry association FICCI, Ambika was the principal architect of Indian industry's international outreach and partnership with industry associations and employers' federations worldwide. Her contribution towards Indian industry's endeavour in building an equitable business partnership in competitive international environments is acknowledged far and wide. Under her leadership, FICCI participated extensively in government initiatives to strengthen India's business and investment presence abroad. She led FICCI's global strategy for a wide base of membership comprising India's established large business houses, conglomerates and newer technology-based entrants. She is also credited for building domain awareness for members equipping them to deal with international markets, new connections and knowledge expertise in global markets. Ambika also designed and organized business interactions with visiting Heads of State to India and abroad.

Ambika has committed herself to supporting organizations in their quest for sustainable growth and inclusive economic development. She is passionate about mentoring future leaders and building a pragmatic knowledge base on international relations.

A holder of Bachelor's degree in Economics and Master's degree in Business Economics from India's prestigious Delhi University, Ambika graduated summa cum laude with a gold medal. She is also a certified MCA approved Independent Director. She has participated in several executive programmes including those conducted by EU and XLRI, Jamshedpur. She has worked extensively with the FICCI Women on Corporate Boards (WCB) initiative as well. She has received several awards towards her contribution in the field of economic diplomacy. Ambika is currently serving as Independent Women Director on the Boards of three eminent Indian food companies.

Also joined Aakash Educational Services Limited as Non-Executive Director. Earlier she also served as Member, Executive Council of Bureau of Indian Standards (BIS) to represent industry and support BIS in the activities of standardization, marking and quality certification of goods and related matters. She is passionate in her aspiration to contribute to India's growth story, both in domestic and international markets.

Item No. 7:

Pursuant to the provisions of Sections 149, 150, 152, 161 and Schedule IV of the Companies Act, 2013 read with the rules made thereunder, each as amended ("Companies Act"), Mr. Manish Sharma is proposed to be appointed as a Non-Executive Independent Director of the Company, in accordance with applicable laws, including the Companies Act, 2013. In this connection, the Board is of the opinion that Mr. Manish Sharma fulfils the criteria for independent director, as set out in the Companies Act, 2013, related rules framed thereunder and that Mr. Manish Sharma is independent of the management of the Company.

A copy of the draft letter for appointment of Mr. Manish Sharma setting out the terms and conditions is available for inspection at the Registered Office of the Company on any working day between 10:00 a.m. to 1:00 p.m. up to the date of AGM and will also be available for inspection at the venue of the AGM.

The Board of Directors has recommended the appointment of Mr. Manish Sharma as a Non-Executive Independent Director for a term of five (5) years with effect from November 1, 2023 for the next five years subject to such Director continuing to satisfy the criteria of independence in terms of the Companies Act, 2013 and the rules made thereunder, and shall not be liable to retire by rotation.

The Company has received a declaration from Mr. Manish Sharma confirming that he meets the criteria of Independence as prescribed under Section 149(6) of the Companies Act, 2013. Keeping in view her rich knowledge and experience, which could be utilized to put appropriate strategies for growth of business activities of the Company, it was thought fit to propose the appointment of Mr. Manish Sharma as a Non-Executive Independent Director.

Your Directors recommend the resolution as set out at Item No. 7 as a special resolution for the approval of shareholders.

None of the directors, key managerial personnel or their relatives is/are interested in the said resolution except to the extent of their shareholding, if any in the Company.

PART B – Profile/ Resume

Brief Profile of Mr. Manish Sharma

Manish is currently serving as Chairman of Panasonic Life Solutions India with an extensive professional experience of over 27 years driving sustainable growth along with strategy planning and business development. Strong diplomatic skills and a natural affinity for cultivating relationships, which has resulted in some very prominent roles in Industry Associations and Government appointed Committees over the years. Versatile

professional with strong people management skills and has been focused on building people capabilities and culture. Applies qualities of integrity, credibility, and a passion for progress to strategic governance efforts.

In his current role, Manish is the Chairman of Panasonic Life Solutions India & South Asia overseeing the growth and development of the company in the region. He is responsible for driving profitable growth along with strategy planning and business development for the entire product portfolio of Panasonic's consumer, enterprise, and industry divisions propelling business growth across the B2C, B2B, and B2G segments.

Manish Sharma also holds an Independent Director position on the Board of Escorts Kubota Ltd.

Overall Experience:

Beginning with engineering and research assignments, his career of over 27 years has spanned from hands-on operations to strategic product and business planning in various electronic majors like LG Hotline, Samsung India and Haier India. Manish was appointed as youngest Executive Officer to Panasonic Corporation and has played an active role in group wide strategic affairs. He currently chairs the board for Panasonic Life Solutions India.

Key Accomplishments:

- Manish has held several management roles overseeing different functions of the business since joining in 2008. Just to give a perspective, Panasonic's revenue in India today is 10 times of what it was in 2007 and at the time, the majority of the business was coming from televisions and wiring devices.
- Been driving sustainable growth for the organization over the years. Despite the pandemic, Panasonic has recorded an 18% growth in their revenue over last year and reduced losses.
- Instrumental in driving investments to India. Today, Panasonic has 13 state-of-the-art factories across the country manufacturing home & kitchen appliances like Air Conditioners, Washing Machines, Refrigerators, Mixer Grinders, Electronic Cookers to electrical wiring devices, switches, fans, geysers. Panasonic also has manufacturing units for B2B products like dry-cell batteries, carbon rods, sensors, audio systems and welding machines.
- A tech enthusiast at-heart, he strongly believes in democratizing technology. He keeps a close tab on India's start-up ecosystem and how they're effectively utilizing the new-age technologies for greater good.
- Instrumental behind Panasonic launching their Spatial Solutions – Home and Enterprise automation under the Miraie brand.
- Focused on Governance and building Panasonic into a highly professional organization with the right talent mix.
- Manish was the youngest R&D Head for Samsung's TV division and was instrumental in establishing a strong foundation for development, customisation, value engineering and localisation of products.
- He was also an integral part of the launch team which started operations for Haier in India. He was involved in setting up the processes, building operational & supply chain capabilities into channel management and setting up manufacturing.

Industry Engagement

- Currently as the Chair for FICCI Electronics & White Goods committee, he has been instrumental in steering the industry and advising stakeholders on the importance of innovation, smart manufacturing and backward integration.
- More recently, Manish has been appointed to the Steering Committee for Advancing Local Value-Add and Exports (SCALE) formed by Ministry of Commerce and Industry and has been working closely with

Department for Promotion of Industry and Internal Trade (DPIIT) under guidance of the Ministry to drive India's local manufacturing agenda.

- Manish is also the **Chair for FICCI Energy Storage Committee** and **Co-Chair for Co-Chair for the India-Taiwan Business Cooperation Committee**.
- Manish has been the longest serving **President for CEAMA (Consumer Electronics and Appliances Manufacturers Association)** from 2014-18.

Education & Recognitions:

- Manish holds a Bachelor's degree in Engineering from BIT, Bhilai
- Awarded '**Man of Electronics**' by **CEAMA (Consumer Electronics and Appliances Manufacturers Association)** in 2019
- Recognized for his **outstanding contribution to growth of Electronics industry** by **ELCINA (Electronic Industries Association of India)** in 2016-17
- Nominated for the prestigious **Asia Business Leaders Awards (ABLA)** in 2017

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Aditya Infotech Limited** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on 31st March, 2023, according to the provisions of:

- i. The Companies Act, 2013 (“the Act”) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent of Regulation 55A;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’): **Not Applicable**
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

Regd. Office:- 611, 6th Floor, Pragati Tower, Rajendra Place, New Delhi – 110008
ICSI FRN: P2020DE081800

011-41411600, Email Id- kmpminfo@gmail.com

- d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998
- vi. Other laws specifically applicable to the company are as under and it has been confirmed & declared by the management that the company has complied with the said laws:-
- 1. The Employees Provident fund and Miscellaneous Provisions Act, 1952 along with labour laws
 - 2. Employees State Insurance Act, 1948
 - 3. Maternity Benefit Act, 1961
 - 4. Payment Gratuity Act, 1972
 - 5. The Legal Metrology Act read with packaged commodity Rules
 - 6. The Environmental Act, 1986 and its allied applicable laws
 - 7. E-Waste (Management) Rules, 2016

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards with respect to Meetings of the Board of Directors (SS-1) and General Meetings (SS2) issued by The Institute of Company Secretaries of India ("ICSI") ; and
- ii. SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015: **Not Applicable.**

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, during the Audit Period, the following specific event took place having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards.

- The Board of Directors in the Board meeting dated January 04, 2023 approved and recommend to the shareholders for buy back of 4,50,000 (Four Lakh Fifty Thousand only) fully paid-up equity shares of face value of INR 10/- each and the shareholders of the Company passed a special resolution for approval of the same in the Extra Ordinary General Meeting dated January 09, 2023.
- The Company received the request from the existing shareholder for registration of transfer of the shares and the same was duly recorded in the following manner

Sl. No	Name of Transferor	Name of Transferee	No. of Shares Transfer
1..	Mr. Hari Shankar Khemka	Mr. Aditiya Khemka	4,10,000
2.	Mr. Rishi Khemka	Mr. Aditiya Khemka	2,07,000
3	Mr. Rishi Khemka	Mr. Ananmay Khemka	18,500

- The Company has received the notice from Reserve Bank of India vide ref no. FE. CO.OID/S1373/19-51-093/2022-23 dated July 26, 2022 in the matter of CP Plus GMBH and Co.KG (UIN-NDWAZ20110422) and the Company moved the application for compounding of offence and the same was duly compounded vide RBI Order dated MCO5931 dated February 24, 2023.
- The Company has received the preliminary Notice for non-compliance u/s 148 of Companies Act, 2013 with respect to Non- Appointment of Cost Auditor for FY 2017-18 (PN-1216) and the Company duly replied about the non-applicability of the said provisions vide its letter dated May 24, 2023.
- The Noida Authority, relying on the Government of Uttar Pradesh Ordinance dated 7 January 2022, issued a show cause notice dated 19 January 2023 for cancellation of the lease deed. In response to such show cause notice, the Company filed its response on 31 January 2023, requesting for further extension of at least six months so that necessary steps could be taken. The Company filed appeal under Section 41(3) of Uttar Pradesh Industrial Development Act, 1976 and the same is pending.

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Aditya Infotech Limited ('the Company'), which comprise the standalone Balance Sheet as at 31 March 2023, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Cash Flow and the standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Walker Chandiok & Co LLP is registered with limited liability with identification number AAC-2085 and has its registered office at L-41, Connaught Circus, Outer Circle, New Delhi, 110001, India

Emphasis of Matter

4. We draw attention to note 52 to the accompanying standalone financial statements which describes that subsequent to year-end, allotment and lease of the land at Sector 135, Noida, has been cancelled by the Noida Authority, relying on the State Government Ordinance dated 7 January 2022, since the Company did not fulfil the conditions stipulated in the Transfer Memorandum and lease deed with respect to construction and development on such land within the prescribed timelines. The Company had approached the authorities seeking revocation of the cancellation and restoration of the allotment of said land, in response to which the Noida Authority vide its letter dated 18 September 2023 has confirmed that the matter is under consideration.

The management based on its internal assessment and inputs from its legal expert, is confident of receiving favourable order regarding restoration of the Company's title and rights to the leased land shortly and further, is confident for completion of construction and development activities on the said land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in the standalone financial statements at this stage.

Our opinion is not modified in respect of this matter.

Information other than the Standalone Financial Statements and Auditor's Report thereon

5. The Company's Board of Directors are responsible for the other information. The other information comprises information included in the Director's Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on our work we have performed, we conclude that there is a material misstatement of other information, we are required to report the fact.

The Director's Report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the standalone financial statements of the Company to express an opinion on the standalone financial statements.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

12. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
13. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2023 and the operating effectiveness of such controls, refer to our separate Report in Annexure B wherein we have expressed an unmodified opinion; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 46 and 52 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2023;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2023;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2023.

Walker Chandiok & Co LLP

- iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 53(h) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
- b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 53(i) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. a. The interim dividend declared and paid by the Company during the year ended 31 March 2023 and until the date of this audit report is in compliance with section 123 of the Act;
- b. The final dividend paid by the Company during the year ended 31 March 2023 in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend; and
- c. As stated in note 47 to the accompanying standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2023 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 requires all companies which use accounting software for maintaining their books of account, to use such an accounting software which has a feature of audit trail, with effect from the financial year beginning on 1 April 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 (as amended) is not applicable for the current financial year.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 13 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, right of use assets and investment property.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The property, plant and equipment, right of use assets and investment property have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification program adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.

(c) The title deeds of all the immovable properties including investment properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the standalone financial statements are held in the name of the Company. However, for title deeds of immovable properties in the nature of:

Type of Property	Property Address	Gross carrying value as at 31 March 2023 (Rs.in million)*
Leasehold Land	Plot no. 12, Block A Sector-4, Noida, Uttar Pradesh	23.44
Leasehold Land	Plot no. 11, Block A Sector-4, Noida, Uttar Pradesh	27.27
Freehold Land	F-28, Okhla, New Delhi	50.04
Investment Property - Building	Janki Centre, Andheri West, Mumbai	6.78

*Gross carrying value represents acquisition cost of respective immovable properties

which have been mortgaged as security for loans or borrowings taken by the Company, confirmations with respect to title of the Company have been directly obtained by us from the respective lenders.

For properties where the Company is a lessee, the lease arrangements have been duly executed in favour of the Company except in following cases:

Description of property	Gross carrying value (Rs. in millions)	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of company
Plot no. 12A, Sector-135, Noida, Uttar Pradesh	173.31	Aditya Infotech Limited	No	5 years	The title of land is under dispute as the Noida Authority has cancelled the allotment of the land to the Company on the grounds of non-compliance of the terms and conditions stipulated in the transfer memorandum and lease deed. Also, refer note 52 of the standalone financial statements.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 13 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

- d) The Company has not revalued its Property, Plant and Equipment, Right of Use assets or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed.
- (b) The Company has a working capital limit in excess of Rs 5 crore sanctioned by banks based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods, which were not subject to audit/ review.
- (iii) (a) The Company has not provided any loans or provided any advances in the nature of loans, or guarantee, or security to any other entity during the year. Accordingly, reporting under clause 3(iii)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any investment, provided any guarantee or given any security during the year. Accordingly, reporting under clause 3(iii)(b) of the Order is not applicable to the Company.
- (c) There is no overdue amount in respect of loans or advances in the nature of loans granted to such companies.
- (d) The Company has not granted any loan or advance in the nature of loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans/advances in nature of loan.
- (e) The Company has not granted any loan or advance in the nature of loan, which is repayable on demand or without specifying any terms or period of repayment during the current year.
- (iv) The Company has not entered into any transaction covered under sections 185 and 186 of the Act. Accordingly, reporting under clause 3(iv) of the Order is not applicable to the Company.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.

Annexure A referred to in Paragraph 13 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

(vii)(a) In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (Rs. in millions)*	Amount paid under Protest (Rs. in millions)	Period to which the amount relates	Forum where dispute is pending
Income- tax Act, 1961	Income Tax on account of certain disallowances	197.43	3.80	Assessment year 2019-20	Commissioner of Income Tax (Appeals)
Income- tax Act, 1961	Income Tax on account of certain disallowances	0.40	-	Assessment year 2020-21	Assessing Officer
Income- tax Act, 1961	Income Tax on account of certain disallowances	0.63	-	Assessment year 2021-22	Assessing Officer
The Jammu and Kashmir Value Added Tax, 2005	Value Added Tax	2.55	0.07	Financial year 2016-17	J&K VAT Appellate Authority
The Jammu and Kashmir Value Added Tax, 2005	Value Added Tax	9.49	0.26	Financial year 2017-18	J&K VAT Assessing Authority
Customs Act, 1962	Short levy of Custom duty	5.16	0.13	Financial year 2020-21	Commissioner (Appeals) Mumbai
Customs Act, 1962	Short levy of Custom duty	17.79	-	Financial year 2020-21	Customs Audit Commissioner Tamil Nadu
Customs Act, 1962	Short levy of Custom duty	1.16	0.09	Financial year 2022-23	Commissioner (Appeals) Delhi
The Central Goods and Services Tax Act, 2017	Wrong availment of ITC	0.37	0.02	Financial year 2017-18	Commissioner (Appeals) Chattisgarh
The Central Goods and Services Tax Act, 2017	Wrong availment of ITC	4.15	0.21	Financial year 2018-19	Commissioner (Appeals) Mumbai

*Represents amounts as per demand orders and includes interest and penalties as per the respective orders, wherever applicable.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 13 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.
- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the standalone financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or joint venture.
- (f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries or joint venture companies.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
- (b) No report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 13 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
- (b) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- (xvii) The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Walker ChandioK & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Aditya Infotech Limited ('the Company') as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Walker Chandiok & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2023

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2023, based on internal control stated in the Guidance Note issued by the ICAI.

1 Corporate information

Aditya Infotech Limited ("the Company") is a Public limited company having CIN no. U74899DL1995PLC066784 and was incorporated on 27th March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-1, New Delhi - 110020 and corporate office is situated at A- 12, Sector-4, Noida - 201301. The Company is engaged in trading of security and surveillance equipment and components under 'CP Plus' brand. Further, the Company is also engaged in trading of security and surveillance equipments and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Standalone financial statements

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, presentation requirements of Division II of Schedule III to the Companies Act, 2013 ("Ind AS compliant schedule") and other relevant provisions of the Act.

The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- a) Certain financial assets and liabilities that are measured at fair value; and
- b) Defined benefit plans-plan assets measured at fair value.

The standalone financial statements have been prepared and presented in INR, which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest million unless, except when otherwise indicated.

The standalone financial statements were approved for issue by the Company's Board of Directors on 23 October 2023.

(b) Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3 Significant accounting policies

The significant accounting policies that are used in the preparation of these standalone financial statements are summarised below. These accounting policies are consistently used throughout the periods presented in the standalone financial statements.

(a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle*
 - Held primarily for the purpose of trading
 - Expected to be realised within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle*
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

*Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

(b) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates, discounts and other similar allowances.

Handwritten signatures and initials, including 'US' and a large stylized signature.

(i) Sale of security and surveillance equipment and components

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which Company expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on terms of contracts with the customers which generally coincides with delivery of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The Company has a present right to payment for the asset.
- The Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37 Provisions, Contingent liabilities and Contingent assets. When the consideration is received, before the entity transfers a goods to the customer, the entity shall present the consideration as contract liability.

(ii) Rendering of services including business support and technical training services

(a) Revenue from business support services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance & Other Claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

(c) Inventory

Inventories are stated at the lower of cost determined on weighted average cost basis and net-realizable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale.

(d) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

The estimates of useful life of property, plant and equipment are as follows:

Particulars	Useful life as per Schedule II of the Act
Building	60 Years
Computers and Peripherals	
- Computers	3 Years
- Servers	6 Years
Office Equipment	5 Years
Furniture, Fixture and Fittings	10 Years
Motorcycles and scooters	10 Years
Motor cars	8 Years
Plant and machinery	15 Years

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

Handwritten initials 'US' and a signature.

(e) **Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Useful life
Computer Software	6 years
Trademark	10 years

De-recognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

(f) **Investment properties**

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act:

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of de-recognition.

(g) **Impairment of non-financial assets- property, plant and equipment, intangible assets and investment property**

At the end of each reporting period, the entity reviews the carrying amount of property, plant and equipment, intangible assets and investment property to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) **Intangible assets under development**

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

(i) **Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

US

Handwritten signature/initials.

Handwritten signature/initials.

(j) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(k) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as fresh issue, bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(l) Provisions, Contingent liabilities and Contingent assets**(i) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent liabilities

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Company.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) Contingent assets

Contingent assets are not recognised in the standalone financial statements. Contingent assets are disclosed in the standalone financial statements to the extent it is probable that economic benefits will flow to the Company from such assets.

(m) Leases: Right-of-use asset and Lease liabilities

The Company's lease asset classes primarily consist of leases for land and buildings- warehouse and office premises and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), and low value leases. For these short-term and low value leases, the Company recognises the lease rentals as an operating expense in the statement of profit and loss account.

(i) Right-of-use assets

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs, and
- restoration costs.

(ii) Lease liabilities

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used.

us

AS

AS

(iii) Lease term

At the commencement date, the Company determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Company is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) Short term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

(v) Others

The following is the summary of practical expedients elected on initial application:

- (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of property, plant and office equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(n) Foreign Currencies

The Company's Financial Statements are presented in INR which is also the Company's functional currency. Foreign currency transaction are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Standalone statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(o) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(p) Retirement and other employee benefits**(i) Defined contribution plans**

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the standalone statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan**Gratuity**

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

us

4

8

Notes to the standalone financial statements for the year ended 31 March 2023

(iii) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Statement of profit and loss in the year in which such gains or losses are determined.

(iv) Short-term and other long-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employees.

(q) Investments in subsidiary and joint venture

Investments representing equity interests in subsidiary and joint venture are carried at cost.

(r) Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

(i) Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Company's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

(iii) Indirect taxes

GST input tax credit on materials purchased / services availed for production / Input services are taken into account at the time of purchase and availing services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credits so taken are utilised for payment of GST on supply and service. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

Handwritten signature and date '24/03/23'.

(s) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

A. Initial Recognition and Measurement

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

B. Subsequent Measurement

a) Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(i) Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the entity assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the entity measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the entity uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the entity compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the entity recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Handwritten signatures and initials in blue ink.

Financial liabilities**A. Initial Recognition and Measurement**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the standalone statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(i) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(u) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to statement of profit and loss.

(v) Exceptional items

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

18

18

(w) **Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of information reviewed by the Company's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Company that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Company's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

(x) **Significant estimates and judgements**

The preparation of these Standalone Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

- Recognition and estimation of tax expense including deferred tax – Note 3(r), Note 11 and Note 40
- Estimated impairment of financial assets and non-financial assets – Note 3(g) and Note 3(s)
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(d), (e), (f) and Note 4, Note 7 and Note 8
- Estimation of assets and obligations relating to employee benefits – Note 3(p) and Note 45
- Valuation of inventories – Note 3(c)
- Recognition and measurement of contingent liabilities – Note 3(l) and Note 46
- Provisions – Note 3(i)
- Leases – Note 3(m) and Note 5
- Fair value measurement – Note 3(t) and Note 42
- Provision for warranty – Note 3(b) and Note 24 and 28
- Expected credit loss – Note 3(s) and Note 16

(y) **Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

(i) Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies and include corresponding amendments to Ind AS 107 and Ind AS 34. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

(ii) Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

(iii) Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. Also there is corresponding amendment to Ind AS 101. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

The Company has evaluated the above amendments and the impact thereof is not expected to be material on these standalone financial statements.

Current	75.86	36.54
Non-current	96.84	38.21
	172.70	74.75

c) Company as a lessee

The Company has leases for the land, office building, warehouse facilities, IT equipment and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. The Company is prohibited from selling or pledging the underlying leased assets as security. Further, the Company is required to pay maintenance fees in accordance with the lease contracts.

i) The amounts recognized in statement of profit and loss:-

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Depreciation expense of right-of-use assets	53.88	41.80
Interest expense on lease liabilities	13.40	8.76
Expense relating to short term leases	46.77	27.20
Gain on extinguishment and modification of lease	(2.22)	-
Rent concession	-	(0.91)
Net impact on statement of profit and loss	111.83	76.85

ii) Amounts recognized in the cash flow statement

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Payment of lease liabilities- principal and interest	57.34	45.15

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in Statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Company has recognised Rs. 46.77 million pertaining to 31 March 2023 and Rs. 27.20 million pertaining to 31 March 2022 in respect of short term leases entered into by the Company.

10

X

4

iv) The table below describes the nature of the Company's leasing activities by type of right-of-use asset recognised in balance sheet:

Right of use asset	31 March 2023		31 March 2022	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	28	2-6 years	26	2-6 years
Warehouse facilities	9	2-3 years	10	2-3 years
Vehicles	12	2-5 years	7	2-5 years
Land	3	50-76 years	3	50-76 years
IT Equipment	2	2-3 years	-	-

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments are as follows:

31 March 2023	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	88.35	83.60	27.47	15.35	214.77

31 March 2022	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	38.41	31.30	7.98	8.13	85.82

vi) Information about extension and termination options

31 March 2023

Right of use assets	Number of leases	Range of remaining term (in years)	Average remaining lease term (in years)	Number of leases with extension option	Number of leases with purchase option	Number of leases with termination option

Profit from leasing of investment property after depreciation	1.03	0.60

*Direct operating expenses attributable to investment property cannot be specifically identified with property, although management does not expect them to be material.

(iii) Fair value of investment property:

Particulars	As at 31 March 2023	As at 31 March 2022
Fair value of office space at Janki Centre, Andheri, Mumbai	27.72	25.25
Total	27.72	25.25

The Company has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Company obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iv) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2023 and 31 March 2022.

(v) Capitalised borrowing costs

There were no borrowing costs capitalised for the years ended 31 March 2023 and 31 March 2022.

b. Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. All shares rank equally with regard to Company's residual assets.

c. Details of shareholders holding more than 5% shares in the Company

Name of the equity shareholder

Hari Shanker Khemka

Rishi Khemka

Aditya Khemka

As at 31 March 2023		As at 31 March 2022	
Number	% shareholding	Number	% shareholding

* Promoter here means promoter as defined in the Companies Act, 2013.

f. Buy back of shares

The Board of directors in its meeting held on 04 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 23 February 2023, for fifteen days and settlement of buyback offer date was 24 February 2023. Accordingly, the Company has bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,443/- (Indian Rupees One thousand four hundred forty-three only) per Equity shares. The buyback resulted in a Cash outflow of Rs. 800.62 million (buyback value Rs. 649.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above, buy back of shares during the current year, the Company had not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

42 Financial instruments and financial risk management

i) Financial assets and liabilities

The carrying amounts of financial instruments by category are as follows:

Financial instruments measured at fair value through profit or loss

Particulars	As at 31 March 2023	As at 31 March 2022
	Carrying value	Carrying value
Financial assets measured at fair value through profit or loss		
Investments	5.11	6.93
Financial liabilities measured at fair value through profit or loss		
Derivative contracts	1.54	1.59

Financial assets and liabilities measured at amortised cost

Particulars	As at 31 March 2023	As at 31 March 2022
	Carrying value	Carrying value
Financial assets*		
Investments	-	52.60
Trade receivables	6,149.58	5,249.33
Cash and cash equivalents	1,471.49	1,044.26
Other bank balances	2,238.22	961.57
Other financial assets	811.60	695.85
Total financial assets	10,670.89	8,003.61
Financial liabilities*		
Borrowings	4,095.98	1,899.33
Lease liabilities	172.70	74.75
Trade payables	9,104.83	6,666.11
Other financial liabilities	245.33	189.85
Total financial liabilities	13,618.84	8,830.04

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

Investment in subsidiaries and joint venture are measured at cost as per Ind AS 27, 'Separate financial statements' and hence, not presented here.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and Level 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2023		As at 31 March 2022	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	5.11	5.11	6.93	6.93
Financial liabilities					
Derivative contracts	Level 2	1.54	1.54	1.59	1.59

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 2 inputs:

Particulars	As at 31 March 2023		As at 31 March 2022	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Investments	-	-	52.60	52.60
Trade receivables	6,149.58	6,149.58	5,249.33	5,249.33
Cash and cash equivalents	1,471.49	1,471.49	1,044.26	1,044.26
Other bank balances	2,238.22	2,238.22	961.57	961.57
Other financial assets	811.60	811.60	695.85	695.85
Total financial assets	10,670.89	10,670.89	8,003.61	8,003.61
Financial liabilities				
Borrowings	4,095.98	4,095.98	1,899.33	1,899.33
Lease liabilities	172.70	172.70	74.75	74.75
Trade payables	9,104.83	9,104.83	6,666.11	6,666.11
Other financial liabilities	245.33	245.33	189.85	189.85
Total financial liabilities	13,618.84	13,618.84	8,830.04	8,830.04

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Financial risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, investments, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Company monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management**i) Credit risk rating**

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	12 months expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

Credit rating	Particulars	As at 31 March 2023	As at 31 March 2022
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	10,670.89	8,003.61

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Company deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Company monitors the economic environment in which it operates. The Company manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Company grants credit terms in the normal course of business. The Company has also obtained debtor insurance upto Rs. 500.00 millions (31 March 2022: 40 times of the premium paid) to cover its risks of bad debts. The Company also uses an expected credit loss model to assess the impairment loss on such receivables. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers.

Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Company is in possession of the underlying asset. Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Company carries on the business of trading of security and surveillance equipments. Loans and other financial assets majorly represents loans to related parties and deposits given for business purposes.

b) Credit risk exposure**i) Provision for expected credit losses**

The Company provides for 12 month expected credit losses for following financial assets:

As at 31 March 2023

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,471.49	-	1,471.49
Other bank balances	2,238.22	-	2,238.22
Investments	111.30	-	111.30
Trade receivables	6,201.71	(52.13)	6,149.58
Other financial assets	811.60	-	811.60

As at 31 March 2022

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,044.26	-	1,044.26
Other bank balances	961.57	-	961.57
Investments	165.72	-	165.72
Trade receivables	5,315.91	(66.58)	5,249.33
Other financial assets	695.85	-	695.85

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables	Investment	Loans
Loss allowance on 31 March 2021	119.39	0.58	43.22
Allowance for expected credit loss (net)	(52.81)	(0.58)	(43.22)
Loss allowance on 31 March 2022	66.58	-	-
Allowance for expected credit loss (net)	(14.47)	-	-
Loss allowance on 31 March 2023	52.13	-	-

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc..

The Company has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2023	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,668.17	427.81	-	4,095.98
Trade payables	9,104.83	-	-	9,104.83
Other financial liabilities	245.33	-	-	245.33
Total	13,018.33	427.81	-	13,446.14

31 March 2022	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	1,407.43	436.72	55.00	1,899.15
Trade payables	6,666.11	-	-	6,666.11
Other financial liabilities	189.85	-	-	189.85
Total	8,263.39	436.72	55.00	8,755.11

The Company had access to following funding facilities :

Funding facilities	Total facility	Drawn	Undrawn
As at 31 March 2023	4,200.00	3,716.60	483.40
As at 31 March 2022	3,830.60	2,713.80	1,116.80

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Company has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

	As at 31 March 2023		As at 31 March 2022	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on statement of profit and loss	(18.58)	18.58	(7.81)	7.81

b) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2023		As at 31 March 2022	
		Amount in foreign currency	Amount in Rs.	Amount in foreign currency	Amount in Rs.
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.11	8.66	0.21	15.75
Renminbi (Chinese Yuan)	RMB	1.18	11.19	1.18	11.19
Total		1.29	19.85	1.39	26.94
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	2.40	197.00	1.95	147.54
Total		2.40	197.00	1.95	147.54

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

The fair value of monetary assets and liabilities, sensitivity due to unmeasured foreign exchange exposures is as follows:						
Particulars		Currency Symbol	As at 31 March 2023		As at 31 March 2022	
			3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset						
United States Dollar	USD		0.26	(0.26)	0.47	(0.47)
Renminbi (Chinese Yuan)	RMB		0.34	(0.34)	0.34	(0.34)
Total			0.60	(0.60)	0.81	(0.81)

44 Capital management

The Company's capital includes issued share capital and all other distributable reserves. The primary objective of the Company's capital management is to maximise shareholder value and to maintain an optimal capital structure to reduce the cost of capital. The Company have both long and short term borrowings.

Company's gearing ratio is:

Particulars	As at 31 March 2023	As at 31 March 2022
Long term borrowings	427.81	491.90
Short term borrowings (including current maturities of long term borrowings)	3,668.17	1,407.43
Less: Cash and cash equivalents	(1,471.49)	(1,044.26)
Net debt (a)	2,624.49	855.07
Total Equity (b)	2,899.31	2,715.04
Equity and net debt (c = (a) + (b))	5,523.80	3,570.11
Gearing Ratio (d = a/c)	0.48	0.24

45 Employee benefits

The Company has adopted Indian Accounting Standard (Ind AS) - 19 on Employee Benefit as under :

Defined contribution plans

The Company makes contribution towards employee's provident fund and employee's state insurance. The Company has contributed Rs. 28.48 million (31 March 2022: Rs. 23.74 million) during the year ended 31 March 2023 as contribution towards these schemes.

Defined benefit plans**Gratuity**

The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Investment risk	If plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Amounts recognised in the balance sheet:

Particulars	As at 31 March 2023	As at 31 March 2022
Present value of the obligation	74.41	64.60
Fair value of plan assets	60.95	44.27
Net liability/(prepaid asset)	13.46	20.33

Loss/(income) recognised in other comprehensive income:

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Actuarial loss/ (income) recognised during the year	(1.36)	11.36

Expenses recognised in statement of profit and loss

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Current service cost	9.77	7.34
Interest cost (Net)	1.12	0.38
Cost recognised during the year	10.89	7.72

Movement in the liability recognised in the balance sheet is as under:

Particulars	31 March 2023	31 March 2022
Present value of defined benefit obligation at the beginning of the year	64.50	51.21
Current service cost	9.77	7.34
Interest cost	4.56	3.38
Actuarial (gain)/loss net		
Actuarial loss on arising from change in financial assumption	(2.18)	7.89
Actuarial loss on arising from experience adjustment	0.78	3.20
Benefits paid	(3.11)	(8.43)
Present value of defined benefit obligation at the end of the year	74.41	64.59

Movement in the plant assets recognised in the balance sheet is as under:

Particulars	31 March 2023	31 March 2022
Present value of plan value assets at the beginning of the year	44.27	41.95
Interest income	3.44	3.00
Return on plan assets excluding amounts included in interest income	(0.04)	(0.25)
Contributions by Employer	16.39	8.00
Benefits paid	(3.11)	(8.43)
Present value of plan value assets at the end of the year	60.95	44.27

For determination of the liability of the Company the following actuarial assumptions were used:

Particulars	31 March 2023	31 March 2022
Discount rate	7.50%	7.25%
Salary escalation rate	8.00%	8.00%
Retirement age (Years)		
Withdrawal rate		
Less than 30 years	3.00%	3.00%
From 30 to less 44 years	3.00%	3.00%
44 years and above	3.00%	3.00%
Weighted average duration of PBO	12.43	12.47

Maturity profile of defined benefit obligation:

Particulars	31 March 2023	31 March 2022
Weighted Average Duration (Years) as at valuation date	12.43 Years	12.47 Years

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2023	31 March 2022
Within next 1 year	2.61	3.27
Between 1-5 years	14.81	11.35
Over 5 years	31.57	49.97
Total	48.99	64.59

Sensitivity analysis for gratuity liability:

Particulars	31 March 2023	31 March 2022
Present value of obligation at the end of the year	74.41	64.60
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-5.51%	-5.60%
Impact due to decrease of 0.5 %	5.99%	6.11%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	-3.81%	-3.96%
Impact due to decrease of 0.5 %	3.92%	4.02%
c) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	0.31%	0.19%
Impact due to decrease of 10 %	-0.36%	-0.21%

Sensitivities due to mortality is not material. Hence, impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

46 Contingent Liabilities and Commitments

A. Contingent liabilities

(i) Inland Bank Guarantees

31 March 2023	31 March 2022
49.67	41.04
49.67	41.04

(ii) Income-tax matters

(a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Company's premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly /duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ('AO'), who vide order dated 30 September 2021 has raised tax demand of Rs.189.59 million (31 March 2022: Rs.189.59 million) and has also initiated penalty proceedings. The Company has contested the said order before the Commissioner of Income Tax (Appeals) wherein the Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has no evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Company. The Company has deposited Rs. 38.00 million (31 March 2022: Rs. 38.00 million), under protest and the appeal in the matter is currently pending disposal. During the current year, the Company has received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million (31 March 2022: Nil) on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021.

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matter is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

(iii) Indirect tax matters

(a) VAT matters

Demands raised under respective VAT Acts
Amounts paid under protest

31 March 2023	31 March 2022
14.76	19.36
2.98	3.27

(b) GST matters*

Demands raised under GST regulations (other than matters under 'c')
Amounts paid under protest

31 March 2023	31 March 2022
4.53	3.24
0.24	1.20

(c) Customs matters

Demands raised under Customs Act
Amounts paid under protest

31 March 2023	31 March 2022
20.73	-
0.22	-

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matters is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

*During the current year, the Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Haryana, Telangana, Maharashtra, Odisha, Chhattisgarh, Gujarat, Madhya Pradesh, Rajasthan, Bihar, West Bengal and Uttarakhand, in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.2,886.53 million for the financial years 2017-2018 to 2021-2022, on account of differences between ITC claimed in Form GSTR-3B vs ITC appearing in GSTR-2A, difference between turnover reported in GSTR-I and GSTR-3B etc. Subsequently, the GST authorities in the State of Tamil Nadu have also carried out inspection on 05 January 2023 of Company's records for the financial year 2017-18 to 2021-22.

The Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the Company's management believes that the likelihood of any liability devolving on the Company is not probable and hence, no adjustment is considered necessary in these standalone financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Company, in respect of such matters.

ADITYA INFOTECH LIMITED

CIN: U74899DL1995PLC066784

Notes to the standalone financial statements for the year ended 31 March 2023

(All amounts are in Indian Rupees millions, unless otherwise stated)

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 11.45 million (31 March 2022: Rs. 5.75 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities, during the normal course of business.

47 Dividend

a) The Company's Board of Directors at their meeting held on 18 August 2022 recommended dividend on equity shares @ Rs. 4 per equity share for the financial year 2021-2022 that was approved by the shareholders in their Annual General Meeting held on 18 August 2022. The total outgo as dividend to the shareholders during the year amounted to Rs. 10 million

b) The Company's Board of Directors at their meeting held on 11 November 2022 accorded approval for payment of interim dividend of Rs. 11.40 per equity share for the year ended 31 March 2023. The total outgo as interim dividend to the shareholder for the year ended 31 March 2023 amounted to Rs.28.50 million.

c) The Company's Board of Directors at their meeting held on 23 October 2023 have proposed final dividend on equity shares @ Rs. 4.88 per equity share for the financial year 2022-23 (total outgo being Rs. 10 million), subject to approval of shareholders in the ensuing Annual General Meeting.

50 Segment reporting

The Company has only one operating segment and is primarily engaged in the business of trading of security and surveillance equipment's. Accordingly, the figures appearing in these standalone financial statements relate to the Company's single operating segment. The Board of Directors of the Company consider trading of security and surveillance equipment's and related activities as the main business of the entity. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) **Information about geographical areas:** The Company sells goods and provides services to customers which are domiciled in India as well as outside India. All the non-current assets of the Company are located in India. The amount of revenue from external customers broken down by the location of the customers is as follows:

Attributed to the Company's country of domicile, India

Attributed to foreign countries

	For the year ended 31 March 2023	For the year ended 31 March 2022
Attributed to the Company's country of domicile, India	22,734.54	16,291.44
Attributed to foreign countries	110.93	43.53
	22,845.47	16,334.97

51 Other disclosures

51.1 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

51.2 Details of assets pledged

us

18

52. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, that the Company was carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Company was required to undertake construction activity/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022 and the Company had initiated the construction and development activities by awarding of the contracts/ work orders for site cleaning, soil investigation and architectural services. However, the Company could not complete the construction activities by the prescribed date, consequent to which the Noida Authority, relying on the Government of Uttar Pradesh Ordinance dated 7 January 2022, issued a show cause notice dated 19 January 2023 for cancellation of the lease deed. In response to such show cause notice, the Company filed its response on 31 January 2023, requesting for further extension of atleast six months so that necessary steps could be taken. Subsequently, the Noida Authority vide its letter dated 19 May 2023 cancelled the lease deed and allotment of the said land.

In response to the above, the Company had approached the Noida Authority for revocation of cancellation and restoration of the allotment of said land and had also filed a letter dated 5 September 2023, in response to which the Noida Authority vide its letter dated 18 September 2023 has confirmed that the Company's revocation request has been referred to State Government authorities for their approval and matter is under consideration with the Government. Based on its internal assessment and inputs from its legal expert, the management is confident of receiving favourable order from the Government of Uttar Pradesh regarding restoration of the Company's title and rights to the leased land shortly and further, has already mobilised resources for completion of construction and development activities on the said land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in these standalone financial statements at this stage.

53 Additional regulatory information not disclosed elsewhere in the standalone financial statements

- (a) The Company does not have any transactions with stock-off companies under section 248 of the Companies Act, 2013 or section 560 of the Companies act 1956.
- (b) The Company has not undertaken any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
- (c) The Company has not been declared a 'Willful Defaulter' by any bank or financial institution (as defined under the Companies Act, 2013) or consortium thereof, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.
- (d) The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.
- (e) The Company does not have any Benami property and no proceedings have been initiated or pending against the Company for holding any Benami property, under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- (f) The Company does not have any charge or satisfaction of charge which is yet to be registered with ROC beyond the statutory period.
- (g) The Company has not traded or invested in Crypto currency or Virtual Currency during the current and previous financial year.
- (h) The Company has not advanced or provided loan to or invested funds in any entity(ies) including foreign entities (Intermediaries) or to any other person(s), with the understanding that the Intermediary shall:
 - (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (i) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
 - (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (j) The Company has been sanctioned facilities from banks on the basis of security of current assets. The periodic returns filed by the Company with such banks are in agreement with the books of accounts of the Company.

Ratio	Numerator	Denominator	As at 31 March 2023	As at 31 March 2022	% Change (31 March 2023)	Reason for variance of more than 25% (31 March 2023)
			Ratio	Ratio		
Current ratio	Current assets	Current liabilities	1.18	1.27	-7%	-
Debt-equity ratio	Total debt [Non-current borrowings + Current borrowings]	Total equity	1.41	0.70	102%	Refer note A below
Debt service coverage ratio	Earnings before depreciation and amortisation and interest [Profit/loss after tax + Depreciation and amortisation expense + Finance costs (excluding interest on lease liabilities)]	Interest expense (including capitalised) + Principal repayment (including prepayments)	7.72	7.31	6%	-
Return on equity ratio	Profit after tax-preference dividend	Average shareholder's equity	0.36	0.36	0%	-
Inventory turnover ratio	Costs of goods sold	Average inventories	4.67	7.19	-35%	Refer note B below
Trade receivables turnover ratio	Revenue from operations (net)	Average trade receivables	4.01	3.72	8%	-
Trade payables turnover ratio	Purchases (net)	Average trade payables	2.67	3.36	-20%	-
Net capital turnover ratio	Revenue from operations	Working capital [Current assets - Current liabilities]	9.58	6.99	37%	Refer note C below
Net profit ratio	Profit after tax	Revenue from operations (net)	0.04	0.05	-13%	-
Return on capital employed	Earnings before interest and tax = Profit/loss before tax + Depreciation and amortisation expense + Finance costs	Capital employed [Total assets - Current liabilities + current borrowings]	0.24	0.32	-23%	Refer note D below
Return on investment	Interest (Finance Income)	Investment	0.02	0.07	-69%	Refer note E below

Notes- reasons for variances:

- A Variance in ratios is attributable to increase in overall borrowings and decrease in equity due to buy back of shares during the current year
- B Variance in ratios is attributable to increase in average inventory during the year.
- C Variance in ratio is attributable to increase in revenue and decrease in working capital employed.
- D Variance in ratio is attributable to increase in borrowings during the year.
- E Variance in ratio is attributable to decrease in interest income during the year.

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as 'the Group') and its joint venture, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiary and joint venture, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its joint venture, as at 31 March 2023, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their report referred to in paragraph 12 of the Other Matter(s) section below, is sufficient and appropriate to provide a basis for our opinion.

Chartered Accountants

Offices in Bengaluru, Chandigarh, Chennai, Dehradun, Gurugram, Hyderabad, Kochi, Kolkata, Mumbai, New Delhi, Noida and Pune

Walker Chandiook & Co LLP is registered with limited liability with identification number AAC-2085 and has its registered office at L-41, Connaught Circus, Outer Circle, New Delhi, 110001, India

Emphasis of Matter

4. We draw attention to note 52 to the accompanying consolidated financial statements which describes that subsequent to year end, allotment and lease of the land at Sector 135, Noida, has been cancelled by the Noida Authority, relying on the State Government Ordinance dated 7 January 2022, since the Holding Company did not fulfil the conditions stipulated in the Transfer Memorandum and lease deed with respect to construction and development on such land within the prescribed timelines. The Holding Company had approached the authorities seeking revocation of the cancellation and restoration of the allotment of said land, in response to which the Noida Authority vide its letter dated 18 September 2023 has confirmed that the matter is under consideration.

The management based on its internal assessment and inputs from its legal expert, is confident of receiving favourable order regarding restoration of the Holding Company's title and rights to the leased land shortly and further, is confident for completion of construction and development activities on the said land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in the consolidated financial statements at this stage.

Our opinion is not modified in respect of this matter.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

5. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated

The Directors' Report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

6. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its joint venture in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group and its joint venture company covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

Walker Chandio & Co LLP

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of the Group and of its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
10. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and

Walker Chandio & Co LLP

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matter

12. We did not audit the financial statements of the subsidiary incorporated outside India, whose financial statements reflect total assets of ₹ 20.14 million and net assets of ₹ 18.53 million as at 31 March 2023, total revenues of ₹ 16.95 million and net cash inflows amounting to ₹ 2.75 million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 95.01 million for the year ended 31 March 2023, as considered in the consolidated financial statements, in respect of the joint venture, whose financial statements has not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary and joint venture, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiary and joint venture, are based solely on the reports of the other auditors.

Further the subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted its country and which have been audited by other auditors under generally accepted auditing standards applicable in its country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

13. As required by section 197(16) of the Act based on our audit, we report that the Holding Company incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to the subsidiary company located outside India and joint venture company incorporated in India whose financial statements have been audited under the Act, since none of such companies is a public company as defined under section 2(71) of the Act.

Walker Chandiok & Co LLP

13. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us of companies included in the consolidated financial statements for the year ended 31 March 2023 and covered under the Act, we report that:

- A) Following are the qualifications/adverse remarks reported by us in the Order reports of the companies included in the consolidated financial statements for the year ended 31 March 2023 for which such Order reports have been issued till date:

S No	Name	CIN	Holding Company / subsidiary	Clause number of the CARO report which is qualified or adverse
1	Aditya Infotech Limited	U74899DL1995PLC066784	Holding Company	(i)(c)

14. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiary and joint venture, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- In our opinion, the aforesaid consolidated financial statements comply with with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- On the basis of the written representations received from the directors of the Holding Company, and taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditor of its joint venture company, covered under the Act, none of the directors of the Holding Company and its joint venture company, are disqualified as on 31 March 2023 from being appointed as a director in terms of section 164(2) of the Act.
- With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its joint venture company covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A' wherein we have expressed an unmodified opinion; and
- With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statement and other financial information of the joint venture incorporated in India whose financial statements have been audited under the Act:
- The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its joint venture as detailed in Note 46 and 52 to the consolidated financial statements;

Walker Chandiook & Co LLP

- ii. The Holding Company, its subsidiary company and joint venture company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2023;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its joint venture company covered under the Act, during the year ended 31 March 2023;
- iv. a. The respective managements of the Holding Company and its joint venture company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such joint venture that, to the best of their knowledge and belief, as disclosed in note 53(h) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its joint venture company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or its joint venture company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
- b. The respective managements of the Holding Company and its joint venture company have represented to us and the other auditor of such joint venture that, to the best of their knowledge and belief, as disclosed in the note 53(i) to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its joint venture company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or its joint venture company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us and that performed by the auditor of the joint venture, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditor notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- d. (i) The final dividend paid by the Holding Company during the year ended 31 March 2023 in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend;
- (ii) The interim dividend declared and paid by the Company during the year ended 31 March 2023 and until the date of this audit report is in compliance with section 123 of the Act; and
- (iii) As stated in note 47 to the accompanying consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year ended 31 March 2023 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Walker Chandiok & Co LLP

- v. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 requires all companies which use accounting software for maintaining their books of account, to use such an accounting software which has a feature of audit trail, with effect from the financial year beginning on 1 April 2023 and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 (as amended) is not applicable for the current financial year.

Walker ChandioK & Co LLP

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2023

Independent Auditor's Report on the internal financial controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as 'the Group'), and its joint venture as at and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Holding Company and its joint venture company, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its joint venture company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on internal financial controls with reference to financial statements criteria established by the Group considering the essential components of internal control stated in Guidance Note on Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Group's business, including adherence to the Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its joint venture company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2023

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its joint venture company as aforesaid.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the report of the other auditor on internal financial controls with reference to financial statements of its joint venture company, the Holding Company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Group considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

Walker Chandiok & Co LLP

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2023

Other Matters

9. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 95.01 million for the year ended 31 March 2023, in respect of its 1 joint venture company, which is a company covered under the Act, whose internal financial controls with reference to financial statements has not been audited by us. The internal financial controls with reference to financial statements in so far as it relates to such joint venture company have been audited by other auditor whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its joint venture company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such joint venture company is based solely on the report of the auditor of such company. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditor.

1 Group Overview

The consolidated financial statements comprise financial statements of Aditya Infotech Limited ("the Holding Company" or "the Company"), its subsidiary company (collectively referred as "Group") and joint venture for the year ended 31 March 2023. The Company is a Public limited Group having CIN no. U74899DL1995PLC066784 and was incorporated on 27th March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-1, New Delhi - 110020 and corporate office is situated at A-12, Sector-4, Noida - 201301. The Company is engaged in trading of security and surveillance equipment and components under 'CP Plus' brand. Further, the Holding Company is also engaged in trading of security and surveillance equipment and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Consolidated financial statements

- (a) These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The consolidated financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- Certain financial assets and liabilities that are measured at fair value; and
- Defined benefit plans-plan assets measured at fair value.

The Consolidated financial statements have been prepared and presented in INR, which is the Group's functional currency. All financial information presented in INR has been rounded to the nearest million unless, except when otherwise indicated.

The consolidated financial statements were approved for issue by the Holding Company's Board of Directors on 23 October 2023.

(b) Basis of consolidation**Subsidiary**

Subsidiary is an entity controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiary is included in the consolidated financial statements from the date on which control is acquired until the date on which control ceases to exist.

The Group combines the financial statements of the holding company and its subsidiary line by line, by adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date.

If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

(c) Joint venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining joint control are similar to those necessary to determine control over the subsidiary. The Group's investments in joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually. The consolidated statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture. The aggregate of the Group's share of profit or loss of a joint venture is presented on the face of the consolidated statement of profit and loss.

(d) Foreign currency translation

The consolidated financial statements are presented in Indian Rupee, which is the functional and presentation currency and include the financial position and results in respect of foreign operations, initially measured using the currency of the primary economic environment in which the Group operates (i.e. their functional currency) and translated as follows:

- assets and liabilities are translated at the closing exchange rate at the date of that balance sheet;
- income and expenses are translated at average exchange rates;
- All resulting exchange differences are recognised in other comprehensive income;

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

(e) Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

13

13

3 Significant accounting policies

The significant accounting policies that are used in the preparation of these consolidated financial statements are summarised below. These accounting policies are consistently used throughout the periods presented in the consolidated financial statements.

(a) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle*
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle*
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

*Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

(b) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates and other similar allowances.

(i) Sale of security and surveillance equipment and components

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which Group expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on the terms of contract with customers which generally coincides with dispatch of products to the customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Group has a present right to payment for the asset;
- The Group has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37 Provisions, Contingent liabilities and Contingent assets.

When the consideration is received, before the Group transfers a goods to the customer, the Group shall present the consideration as contract liability.

(ii) Rendering of services including business support and technical training services

(a) Revenue from business support services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance and other claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

(c) Inventory

Inventories are stated at the lower of cost determined on weighted average cost basis and net-realizable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale.

(d) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

18

[Handwritten signature]

The estimates of useful life of Property, Plant and Equipments are as follows:

Particulars	Useful life as per Schedule II of the Act
Building	60 Years
Computers and Peripherals	
- Computers	3 Years
- Servers	6 Years
Office Equipment	5 Years
Furniture, Fixture and Fittings	10 Years
Motorcycles and scooters	10 Years
Motor cars	8 Years
Plant and machinery	15 Years

De-recognition of Property, plant & equipment

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in consolidated profit or loss.

(e) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Amortisation period
Computer Software	6 years
Trademark	10 years

De recognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in consolidated profit or loss when the asset is derecognised.

(f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognized in consolidated statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act:

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in consolidated profit or loss in the period of de-recognition.

(g) Impairment of non-financial assets- property, plant and equipment, intangible assets and investment property

At the end of each reporting period, the Group reviews the carrying amount of property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units.

An impairment loss is recognised in the consolidated statement of profit and loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

(i) Cash and cash equivalents

Cash and cash equivalents for the purposes of consolidated cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

18

18

18

(j) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(k) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as fresh issue, bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(l) Provisions, Contingent liabilities and Contingent assets**(i) Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the consolidated statement of profit and loss.

(ii) Contingent liabilities

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Group.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) Contingent assets

Contingent assets are not recognised in the consolidated financial statements. Contingent assets are disclosed in the consolidated financial statements to the extent it is probable that economic benefits will flow to the Group from such assets.

(m) Leases: Right-of-use asset and Lease liabilities

The Group's lease asset classes primarily consist of leases for land and buildings- warehouse and office premises and vehicles. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), and low value leases. For these short-term, and low value leases, the Group recognises the lease rentals as an operating expense in the consolidated statement of profit and loss account.

(i) Right-of-use assets

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs, and
- restoration costs.

(ii) Lease liabilities

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the consolidated Balance Sheet and lease payments have been classified as financing cash flows. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used.

(iii) Lease term

At the commencement date, the Group determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Group is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) Short term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

148

★

(v) Others

The following is the summary of practical expedients elected on initial application:

- (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of property, plant and office equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(n) Foreign Currencies

The Group's Financial Statements are presented in INR which is also the Group's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(o) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(p) Retirement and other employee benefits

(i) Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Group's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the consolidated statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to consolidated profit or loss in subsequent periods.

Past service costs are recognised in consolidated profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring costs.

The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

(iii) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the consolidated Statement of profit and loss in the year in which such gains or losses are determined.

(iv) Short-term and other long-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(q) Taxes

Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the consolidated statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Group's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

US

AS

Deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Indirect taxes

GST input tax credit on materials purchased/ services availed for production/ input services are taken into account at the time of purchase and availing services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credit so taken is utilised for payment of GST on supply of goods and services. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

(r) Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

A. Initial Recognition and Measurement

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

B. Subsequent Measurement

a) Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Group changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(i) Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in consolidated profit or loss if such gain or loss would have otherwise been recognised in consolidated profit or loss on disposal of that financial asset.

U9

[Handwritten signature]

Financial liabilities**A. Initial Recognition and Measurement**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the consolidated Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(s) Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(t) Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to consolidated statement of profit and loss.

(u) Exceptional items

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

(v) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of information reviewed by the Group's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Group that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Group's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

19

19

(w) Significant estimates and judgements

The preparation of these consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

- Recognition and estimation of tax expense including deferred tax – Note 3(q), Note 11 and Note 40
- Estimated impairment of financial assets and non-financial assets – Note 3(g) and Note 3(r)
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(d), (e), (f) and Note 4, Note 7 and Note 8
- Estimation of assets and obligations relating to employee benefits – Note 3(p) and Note 45
- Valuation of inventories – Note 3(c)
- Recognition and measurement of contingent liabilities – Note 3(l) and Note 46
- Provisions – Note 3(i)
- Leases – Note 3(m) and Note 5
- Fair value measurement – Note 3(t) and Note 42
- Provision for warranty – Note 3(b) and Note 24 and 28
- Expected credit loss – Note 3(r) and Note 16

(x) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

(i) Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies and include corresponding amendments to Ind AS 107 and Ind AS 34. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

(ii) Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

(iii) Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. Also there is corresponding amendment to Ind AS 101. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.

The Group has evaluated the above amendments and the impact thereof is not expected to be material on these consolidated financial statements.

Current	75.86	36.54
Non-current	96.84	38.21
	172.70	74.75

c) Group as a lessee

The Group has leases for the land, office building, warehouse facilities, IT equipment and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. The Group is prohibited from selling or pledging the underlying leased assets as security without prior permission of the lessor. Further, the Group is required to pay maintenance fees in accordance with the lease contracts.

i) The amounts recognized in consolidated statement of profit and loss:-

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Depreciation expense of right-of-use assets	53.88	41.80
Interest expense on lease liabilities	13.40	8.76
Expense relating to short term leases	47.75	29.70
Gain on extinguishment and modification of lease	(2.22)	-
Rent concession	-	(0.91)
Net impact on consolidated statement of profit and loss	112.81	79.35

ii) Amounts recognized in the consolidated cash flow statement

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Payment of lease liabilities- principal and interest	57.34	45.15

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in consolidated statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Group has recognised 47.75 million pertaining to 31 March 2023 and Rs. 29.70 million pertaining to 31 March 2022 in respect of short term leases entered into by the Group.

48

Handwritten signature/initials.

iv) The table below describes the nature of the Group's leasing activities by type of right-of-use asset recognised in consolidated balance sheet:

Right of use asset	31 March 2023		31 March 2022	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	28	2-6 years	26	2-6 years
Warehouse facilities	9	2-3 years	10	2-3 years
Vehicles	12	2-5 years	7	2-5 years
Land	3	50-76 years	3	50-76 years
IT Equipment	2	2-3 years	-	-

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

31 March 2023	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	88.35	83.60	27.47	15.35	214.77

31 March 2022	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	38.41	31.30	7.98	8.13	85.82

vi) Information about extension and termination options

31 March 2023

Office space at Janki Centre, Andheri, Mumbai	27.72	25.25
Total	27.72	25.25

The Group has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Group obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iv) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2023 and 31 March 2022.

(v) Capitalised borrowing costs

There were no borrowing costs capitalised for the years ended 31 March 2023 and 31 March 2022.

b. Rights, preferences and restrictions attached to equity shares

The Holding Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Holding Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors in any financial year is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend. In the event of liquidation of the Holding Company, the holders of equity shares will be entitled to receive remaining assets of the Holding Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. The equity shares shall be transferable subject to the provisions contained in the Articles of Association and in the agreements entered/ to be entered into with the investors/ shareholders from time to time.

c. Details of shareholders holding more than 5% shares in the Holding Company

Name of the equity shareholder	As at 31 March 2023		As at 31 March 2022	
	Number	% shareholding	Number	% shareholding
Hari Shanker Khemka	3,94,385	19.24%	9,80,957	39.24%
Rishi Khemka	3,89,500	19.00%	7,50,000	30.00%
Aditya Khemka	12,22,299	59.62%	7,38,169	29.53%

As per the records of the Holding Company, including its register of shareholders/ members and other declarations received from shareholders/ members regarding beneficial interest, the above share represents both legal and beneficial ownership of shares.

d. No equity shares have been issued pursuant to contract without payment being received in cash or allotted as fully paid up by way of issue of bonus shares in the current reporting year and the last five years immediately preceding the current year.

e. Shareholding of promoters*

As at 31 March 2023

Shares held by promoters at the end of the year			% of Change during the year

Shri Rishi Khemka	7,50,000	30.00%	0.00%
	24,69,126	98.77%	

* Promoter here means promoter as defined in the Companies Act, 2013.

f. Buy back of shares

The Board of directors in its meeting held on 04 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Holding Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 23 February 2023, for fifteen days and settlement of buyback offer date was 24 February 2023. Accordingly, the Holding Company has bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,443/- (Indian Rupees One thousand four hundred forty-three only) per Equity shares. The buyback resulted in a Cash outflow of Rs. 800.62 million (buyback value Rs.649.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above buy back of shares during the current year, the Group has not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

42 Financial instruments

i) Financial assets and liabilities

The carrying amounts of financial instruments by category are as follows:

Particulars	As at 31 March 2023	As at 31 March 2022
	Carrying value	Carrying value
Financial assets measured at fair value through profit or loss		
Investments	5.11	6.93
Financial liabilities measured at fair value through profit or loss		
Derivative contracts	1.54	1.59

Financial assets and liabilities measured at amortised cost

Particulars	As at 31 March 2023	As at 31 March 2022
	Carrying value	Carrying value
Financial assets*		
Investments	-	52.60
Trade receivables	6,149.58	5,249.33
Cash and cash equivalents	1,476.45	1,046.47
Other bank balances	2,238.22	961.57
Other financial assets	811.84	696.08
Total financial assets	10,676.09	8,006.05
Financial liabilities*		
Borrowings	4,095.98	1,899.33
Lease liabilities	172.70	74.75
Trade payables	9,090.02	6,650.41
Other financial liabilities	246.04	190.47
Total financial liabilities	13,604.74	8,814.96

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the consolidated financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2023		As at 31 March 2022	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	5.11	5.11	6.93	6.93
Financial liabilities					
Derivative contracts	Level 2	1.54	1.54	1.59	1.59

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	As at 31 March 2023		As at 31 March 2022	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Investments	-	-	52.60	52.60
Trade receivables	6,149.58	6,149.58	5,249.33	5,249.33
Cash and cash equivalents	1,476.45	1,476.45	1,046.47	1,046.47
Other bank balances	2,238.22	2,238.22	961.57	961.57
Other financial assets	811.84	811.84	696.08	696.08
Total financial assets	10,676.09	10,676.09	8,006.05	8,006.05
Financial liabilities				
Borrowings	4,095.98	4,095.98	1,899.33	1,899.33
Lease liabilities	172.70	172.70	74.75	74.75
Trade payables	9,090.02	9,090.02	6,650.41	6,650.41
Other financial liabilities	246.04	246.04	190.47	190.47
Total financial liabilities	13,604.74	13,604.74	8,814.96	8,814.96

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Financial risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the consolidated financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Group monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management**i) Credit risk rating**

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, investments and other financial assets	12 months expected credit loss or life time expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in consolidated statement of profit and loss.

Credit rating	Particulars	As at 31 March 2023	As at 31 March 2022
Low credit risk	Cash and cash equivalents, trade receivables, investments and other financial assets	10,676.09	8,006.05

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Group deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Group monitors the economic environment in which it operates. The Group manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Group grants credit terms in the normal course of business. The Group has also obtained debtor insurance upto Rs. 500.00 millions (31 March 2022: 40 times of the premium paid) to cover its risks of bad debts. The Group also uses a life time expected credit loss model to assess the impairment loss on such receivables. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Group's historical experience for customers.

Other financial assets

Other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Group is in possession of the underlying asset. Further, the Group creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Group carries on the business of trading of security and surveillance equipments and related activities. Financial assets represents deposits given for business purposes and other receivables arising in normal course of operations.

Notes to consolidated financial statements for the year ended 31 March 2023

(All amounts are in Indian Rupees millions, unless otherwise stated)

b) Credit risk exposure**i) Provision for expected credit losses**

The Group provides for 12 month expected credit losses for following financial assets:

As at 31 March 2023

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,476.45	-	1,476.45
Other bank balances	2,238.22	-	2,238.22
Trade receivables	6,201.71	(52.13)	6,149.58
Other financial assets	811.84	-	811.84

As at 31 March 2022

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,046.47	-	1,046.47
Other bank balances	961.57	-	961.57
Trade receivables	5,315.91	(66.58)	5,249.33
Investments	52.60	-	52.60
Other financial assets	696.08	-	696.08

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables
Loss allowance on 31 March 2021	124.83
Allowance for expected credit loss (net)	(58.25)
Loss allowance on 31 March 2022	66.58
Allowance for expected credit loss (net)	(14.45)
Loss allowance on 31 March 2023	52.13

B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc.

The Group has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2023	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,668.17	427.81	-	4,095.98
Trade payable	9,090.02	-	-	9,090.02
Other financial liabilities	246.04	-	-	246.04
Total	13,004.23	427.81	-	13,432.04

31 March 2022	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	1,407.43	436.72	55.00	1,899.15
Trade payable	6,650.41	-	-	6,650.41
Other financial liabilities	190.47	-	-	190.47
Total	8,248.31	436.72	55.00	8,740.03

The Group had access to following funding facilities :

Funding facilities	Total facility	Drawn	Undrawn
As at 31 March 2023	4,200.00	3,716.60	483.40
As at 31 March 2022	3,830.60	2,713.80	1,116.80

us

X

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Group has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

	As at 31 March 2023		As at 31 March 2022	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on statement of profit and loss	(18.58)	18.58	(7.81)	7.81

b) Assets

The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2023		As at 31 March 2022	
		Amount in foreign currency (millions)	Amount in Rs. millions	Amount in foreign currency (millions)	Amount in Rs. millions
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.11	8.66	0.21	15.75
Total		0.11	8.66	0.21	15.75
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	2.21	182.05	1.74	131.75
Total		2.21	182.05	1.74	131.75

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

Particulars	Currency Symbol	As at 31 March 2023		As at 31 March 2022	
		3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset

Terms and conditions with related parties

(i) All transactions with related parties are made on the terms equivalent to those that prevail in arm's length transactions and within the ordinary course of business. Outstanding balances at respective year ends are unsecured and settlement is generally done in cash.

(ii) The Group has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken at each reporting date.

W

44 Capital management

The Group's capital includes issued share capital and all other distributable reserves. The primary objective of the Group's capital management is to maximise shareholder value and to maintain an optimal capital structure to reduce the cost of capital. The Group have both long and short term borrowings.

Group's gearing ratio is:

Particulars	As at 31 March 2023	As at 31 March 2022
Long term borrowings	427.81	491.90
Short term borrowings (including current maturities of long term borrowings)	3,668.17	1,407.43
Less: Cash and cash equivalents	(1,476.45)	(1,046.47)
Net debt (a)	2,619.53	852.86
Total Equity (b)	3,115.94	2,869.75
Equity and net debt (c = (a) + (b))	5,735.47	3,722.61
Gearing Ratio (d = a/c)	0.46	0.23

45 Employee benefits

The Group has adopted Indian Accounting Standard (Ind AS) - 19 on Employee Benefit as under :

Defined contribution plans

The Company makes contribution towards employee's provident fund and employee's state insurance. The Company has contributed Rs. 28.48 million (31 March 2022: Rs. 23.74 million) during the year ended 31 March 2023 as contribution towards these schemes.

Defined benefit plans**Gratuity (unfunded)**

The Group has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Amounts recognised in the balance sheet:

Particulars	As at 31 March 2023	As at 31 March 2022
Present value of the obligation	74.41	64.59
Fair value of plan assets	60.95	44.27
Net liability/(planned assets)	13.46	20.32

Loss recognised in other comprehensive income:

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Actuarial loss recognised during the year	(1.36)	11.36

Expenses recognised in statement of profit and loss

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Current service cost	9.77	7.34
Interest cost (net)	1.12	0.38
Cost recognised during the year	10.89	7.72

Movement in the liability recognised in the balance sheet is as under:

Particulars	31 March 2023	31 March 2022
Present value of defined benefit obligation at the beginning of the year	64.59	51.21
Current service cost	9.77	7.34
Interest cost	4.56	3.38
Actuarial (gain)/loss net		
Actuarial loss on arising from change in financial assumption	(2.18)	7.89
Actuarial loss on arising from experience adjustment	0.78	3.20
Benefits paid	(3.11)	(8.43)
Present value of defined benefit obligation at the end of the year	74.41	64.59

Particulars	31 March 2023	31 March 2022
Present value of plan value assets at the beginning of the year	44.27	41.95
Interest income	3.44	3.00
Return on plan assets excluding amounts included in	(0.04)	(0.25)
Contributions by Employer	16.39	8.00
Benefits paid	(3.11)	(8.43)
Present value of plan value assets at the end of the year	60.95	44.27

LS

AS

For determination of the liability of the Group the following actuarial assumptions were used:

Particulars	31 March 2023	31 March 2022
Discount rate	7.50%	7.25%
Salary escalation rate	8.00%	8.00%
Retirement age (Years)		
Withdrawal rate		
Less than 30 years	3.00%	3.00%
From 30 to less 44 years	3.00%	3.00%
44 years and above	3.00%	3.00%
Weighted average duration of PBO	12.43	12.47

Maturity profile of defined benefit obligation:

Particulars	31 March 2023	31 March 2022
Weighted Average Duration (Years) as at valuation date	12.43 Years	12.47 Years

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2023	31 March 2022
Within next 1 year	2.61	3.27
Between 1-5 years	14.81	11.35
Over 5 years	31.57	49.97
Total	48.99	64.59

Sensitivity analysis for gratuity liability:

Particulars	31 March 2023	31 March 2022
Present value of obligation at the end of the year	74.41	64.59
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-5.51%	-5.60%
Impact due to decrease of 0.5 %	5.99%	6.11%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	-3.81%	-3.96%
Impact due to decrease of 0.5 %	3.92%	4.02%
b) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	0.31%	0.19%
Impact due to decrease of 10 %	-0.36%	-0.21%

Sensitivities due to mortality is not material. Hence impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

46 Contingent Liabilities and Commitments**A. Contingent liabilities****(i) Inland bank guarantees**

31 March 2023	31 March 2022
49.67	41.04
49.67	41.04

(ii) Income-tax matters

(a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Holding Company premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Holding Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly /duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ('AO'), who vide order dated 30 September 2021 has raised tax demand of Rs.189.59 million (31 March 2022: Rs.189.59 million) and has also initiated penalty proceedings. The Holding Company has contested the said order before the Commissioner of Income Tax (Appeals) wherein the Holding Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has no evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Holding Company. The Holding Company has deposited Rs. 38.00 million (31 March 2022: Rs. 38.00 million), under protest and the appeal in the matter is currently pending disposal. During the current year, the Holding Company has received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million (31 March 2022: Rs. nil) on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021.

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group in the above matter is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

H

(iii) Indirect tax matters

(a) VAT matters

Demands raised under respective VAT Acts

Amounts paid under protest

31 March 2023	31 March 2022
14.76	19.36
2.98	3.27

(b) GST matters*

Demands raised under GST regulations (other than matters under*)

Amounts paid under protest

31 March 2023	31 March 2022
4.53	3.24
0.24	1.20

(c) Customs matters

Demands raised under Customs Act

Amounts paid under protest

31 March 2023	31 March 2022
20.73	-
0.22	-

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

*During the current year, the Holding Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Haryana, Telangana, Maharashtra, Odisha, Chhattisgarh, Gujarat, Madhya Pradesh, Rajasthan, Bihar, West Bengal and Uttarakhand, in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.2,886.53 million for the financial years 2017-2018 to 2021-2022, on account of differences between ITC claimed in Form GSTR-3B vs ITC appearing in GSTR-2A, difference between turnover reported in GSTR-1 and GSTR-3B etc. Subsequently, the GST authorities in the State of Tamil Nadu have also carried out inspection on 05 January 2023 of Holding Company's records for the financial year 2017-18 to 2021-22.

The Holding Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the Holding Company's management believes that the likelihood of any liability devolving on the Holding Company is not probable and hence, no adjustment is considered necessary in these consolidated financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Group, in respect of such matters.

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 11.45 million (31 March 2022: Rs. 5.75 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities in the normal course of business.

47 Dividend

a) The Company's Board of Directors at their meeting held on 18 August 2022 recommended dividend on equity shares @ Rs. 4 per equity share for the financial year 2021-2022 that was approved by the shareholders in their Annual General Meeting held on 18 August 2022. The total outgo as dividend to the shareholders during the year amounted to Rs. 10 million.

b) The Company's Board of Directors at their meeting held on 11 November 2022 accorded approval for payment of interim dividend of Rs. 11.40 per equity share for the year ended 31 March 2023. The total outgo as interim dividend to the shareholders for the year ended 31 March 2023 amounted to Rs.28.50 million.

c) The Company's Board of Directors at their meeting held on 23 October 2023 have proposed final dividend on equity shares @ Rs. 4.88 per equity share for the financial year 2022-23 (total outgo being Rs. 10 million), subject to approval of shareholders in the ensuing Annual General Meeting.

us

49 Segment information

The Group has only one operating segment and is primarily engaged in the business of trading of security and surveillance equipments. Accordingly, the figures appearing in these consolidated financial statements relate to the Group's single operating segment. The Board of Directors consider trading of security and surveillance equipments and related activities as the main business of the Group. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) Information about geographical areas: The Group sale goods and provides services to customers which are domiciled in India as well as outside India. The amount of revenue from external customers broken down by the location of the customers is as follows:

	For the year ended 31 March 2023	For the year ended 31 March 2022
Attributed to the Group's country of domicile, India	22,734.54	16,291.44
Attributed to foreign countries	110.93	170.67
	22,845.47	16,462.11

50. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

51. Assets pledged as security for borrowings

The carrying value of assets pledged as security against borrowings:

Particulars	31 March 2023	31 March 2022
Non-current assets		
Property, plant and equipment	264.28	251.22
Right-of-use assets	204.92	207.93
Investment property	4.08	4.39
Total	473.28	463.54
Current assets		
Inventories	5,110.50	3,026.75
Trade receivables	6,149.58	5,249.33
Total	11,260.08	8,276.08

52. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, that the Holding Company was carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Holding Company was required to undertake construction activity/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022 and the Holding Company had initiated the construction and development activities by awarding of the contracts/ work orders for site cleaning, soil investigation and architectural services. However, the Holding Company could not complete the construction activities by the prescribed date, consequent to which the Noida Authority, relying on the Government of Uttar Pradesh Ordinance dated 7 January 2022, issued a show cause notice dated 19 January 2023 for cancellation of the lease deed. In response to such show cause notice, the Holding Company filed its response on 31 January 2023, requesting for further extension of atleast six months so that necessary steps could be taken. Subsequently, the Noida Authority vide its letter dated 19 May 2023 cancelled the lease deed and allotment of the said land.

In response to the above, the Holding Company had approached the Noida Authority for revocation of cancellation and restoration of the allotment of said land and had also filed a letter dated 5 September 2023, in response to which the Noida Authority vide its letter dated 18 September 2023 has confirmed that the Holding Company's revocation request has been referred to State Government authorities for their approval and matter is under consideration with the Government. Based on its internal assessment and inputs from its legal expert, the management is confident of receiving favourable order from the Government of Uttar Pradesh regarding restoration of the Holding Company's title and rights to the leased land shortly and further, has already mobilised resources for completion of construction and development activities on the said land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in these consolidated financial statements at this stage.

53. Additional regulatory information not disclosed elsewhere in the consolidated financial statements

- (a) The Group does not have any transactions with struck-off companies under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.
- (b) The Group has not undertaken any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income-tax Act, 1961).
- (c) The Group has not been declared a 'Willful Defaulter' by any bank or financial institution (as defined under the Companies Act, 2013) or consortium thereof, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.
- (d) The Group has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.
- (e) The Group does not have any Benami property and no proceedings have been initiated or pending against the Group for holding any Benami property, under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- (f) The Group does not have any charge or satisfaction of charge which is yet to be registered with ROC beyond the statutory period.
- (g) The Group has not traded or invested in Crypto currency or Virtual Currency during the current and previous financial year.
- (h) The Group has not advanced or provided loan to or invested funds in any entity(ies) including foreign entities (Intermediaries) or to any other person(s), with the understanding that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (i) The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (j) The Group has been sanctioned facilities from the banks on the basis of security of current assets. The periodic returns filed by the Group with such banks are in agreement with the books of accounts of the Group.

- ❖ Innovative Security Product of the Year Award 2023 - BW Security World

CHANGE IN THE NATURE OF BUSINESS, IF ANY

During the year under review, there was no change in the nature of the business of the Company.

DIVIDEND

The Board of Directors are pleased to recommend a final dividend of INR 1.76/-approx. (Indian Rupees One and Seventy-Six Paise approximately only) per equity share of INR 1/- (Indian Rupees One only) each aggregating to INR 18,00,00,000/- (Indian Rupees Eighteen Crores only) on equity share capital of the Company for the financial year ended March 31, 2024 out of the profits of the Company.

The payment of dividend is subject to approval of the shareholders at the ensuing 29th Annual General Meeting (AGM) scheduled to be held on August 13, 2024 and shall be subject to deduction of income tax at source as may be applicable under the Law.

TRANSFER TO RESERVES

The Board of Directors does not propose to transfer any amount to general reserve and has decided to retain the entire amount of profit for the financial year ended March 31, 2024 appearing in the Statement of profit and loss.

CAPITAL STRUCTURE

Authorised Share Capital

During the period under review, there was no change in the Authorised Share Capital of the Company.

As on March 31, 2024, the Authorized Share Capital of the Company was INR 5,05,00,000/- (Indian Rupees Five Crores and Five Lakhs only) divided into 50,50,000 (Fifty Lakhs and Fifty Thousand) Equity Shares of INR 10/- (Indian Rupees Ten only) each.

Further as on the date of this report, pursuant to a resolution passed by the shareholders of the Company at an Extra Ordinary General Meeting held on June 17, 2024, the Authorized Share Capital of the Company has been:

- a. increased from INR 5,05,00,000 (Indian Rupees Five Crore and Five Lakhs Only) divided into 50,50,000 (Fifty Lakhs and Fifty Thousand) Equity Shares of INR 10/- (Indian Rupees Ten only) to INR 15,00,00,000 (Indian Rupees Fifteen Crore Only) divided into 1,50,00,000 (One Crore Fifty Lakhs) Equity Shares of INR 10/- (Indian Rupees Ten only); and*
- b. Then sub-divided from INR 15,00,00,000 (Indian Rupees Fifteen Crores only) divided into 1,50,00,000 (One Crores Fifty Lakhs) equity shares of INR 10 (Indian Rupees Ten) each to INR 15,00,00,000 (Indian Rupees Fifteen Crores only) divided into 15,00,00,000 (Fifteen Crores) equity shares of INR 1 (Indian Rupee One).*

Issued, Subscribed & Paid-Up Share Capital

During the Year under review, there was no change in the issued and paid-up share capital of the Company.

As on March 31, 2024, the issued, subscribed and paid-up equity share capital was INR 2,05,00,000/- (Indian Rupees Two Crores and Five Lakhs Only) divided into 20,50,000 (Twenty Lakhs and Fifty Thousand) Equity Shares of INR 10/- (Indian Rupees Ten only) each.

Further as on the date of this report, pursuant to a resolution passed by the shareholders of the Company at an Extra Ordinary General Meeting held on June 17, 2024, the company made a bonus issuance to its existing equity shareholders in the proportion of 4 (Four) new bonus equity shares of INR 1 (One) each for every 1 (One) existing fully paid up equity shares of INR 1 (One) each aggregating to 8,20,00,000 (Eight Crores Twenty Lakhs) equity shares of INR 1 (One).

Post sub-division and issuance of Bonus share, the Company's issued, subscribed and paid-up equity share capital as on date of this report is INR 10,25,00,000/- (Indian Rupees Ten Crores Twenty Five Lakhs only) divided into 10,25,00,000 (Ten Crores Twenty Five Lakhs) Equity Shares of INR 1/- (Indian Rupee One) each.

DEPOSITS

Your Company has neither accepted nor renewed any deposits from public within the meaning of Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014 during the year.

RELATED PARTY TRANSACTIONS

All transactions entered into with related parties as defined under the Companies Act, 2013 during the financial year were on arm's length basis and in the ordinary course of business and hence are within the permissible limits as prescribed under the provisions of Section 188 of the Companies Act, 2013, and Rules made thereunder. Accordingly, the information required under Section 134(3)(h) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014 with respect to particulars of contracts or arrangements with related parties is attached as **Annexure A**.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

The particulars of Investments, Loans and Guarantees covered under the provisions of Section 186 of the Companies Act, 2013 read with the rules made thereunder are disclosed in the Notes to the Standalone Financial Statements of the Company.

During the year under review, Ms. Ambika Sharma and Mr. Manish Sharma were appointed as Independent Directors of the Company to hold their respective office for a period of next five (5) consecutive years with effect from November 1, 2023, and are not eligible to retire by rotation.

Further, post the closure of the year under review, your company appointed Mr. Yogesh Chand Sharma as Chief Financial Officer and Ms. Roshni Tandon as Company Secretary & Compliance Officer of the Company with effect from May 24, 2024.

Cessation

Further, during the year under review, Ms. Ritu Khurana had tendered her resignation from the position of Independent Director with effect to November 1, 2023. Her contribution in the growth and making business strategies of the company was admirable.

All the Independent Directors of the Company have submitted declarations that each of them meets the criteria of independence as provided in section 149(7) read with section 134(3)(d) of the Companies Act, 2013.

In the opinion of the Board, there has been no change in the circumstances which may affect their status as Independent Directors of the Company and the Board is satisfied with the integrity, expertise, and experience (including proficiency in terms of Section 150(1) of the Act and applicable rules thereunder) of all Independent Directors on the Board. Further, in terms of Section 150 read with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended, Independent Directors of the Company have included their names in the data bank of Independent Directors.

Retirement by Rotation:

In accordance with the provisions of Section 152 of the Companies Act, 2013 and in terms of the Articles of Association of the Company, Mr. Rishi Khemka (DIN: 00514590), Director of the Company is liable to retire by rotation at the ensuing Annual General Meeting and being eligible, seeks re-appointment. Your Board of Directors recommend his re-appointment at the ensuing Annual General Meeting.

Meetings of the Board and Committees:

The Board and other statutory Committees meetings were duly convened as in accordance with provisions of the Companies Act, 2013 and rules made thereunder. The Details of all such Meetings held during the Financial Year 2023-24 are mentioned herein below:

Details of Board & Committee Meetings convened during the financial year 2023-24:

Form No.MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2024

To

The Members

Aditya Infotech Limited

CIN: U74899DL1995PLC066784

F-28, Okhla Industrial Area, Phase - 1

New Delhi-110020

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Aditya Infotech Limited** (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on 31st March, 2024, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent of Regulation 76;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **Not Applicable**

G11, 6th Floor, Pragati Tower, Rajendra Place, New Delhi - 110008
awanmahur@gmail.com | +91-8882282141 | +91- 11 41411600

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- vi. Other laws specifically applicable to the company are as under and it has been confirmed & declared by the management that the company has duly complied with the said laws:-
1. The Employees Provident fund and Miscellaneous Provisions Act, 1952 along with labour laws
 2. Employees State Insurance Act, 1948
 3. Maternity Benefit Act, 1961
 4. Payment Gratuity Act, 1972
 5. The Legal Metrology Act read with packaged commodity Rules
 6. The Environmental Act, 1986 and its allied applicable laws
 7. The Custom Act, 1962
 8. E-Waste (Management) Rules, 2016

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India and notified by Ministry of Corporate Affairs.
- ii. SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015: **Not Applicable.**

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes (appointment or otherwise) in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining

further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period no specific events/ actions took place having a major bearing on the Company's affair in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

We further report that:

a) the Company has declared a final dividend on October 28, 2023 in the Annual General Meeting of the Company. However, there was a slight delay from the Company's end in crediting the amount of Dividend declared into the special bank account, nonetheless the dividend was transferred to all the eligible shareholders within the prescribed period of 30 days from the date of declaration and has complied with the provisions of Section 123 of the Companies Act, 2013 in this regard.

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Aditya Infotech Limited ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2024, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Chartered Accountants

Offices in Bengaluru, Chandigarh, Chennai, Dehradun, Gurugram, Hyderabad, Kochi, Kolkata, Mumbai, New Delhi, Noida and Pune

Walker Chandiook & Co LLP is registered with limited liability with identification number AAC-2005 and has its registered office at L-41, Connaught Circus, Outer Circle, New Delhi, 110001, India

Information other than the Standalone Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors are responsible for the other information. The other information comprises the financial information included in the Directors' Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

5. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
9. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to standalone financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

11. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
12. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
13. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;

Walker Chandiok & Co LLP

- d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of section 164(2) of the Act;
- f) The modification relating to maintenance of accounts and other matters connected therewith are as stated in paragraph 13(b) above on reporting under section 143(3)(b) of the Act and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company as on 31 March 2024 and the operating effectiveness of such controls, refer to our separate Report in Annexure B wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 46 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2024;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2024;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2024.
 - iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 56(h) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 56(i) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - v. a. The final dividend paid by the Company during the year ended 31 March 2024 in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend; and

Walker Chandiok & Co LLP

- b. As stated in note 47 to the accompanying standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2024 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2023, has used accounting software for maintaining its books of accounts which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software except that the audit trail feature was not enabled at the database level to log any direct data changes, as described in note 55 to the standalone financial statements. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, where such feature is enabled.

Walker ChandioK & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

- (b) The property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification program adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.

- (c) The title deeds of all the immovable properties including investment properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the standalone financial statements are held in the name of the Company. For title deeds of immovable properties in the nature of:

Type of Property	Property Address	Gross carrying value as at 31 March 2024 (Rs.in million)*
Leasehold Land	Plot no. 12, Block A Sector-4, Noida, Uttar Pradesh	23.44
Freehold Land	F-28, Okhla, New Delhi	50.04
Investment Property - Building	Janki Centre, Andheri West, Mumbai	6.78

*Gross carrying value represents acquisition cost of respective immovable properties

which have been mortgaged as security for loans or borrowings taken by the Company, confirmations with respect to title of the Company have been directly obtained by us from the respective lenders.

- d) The Company has adopted cost model for its Property, Plant and Equipment including right-of-use assets and intangible assets. Accordingly, reporting under clause 3(i)(d) of the Order is not applicable to the Company.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed.
- (b) The Company has a working capital limit in excess of Rs 5 crore sanctioned by banks based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods, which were not subject to audit/ review.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

- (iii) (a) The Company has provided loan to Joint Venture Company during the year as per details given below:

Particulars	(Rs. in million) Loan
Aggregate amount provided during the year:	
- Joint Venture Company	80.00
Balance outstanding as at balance sheet date in respect of above cases:	
- Joint Venture Company	82.52*

*Includes closing balance of interest accrued as at balance sheet date.

- (b) In our opinion, and according to the information and explanations given to us, the terms and conditions of the grant of loan are, prima facie, not prejudicial to the interest of the Company. The Company has not provided any guarantee or given any security or granted any advances in the nature of loans during the year.
- (c) In respect of loan granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the principal amount is not due for repayment currently, however, the receipts of interest are regular.
- (d) There is no overdue amount in respect of loans or advances in the nature of loans granted to such companies, firms, LLPs or other parties.
- (e) The Company has not granted loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loan that existed as at the beginning of the year.
- (f) The Company has not granted any loan which is repayable on demand or without specifying any terms of period of repayment.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans and investments made and guarantees and security provided by it, as applicable.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/ services/ business activities. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii) (a) In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

- (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (Rs. in millions) *	Amount paid under Protest (Rs. in millions)	Period to which the amount relates	Forum where dispute is pending

The Central Goods and Services Tax Act, 2017	Wrong availment of ITC	4.15	0.21	Financial year 2018-19	Commissioner (Appeals) Mumbai

*Represents amounts as per demand orders and includes interest and penalties as per the respective orders, wherever applicable.

- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.
- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the standalone financial statements of the Company, funds raised by the Company on short term basis have not been utilized for long term purposes.
- (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary or joint venture.
- (f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiary or joint venture company.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
- (b) No report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

- (b) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- (xvii) The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Walker Chandio & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Aditya Infotech Limited ('the Company') as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Walker Chandiook & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2024

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate information

Aditya Infotech Limited ("the Company") is a Public limited company having CIN no. U74899DL1995PLC066784 and was incorporated on 27 March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-1, New Delhi - 110020 and corporate office is situated at A-12, Sector-4, Noida - 201301. The Company is engaged in trading of security and surveillance equipment and components under 'CP Plus' brand. Further, the Company is also engaged in trading of security and surveillance equipments and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Standalone financial statements

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, presentation requirements of Division II of Schedule III to the Companies Act, 2013 ("Ind AS compliant schedule") and other relevant provisions of the Act.

The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- Certain financial assets and liabilities that are measured at fair value; and
- Defined benefit plans-plan assets measured at fair value.

The standalone financial statements have been prepared and presented in INR, which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest million unless, except when otherwise indicated.

Assets and liabilities are classified as current and non-current as per Company's normal operating cycle which is based on the nature of business of the Company. Current assets do not include elements which are not expected to be realised within 1 year and current liabilities do not include items which are due after 12 month, the period of 12 months being reckoned from the reporting date.

The standalone financial statements were approved for issue by the Company's Board of Directors on 02 August 2024.

Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3 Material accounting policy information

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates, discounts and other similar allowances.

(i) Sale of security and surveillance equipment and components

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which Company expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on terms of contracts with the customers which generally coincides with delivery of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The Company has a present right to payment for the asset.
- The Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37 Provisions, Contingent liabilities and Contingent assets. When the consideration is received, before the entity transfers a goods to the customer, the entity presents the consideration as contract liability.

(ii) Rendering of services including business support and technical training services

(a) Revenue from business support services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance & Other Claims

Revenue in respect of claims is recognised when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

Assets and liabilities arising from rights of return:

(i) Right of return assets

Right of return asset represents the Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned goods.

(ii) Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

(b) Inventory

Inventories are stated at the lower of cost determined on weighted average cost basis and net-realizable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale.

(c) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

The estimates of useful life of property, plant and equipment are as follows:

Particulars	Useful life as per Schedule II of the Act
Building	60 Years
Computers and Peripherals	
- Computers	3 Years
- Servers	6 Years
Office Equipment	5 Years
Furniture, Fixture and Fittings	10 Years
Motorcycles and scooters	10 Years
Motor cars	8 Years
Plant and machinery	15 Years

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

Handwritten signatures and initials in blue ink.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably. The costs, which can be capitalized include the cost of material, direct labor, overhead costs that are directly attributable to prepare the asset for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Useful life
Computer Software	6 years
Trademark	10 years

De-recognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

(e) Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

(f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act:

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of de-recognition.

(g) Impairment of non-financial assets- property, plant and equipment, intangible assets and investment property

At the end of each reporting period, the entity reviews the carrying amount of property, plant and equipment, intangible assets and investment property to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Handwritten signature and initials.

Handwritten mark.

Handwritten signature.

Handwritten signature.

(i) **Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(j) **Earnings per Share**

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as share split, bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(k) **Provisions, Contingent liabilities and Contingent assets**

(i) **Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

(ii) **Contingent liabilities**

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Company.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) **Contingent assets**

Contingent assets are not recognised in the standalone financial statements. Contingent assets are disclosed in the standalone financial statements to the extent it is probable that economic benefits will flow to the Company from such assets.

(l) **Leases: Right-of-use asset and Lease liabilities**

The Company's lease asset classes primarily consist of leases for land and buildings- warehouse and office premises and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases), and low value leases. For these short-term and low value leases, the Company recognises the lease rentals as an operating expense in the statement of profit and loss account.

(i) **Right-of-use assets**

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

(ii) **Lease liabilities**

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used.

h

(iii) Lease term

At the commencement date, the Company determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Company is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) Short term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

(v) Others

The following is the summary of practical expedients elected on initial application:

(i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

(ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of property, plant and office equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(m) Foreign Currencies

The Company's Financial Statements are presented in INR which is also the Company's functional currency. Foreign currency transaction are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Standalone statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(o) Retirement and other employee benefits

(i) Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the standalone statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

Handwritten signature and initials.

(iii) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Statement of profit and loss in the year in which such gains or losses are determined.

(iv) Short-term and other long-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employees.

(p) Investments in subsidiary and joint venture

Investments representing equity interests in subsidiary and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of these investments, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

(q) Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

(i) Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Company's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

(iii) Indirect taxes

GST input tax credit on materials purchased / services availed are taken into account at the time of purchase and availing of services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credits so taken are utilised for payment of GST on supply of goods and services. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

(r) **Financial instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

A. Initial Recognition and Measurement

All Financial Assets except trade receivables are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at the transaction price.

B. Subsequent Measurement

a) Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(i) Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the entity assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the entity measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the entity uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the entity compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the entity recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

18

18

18

18

Financial liabilities

A. Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the standalone statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(s) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(t) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to statement of profit and loss.

(u) Exceptional items

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

Handwritten signature/initials.

Handwritten signature/initials.

(v) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of information reviewed by the Company's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Company that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Company's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

(w) Significant estimates and judgements

The preparation of these Standalone Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

- Recognition and estimation of tax expense including deferred tax – Note 3(i), Note 11 and Note 40
- Estimated impairment of financial assets and non-financial assets – Note 3(g) and Note 3(t)
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(c), (d), (e) and Note 4, Note 7 and Note 8
- Estimation of assets and obligations relating to employee benefits – Note 3(o) and Note 45
- Valuation of inventories – Note 3(b)
- Recognition and measurement of contingent liabilities – Note 3(k) and Note 46
- Leases – Note 3(l) and Note 5
- Fair value measurement – Note 3(s) and Note 42
- Provision for warranty – Note 3(a) and Note 24 and 28
- Expected credit loss – Note 3(r) and Note 15

(x) Recent accounting pronouncements:

New and Amended Standards Adopted by the Company:

The Company has applied the following amendments for the first time for their annual reporting period commencing 1 April 2023:

(i) Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors - The amendments to Ind AS 8 clarify the distinction between changes in accounting estimates, changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates.

(ii) Ind AS 1 – Presentation of Financial Statements - The amendments to Ind AS 1 provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. This amendment did not have any material impact on the Company's financial statements and disclosures.

(iii) Ind AS 12 – Income Taxes - The amendments to Ind AS 12 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities. The Company previously recognised for deferred tax on leases on a net basis. Pursuant to the aforementioned amendment, the Company has grossed-up the Deferred tax assets (DTA) and Deferred tax liabilities (DTL) recognised in relation to leases w.e.f. 1 April 2022. However, the said gross-up has no impact on the net deferred tax liabilities/expense presented in the financial statements.

(iv) New Standards/Amendments notified but not yet effective: - Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at 31 March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Lease liability	As at 31 March 2024	As at 31 March 2023
Current	129.11	75.86
Non-current	179.13	96.84
	308.24	172.70

c) Company as a lessee

The Company has leases for the land, office building, warehouse facilities and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. The Company is prohibited from selling or pledging the underlying leased assets as security. Further, the Company is required to pay maintenance fees in accordance with the lease contracts.

i) The amounts recognized in statement of profit and loss:-

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Depreciation expense of right-of-use assets	106.54	53.88
Interest expense on lease liabilities	26.06	13.40
Expense relating to short term leases	38.08	46.77
Gain on extinguishment/modification of lease	(1.82)	(2.22)
Net impact on statement of profit and loss	168.86	111.83

ii) Amounts recognized in the cash flow statement

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Payment of lease liabilities- principal and interest	103.42	57.34

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in Statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Company has recognised Rs. 38.08 million pertaining to 31 March 2024 and Rs. 46.77 million pertaining to 31 March 2023 in respect of short term leases entered into by the Company.

WS

H

h

S

iv) The table below describes the nature of the Company's leasing activities by type of right-of-use asset recognised in balance sheet:

Right of use asset	31 March 2024		31 March 2023	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	37	2-6	28	2-6
Warehouse facilities	8	2-3	9	2-3
Vehicles	17	2-4	12	2-5
Land	2	50-76	3	50-76
IT Equipment	2	1-2	2	2-3

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments are as follows:

31 March 2024	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	139.66	86.70	61.70	80.18	368.24

31 March 2023	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	88.35	83.60	27.47	15.35	214.77

vi) Information about extension and termination options

Fair value of office space at Janki Centre, Andheri, Mumbai	30.84	27.72
	30.84	27.72

The Company has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Company obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iii) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2024 and 31 March 2023.

(iv) Capitalised borrowing costs

There were no borrowing costs capitalised for the years ended 31 March 2024 and 31 March 2023.

b. Rights, preferences and restrictions attached to equity shares (also refer note 53)

The Company has only one class of equity shares having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. All shares rank equally with regard to Company's residual assets.

c. Details of shareholders holding more than 5% shares in the Company

Name of the equity shareholder

Hari Shanker Khemka

Rishi Khemka

Aditya Khemka

As at 31 March 2024		As at 31 March 2023

* Promoter here means promoter as defined in the Companies Act, 2013.

f. Buy back of shares

During the previous year, the Board of directors in its meeting held on 04 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 21 February 2023, for fifteen days and settlement of buyback offer date was 21 February 2023. Accordingly, the Company had bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,413/- (Indian Rupees One thousand four hundred forty-three only) per Equity share. The buyback resulted in a Cash outflow of Rs. 600.62 million (buyback value Rs.619.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above, buy back of shares during the previous year, the Company had not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

Borrowings	4,054.52	4,095.99
Lease liabilities	308.24	172.70
Trade payables	6,020.73	9,104.83
Other financial liabilities	1,358.93	245.33
Total financial liabilities	11,742.42	13,618.85

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

Investment in subsidiaries and joint venture are measured at cost as per Ind AS 27, 'Separate financial statements' and hence, not presented here.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are: Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and Level 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2024		As at 31 March 2023	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	6.08	6.08	5.11	5.11
Financial liabilities					
Derivative contracts	Level 2	-	-	1.54	1.54

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 2 inputs:

Particulars	As at 31 March 2024		As at 31 March 2023	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Trade receivables	7,342.70	7,342.70	6,149.58	6,149.58
Cash and cash equivalents	393.12	393.12	1,471.49	1,471.49
Other bank balances	311.69	311.69	2,238.22	2,238.22
Other financial assets	1,860.80	1,860.80	811.60	811.60
Total financial assets	9,908.30	9,908.30	10,670.89	10,670.89
Financial liabilities				
Borrowings	4,054.52	4,054.52	4,095.99	4,095.99
Lease liabilities	308.24	308.24	172.70	172.70
Trade payables	6,020.73	6,020.73	9,104.83	9,104.83
Other financial liabilities	1,358.93	1,358.93	245.33	245.33
Total financial liabilities	11,742.42	11,742.42	13,618.85	13,618.85

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Financial risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, investments, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Company monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management*i) Credit risk rating*

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	Life time expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

Credit rating	Particulars	As at 31 March 2024	As at 31 March 2023
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	9,908.31	10,670.89

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Company deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Company monitors the economic environment in which it operates. The Company manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Company grants credit terms in the normal course of business. The Company has also obtained debtor insurance upto Rs. 500.00 millions (31 March 2023: 40 times of the premium paid) to cover its risks of bad debts. The Company also uses an expected credit loss model to assess the impairment loss on such receivables. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers.

Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Company is in possession of the underlying asset. Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Company carries on the business of trading of security and surveillance equipments. Loans and other financial assets majorly represents loans to related parties and deposits given for business purposes.

b) Credit risk exposure

i) Provision for expected credit losses

The Company provides for 12 month expected credit losses for following financial assets:

As at 31 March 2024

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	393.12	-	393.12
Other bank balances	311.69	-	311.69
Investments	112.27	-	112.27
Trade receivables	7,394.83	(52.13)	7,342.70
Other financial assets	1,860.80	-	1,860.80

As at 31 March 2023

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,471.49	-	1,471.49
Other bank balances	2,238.22	-	2,238.22
Investments	111.30	-	111.30
Trade receivables	6,201.71	(52.13)	6,149.58
Other financial assets	811.60	-	811.60

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables	Investments	Loans
Loss allowance on 31 March 2022	66.58	-	-
Allowance for expected credit loss (net)	(14.47)	-	-
Loss allowance on 31 March 2023	52.13	-	-
Allowance for expected credit loss (net)	-	-	-
Loss allowance on 31 March 2024	52.13	-	-

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc.

The Company has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2024	Less than 1	1 - 5 years	More than 5	Total
Non-derivatives				
Borrowings	3,774.36	280.16	-	4,054.52
Trade payables	6,020.73	-	-	6,020.73
Other financial liabilities	1,358.93	-	-	1,358.93
Total	11,154.02	280.16	-	11,434.18
31 March 2023	Less than 1	1 - 5 years	More than 5	Total
Non-derivatives				
Borrowings	3,668.17	427.81	-	4,095.98
Trade payables	9,104.83	-	-	9,104.83
Other financial liabilities	245.33	-	-	245.33
Total	13,018.33	427.81	-	13,446.14

The Company had access to following funding facilities:

Funding facilities	Total facility	Drawn	Undrawn*
As at 31 March 2024	4,840.00	3,570.34	1,269.66
As at 31 March 2023	4,200.00	3,716.60	483.40

*As at 31 March 2024, the Company had made payment through issuance of cheques drawn on cash credit accounts, to various vendors aggregating to Rs. 927.03 million in the normal course of business (that got cleared subsequent to the year end), against the undrawn facility of Rs. 1,269.66 million available to the Company. Such amounts have been presented as 'Bank overdraft' under note 27.

2

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Company has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

	As at 31 March 2024		As at 31 March 2023	
	0.5% increase	0.5% decrease	0.5% increase	0.5%
Impact on statement of profit and loss	(22.50)	22.50	(18.58)	18.58

b) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2024		As at 31 March 2023	
		Amount in foreign currency	Amount in Rs.	Amount in foreign currency	Amount in Rs.
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.10	8.03	0.11	8.66
Renminbi (Chinese Yuan)	RMB	1.18	11.19	1.18	11.19
Total		1.28	19.22	1.29	19.85
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	0.91	75.92	2.40	197.00
Singapore Dollar	SGD	0.01	0.31	-	-
Total		0.92	76.22	2.40	197.00

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax/equity is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

Particulars	Currency Symbol	As at 31 March 2024		As at 31 March 2023	
		3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset

(d) Terms and conditions with related parties

All transactions with related parties are made on the terms equivalent to those that prevail in arm's length transactions and within the ordinary course of business. Outstanding balances at respective year ends are unsecured and settlement is generally done in cash.

(e) The Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken as at each reporting date.

44 Capital management

The Company's capital includes issued share capital and all other distributable reserves. The primary objective of the Company's capital management is to maximise shareholder value and to maintain an optimal capital structure to reduce the cost of capital. The Company have both long and short term borrowings.

Company's gearing ratio is:

Particulars	As at 31 March 2024	As at 31 March 2023
Long term borrowings	280.16	427.81
Short term borrowings (including current maturities of long term borrowings)	3,774.36	3,668.17
Less: Cash and cash equivalents	(393.12)	(1,471.49)
Net debt (a)*	3,661.40	2,624.49
Total Equity (b)	4,320.36	2,899.32
Equity and net debt (c = (a) + (b))	7,981.77	5,523.81
Gearing Ratio (d = a/c)	0.46	0.48

*Excludes impact of book overdraft (refer note 42B)

45 Employee benefits

The Company has adopted Indian Accounting Standard (Ind AS) - 19 for Employee Benefit as under:

Defined contribution plans

The Company makes contribution towards employee's provident fund and employee's state insurance. The Company has contributed Rs. 38.00 million (31 March 2023: Rs. 28.48 million) during the year ended 31 March 2024 as contribution towards these schemes.

Defined benefit plans**Gratuity**

The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Investment risk	If plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Amounts recognised in the balance sheet:

Particulars	As at 31 March 2024	As at 31 March 2023
Present value of the obligation	104.75	74.41
Fair value of plan assets	75.62	60.95

Benefits paid	(5.01)	(3.11)
Present value of defined benefit obligation at the end of the year	104.75	74.41

Movement in the plan assets recognised in the balance sheet is as under:

Particulars	31 March 2024	31 March 2023
Present value of plan value assets at the beginning of the year	60.94	44.27
Transfer in/(out) plan assets	0.16	-
Interest income	4.91	3.44
Return on plan assets excluding amounts included in interest income	(0.38)	(0.04)
Contributions by Employer	15.00	16.39
Benefits paid	(5.01)	(3.11)
Present value of plan value assets at the end of the year	75.62	60.95

The Company expects to make a contribution of Rs. 16.01 million (31 March 2023: Rs. 2.61 million) to the defined benefit plans during the next financial year.

For determination of the liability of the Company the following actuarial assumptions were used:

Particulars	31 March 2024	31 March 2023
Discount rate	7.20%	7.50%
Salary escalation rate	10.00%	8.00%
Withdrawal rate		
Less than 30 years	11.00%	3.00%
From 30 to less 44 years	11.00%	3.00%
44 years and above	11.00%	3.00%
Weighted average duration of PBO	7.41	12.43

Maturity profile of defined benefit obligation:

Particulars	31 March 2024	31 March 2023
Weighted Average Duration (Years) as at valuation date	7.41 Years	12.43 Years

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2024	31 March 2023
Within next 1 year	9.97	2.61
Between 1-5 years	35.56	14.81
Over 5 years	59.23	31.57
Total	104.76	48.99

Sensitivity analysis for gratuity liability:

Particulars	31 March 2024	31 March 2023
Present value of obligation at the end of the year	104.75	74.41
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-3.38%	-5.51%
Impact due to decrease of 0.5 %	3.60%	5.99%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	2.36%	-3.81%
Impact due to decrease of 0.5 %	-2.41%	3.92%
c) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	-0.41%	0.31%
Impact due to decrease of 10 %	0.36%	-0.36%

Sensitivities due to mortality is not material. Hence, impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

46 Contingent Liabilities and Commitments

A. Contingent liabilities

(i) Inland Bank Guarantees

31 March 2024	31 March 2023
50.17	49.67
50.17	49.67

(ii) Income-tax matters

(a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Company's premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly / duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ('AO'), who vide order dated 30 September 2021 has raised tax demand of Rs.189.59 million (31 March 2023: Rs.189.59 million) and has also initiated penalty proceedings. The Company has contested the said order before the Commissioner of Income Tax (Appeals) wherein the Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has an evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Company. The Company had deposited Rs. 38.00 million, under protest and the appeal in the matter is currently pending disposal. During the previous year 2022-23, the Company received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021. Further, during the financial year 2023-24, rejoinder to remand report has been filed on 16 June 2023, however, the final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed.

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matter is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

(iii) Indirect tax matters

(a) VAT matters

Demands raised under respective VAT Acts

Amounts paid under protest

31 March 2024	31 March 2023
13.19	14.76
1.02	2.98

(b) GST matters*

Demands raised under GST regulations

Amounts paid under protest

31 March 2024	31 March 2023
4.95	4.53
0.49	0.24

(c) Customs matters

Demands raised under Customs Act

Amounts paid under protest

31 March 2024	31 March 2023
26.89	20.73
1.65	0.22

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matters is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

*The Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Telangana, West Bengal, Karnataka, Punjab, Rajasthan and Kerala, in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.31.47 million for the financial years 2017-2018 to 2021-2022, on account of differences between ITC claimed in Form GSTR-3B vs ITC appearing in GSTR 2A, difference between turnover reported in GSTR-1 and GSTR-3B etc.

The Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the Company's management believes that the likelihood of any liability devolving on the Company is not probable and hence, no adjustment is considered necessary in these standalone financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Company, in respect of such matters.

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 613.90 million (31 March 2023: Rs. 11.45 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities, during the normal course of business.

C. E- waste (Management)

Ministry of Environment, Forest and Climate Change has issued E-Waste (Management) Rules, 2022, as amended ("E-waste Rules"), which requires the producers to obtain and implement extended producer responsibility targets as per Schedule III and Schedule IV of the said Rules. Basis management's internal assessment of E-waste rules, management believes that the Company has an obligation to fulfil the Extended Producer Responsibility targets, only if it is a participant in the market during a financial year. The obligation for the financial year are measured based on sales made in the preceding years.

During the current year, as per the directions given by Central Pollution Control Board (CPCB), the Company has fulfilled its obligation for the current financial year. Basis management assessment and in accordance with Appendix B of Ind AS 37, "Provisions, Contingent Liabilities and Contingent Assets", the Company will have an e waste obligation for future years, only if it participates in the market in such years.

47 Dividend

a) The Company's Board of Directors at their meeting held on 23 October 2023 recommended dividend on equity shares @ Rs. 4.88 per equity share for the financial year 2022-23 that was approved by the shareholders in their Annual General Meeting held on 28 October 2023. The total outgo as dividend to the shareholders during the year amounted to Rs. 10 million.

b) The Company's Board of Directors at their meeting held on 02 August 2024 have proposed final dividend on equity shares @ Rs. 1.76 per equity share for the financial year 2023-24 (total outgo being Rs. 180 million), subject to approval of shareholders in the ensuing Annual General Meeting.

48 Details of subsidiary companies and joint ventures with ownership and place of business

Particulars	As at 31 March 2024		As at 31 March 2023		Method of accounting
	Ownership %	Place of business	Ownership %	Place of business

49 Corporate Social Responsibility

	For the year ended March 31, 2024	For the year ended March 31, 2023
Amount required to be spent by the Company during the year	19.44	10.73
Amount of expenditure incurred	19.65	10.74
Shortfall at the end of the year	-	-
Total of previous years shortfall	-	-
Reason for shortfall	-	-
Details of related party transactions	Refer Note 43	Refer Note 43

Nature of CSR activities includes donation to education institutions, hospitals etc. through a related party. Such activities are covered under eligible CSR activities under Schedule VII of the Companies Act, 2013.

50 Segment reporting

The Company has only one operating segment and is primarily engaged in the business of trading of security and surveillance equipments. Accordingly, the figures appearing in these standalone financial statements relate to the Company's single operating segment. The Board of Directors of the Company consider trading of security and surveillance equipments and related activities as the main business of the entity. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) **Information about geographical areas:** The Company sells goods and provides services to customers which are domiciled in India as well as outside India. All the non-current assets of the Company are located in India. The amount of revenue from external customers broken down by the location of the customers is as follows:

	For the year ended March 2024	For the year ended 31 March 2023
Attributed to the Company's country of domicile, India	27,737.20	22,734.54
Attributed to foreign countries	87.06	110.93
	27,824.26	22,845.47

51 Other disclosures

51.1 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

51.2 Details of assets pledged

The carrying values of assets pledged as security against borrowings are as under:

Particulars	31 March 2024	31 March 2023
Non-current assets		
Property, plant and equipment	214.82	264.28
Right of use assets	18.47	201.92
Investment property	3.79	4.08
Total	237.08	470.28
Current assets		
Inventories	5,092.05	5,110.50
Trade receivables	7,342.70	6,149.58
Total	12,434.74	11,260.08

51.3 Research and development costs incurred during the year ended 31 March 2024 that have been capitalised, aggregates to Rs. 89.75 million (31 March 2023: Rs. 21.87 million). Research and development costs that were not eligible for capitalisation and have been expensed off during the year ended 31 March 2024, aggregates to Rs. 63.24 million (31 March 2023: Rs. 56.08 million).

52. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, in Company's favour, that the Company has been carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Company was required to undertake construction/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022 and the Company had initiated the construction and development activities by awarding of the contracts/ work orders for site clearing, soil investigation and architectural services. However, the Company could not complete the construction activities by the prescribed date, consequent to which the Noida Authority, relying on the Government of Uttar Pradesh Ordinance dated 7 January 2023 ('Ordinance'), issued a show cause notice dated 19 January 2023 for cancellation of the lease deed and subsequently, vide its letter dated 19 May 2023 cancelled the lease deed and allotment of the said land.

The Company approached the Noida Authority for revocation of cancellation and restoration of the allotment of said land and had also filed a letter dated 5 September 2023. On 20 December 2023, vide amendment to the Ordinance dated 7 January 2023, the State Government extended the time period for development of leased lands till 31 December 2024 for all allottees. Further, on 11 March 2024, the State Government vide its order number 1631/17-4-24/125/Ampl/23, set aside the Noida Authority's order dated 19 May 2023 and restored the allotment of said land in Company's favour, subject to payment of extension charges, that the Company discharged on 24 May 2024. Subsequently, the Company recommenced the construction and development activities at the project site that are currently progressing at full pace. The management, taking into consideration the current progress of work, is confident of completing the construction/ development activities on the said land within the prescribed timelines and accordingly, believes that no adjustment is necessary in these standalone financial statements at this stage.

53. Events after the reporting period

(i) On 8 July 2024, the Company entered into Share Subscription and Purchase Agreement ("SSPA") with Dixon Technologies India Limited ("Dixon") and All Dixon Technologies Private Limited ("All Dixon") for acquiring 95,00,000 fully paid up equity shares of Rs. 10 each representing balance 50% equity share capital of All Dixon- the joint venture company, for consideration other than cash through and in exchange of issuance of additional 7,905,805 equity shares of Rs. 1 each representing 6.50% equity share capital on a fully diluted basis, of the Company. Such acquisition is subject to fulfilment of certain condition precedents including receipt of regulatory approvals. Post fulfilment of all formalities and acquisition of control, All Dixon shall become wholly owned subsidiary of the Company.

(ii) Subsequent to the year end, the Board of Directors of the Company at its meeting held on 12 June 2024 approved the following:

- Increase in the authorised share capital from existing 5,050,000 equity shares to 15,000,000 equity shares of Rs. 10 each, which was subsequently approved by the shareholders through ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Sub division of the existing authorised share capital of the Company from 15,000,000 equity shares of Rs. 10 each into 150,000,000 equity shares of Rs. 1 each and existing paid-up capital from 2,050,000 equity shares of Rs. 10 each to 20,500,000 equity shares of Rs. 1 each, which was approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Post sub division of the existing authorised and issued share capital as above, the Board had approved the bonus issue of four new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024. Consequently, the Company allotted 82,000,000 equity shares of Rs. 1 each by way of bonus issue to its shareholders in the ratio of 4:1 on 17 June 2024.

ADITYA INFOTECH LIMITED

CIN: U74899DL1995PLC066784

Notes to the standalone financial statements for the year ended 31 March 2024

(All amounts are in Indian Rupees millions, unless otherwise stated)

54 Financial ratios

Ratio	Numerator	Denominator	As at 31 March 2024	As at 31 March 2023	% Change (31 March 2024)	Reason for variance of more than 25% (31 March 2024)
			Ratio	Ratio		
Current ratio	Current assets	Current liabilities	1.31	1.18	12%	-
Debt equity ratio	Total debt [Non-current borrowings + Current borrowings]	Total equity	0.94	1.41	-34%	Refer note A below
Debt service coverage ratio	Earnings before depreciation and amortisation and interest [Profit/loss after tax + Depreciation and amortisation expense + Finance costs (excluding interest on lease liabilities)]	Interest expense (including capitalised) + Principal repayment (including prepayments)	7.02	7.72	-9%	-
Return on equity ratio	Profit after tax-preference dividend	Average shareholder's equity	0.40	0.36	10%	-
Inventory turnover ratio	Costs of goods sold	Average inventories	4.45	4.67	-5%	-
Trade receivables turnover ratio	Revenue from operations (net)	Average trade receivables	4.12	4.01	3%	-
Trade payables turnover ratio	Purchases (net)	Average trade payables	3.00	2.67	12%	-
Net capital turnover ratio	Revenue from operations	Working capital [Current assets - Current liabilities]	7.60	9.58	21%	-
Net profit ratio	Profit after tax	Revenue from operations (net)	0.05	0.04	16%	-
Return on capital employed	Earnings before interest and tax = Profit/loss before tax + Depreciation and amortisation expense + Finance costs	Capital employed [Total assets - Current liabilities + current borrowings]	0.27	0.24	12%	-
Return on investment	Interest (Finance Income)	Investment (Bank deposits and loans given)	0.07	0.02	239%	Refer note B below

Notes- reasons for variances:

A. Variance in ratios is attributable to decrease in overall borrowings and increase in equity due to profits during the year.

B. Variance in ratio is attributable to increase in interest income during the year.

Notes to the standalone financial statements for the year ended 31 March 2024

(All amounts are in Indian Rupees millions, unless otherwise stated)

- 55 The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of accounts, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.
- The Company has used an accounting software for maintaining books of accounts which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software except that, the audit trail feature is not enabled at the database level to log any direct data changes, used for maintaining accounting records. Further, there was no instance of audit trail feature being tampered with, as noted by the management.
- 56 **Additional regulatory information not disclosed elsewhere in the financial statements**
- (a) The Company does not have any transactions with struck off companies under section 248 of the Companies Act, 2013 or section 560 of the Companies Act 1956.
- (b) The Company has not undertaken any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
- (c) The Company has not been declared a 'Willful Defaulter' by any bank or financial institution (as defined under the Companies Act, 2013) or consortium thereof, in accordance with the guidelines on willful defaulters issued by the Reserve Bank of India.
- (d) The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.
- (e) The Company does not have any Benami property and no proceedings have been initiated or pending against the Company for holding any Benami property, under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- (f) The Company does not have any charge or satisfaction of charge which is yet to be registered with ROC beyond the statutory period.
- (g) The Company has not traded or invested in Cryptocurrency or Virtual Currency during the current and previous financial year.
- (h) The Company has not advanced or provided loan to or invested funds in any entity(ies) including foreign entities (Intermediaries) or to any other person(s), with the understanding that the Intermediary shall:
- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
- (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (i) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:
- (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (j) The Company has been sanctioned facilities from banks on the basis of security of current assets. The periodic returns filed by the Company with such banks are in agreement with the books of accounts of the Company.
- 57 Certain previous year amounts have been reclassified for consistency with the current year presentation. Such reclassification did not have any impact on the current year Standalone financial statements.
- 58 The figures have been rounded off to the nearest million of rupees upto two decimal places. The figure 0.00 wherever stated represents value less than Rs.50,000.

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as 'the Group') and its joint venture, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiary and joint venture, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its joint venture, as at 31 March 2024, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their report referred to in paragraph 12 and 13 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Walker Chandio & Co LLP

Emphasis of Matter

4. We draw attention to note 52 of the consolidated financial statements which describes Group's share of loss of ₹ 294.50 million in respect of loss incurred due to fire by its joint venture, AIL Dixon Technologies Private Limited, as per the principles of Ind AS 28, basis assessment of related insurance and other claim receivables by the Group management. Our opinion is not modified in respect of this matter.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

5. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

6. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its joint venture in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group and its joint venture company covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.
7. In preparing the consolidated financial statements, the Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of the Group and of its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
10. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities or business activities within the Group and its joint venture, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matters

12. We did not audit the financial statements of the subsidiary incorporated outside India, whose financial statements reflect total assets of ₹ 20.37 million and net assets of ₹ 18.13 million as at 31 March 2024, total revenues of ₹ 20.14 million and net cash outflows amounting to ₹ 2.78 million for the year ended on that date, as considered in the consolidated financial statements.

Further, the subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in its country and which have been audited by other auditors under generally accepted auditing standards applicable in its country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

13. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 42.73 million for the year ended 31 March 2024 before further adjustments as explained in note 52, in respect of the joint venture, whose financial statements has not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such joint venture, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiary and joint venture, are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

14. As required by section 197(16) of the Act based on our audit, we report that the Holding Company incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to the subsidiary company located outside India and joint venture company incorporated in India whose financial statements have been audited under the Act, since none of such companies is a public company as defined under section 2(71) of the Act.
15. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 13 above, of companies included in the consolidated financial statements and covered under the Act, we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
16. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the joint venture incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;

Walker Chandio & Co LLP

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in paragraph 16(h)(v) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- e) On the basis of the written representations received from the directors of the Holding Company, and taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditor of its joint venture company, covered under the Act, none of the directors of the Holding Company and its joint venture company, are disqualified as on 31 March 2024 from being appointed as a director in terms of section 164(2) of the Act.
- f) The modification relating to maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are as stated in paragraph 16(b) above and paragraph 16(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its joint venture company covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A' wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statement and other financial information of the joint venture incorporated in India whose financial statements have been audited under the Act:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its joint venture as detailed in Note 46 to the consolidated financial statements;
 - ii. The Holding Company and its joint venture company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2024;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its joint venture company covered under the Act, during the year ended 31 March 2024;
 - iv. a. The respective managements of the Holding Company and its joint venture company incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such joint venture that, to the best of their knowledge and belief, as disclosed in note 54(h) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its joint venture company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or its joint venture company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

Walker Chandiok & Co LLP

- b. The respective managements of the Holding Company and its joint venture company have represented to us and the other auditor of such joint venture that, to the best of their knowledge and belief, as disclosed in the note 54(i) to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its joint venture company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or its joint venture company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us and that performed by the auditor of the joint venture, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditor notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- d. (i) The final dividend paid by the Holding Company during the year ended 31 March 2024 in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend;
- (ii) As stated in note 47 to the accompanying consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year ended 31 March 2024 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- v. Based on our examination which included test checks, performed by us on the Holding Company and by the respective auditors of the joint venture of the Holding Company which are companies incorporated in India and audited under the Act, the Holding Company and its joint venture, in respect of financial year commencing on 1 April 2023, have used accounting software for maintaining its books of accounts which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software except that, the audit trail feature was not enabled at the database level to log any direct data changes by the Holding Company, as described in note 56 to the consolidated financial statements. Further, during the course of our audit, we and respective auditors of the joint venture did not come across any instance of audit trail feature being tampered with, where such feature are enabled.

Annexure 1

List of entities included in consolidated financial statements for the year ended 31 March 2024

1. Aditya Infotech Limited, Holding Company, India

Wholly owned subsidiary

2. Shenzhen CP Plus International Limited, Shenzhen, China

Joint venture

3. AIL Dixon Technologies Private Limited, India

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2024

Independent Auditor's Report on the internal financial controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiary (the Holding Company and its subsidiary together referred to as 'the Group') and its joint venture as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to financial statements of the Holding Company and its joint venture, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its joint venture, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Group's business, including adherence to the Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its joint venture company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2024

5. We believe that the audit evidence we have obtained and the audit evidence obtained by other auditor in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its joint venture company as aforesaid.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the report of the other auditor on internal controls with reference to financial statements of its joint venture company, the Holding Company and its joint venture company, which are companies covered under the Act, have, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Walker Chandiok & Co LLP

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2024

Other Matter

9. The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of ₹ 42.73 million for the year ended 31 March 2024 before further adjustments as explained in note 52, in respect of the joint venture, which is a company covered under the Act, whose internal financial controls with reference to financial statements has not been audited by us. The internal financial controls with reference to financial statements in so far as it relates to such joint venture company have been audited by other auditor whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its joint venture company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such joint venture company is based solely on the report of the auditor of such company. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditor.

1 Group Overview

The consolidated financial statements comprise financial statements of Aditya Infotech Limited ("the Holding Company" or "the Company"), its subsidiary company (collectively referred as "Group") and joint venture for the year ended 31 March 2024. The Company is a Public limited Group having CIN no. U74899DL1995PLC066784 and was incorporated on 27th March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-I, New Delhi - 110020 and corporate office is situated at A-12, Sector-4, Noida - 201301. The Company is engaged in trading of security and surveillance equipment and components under 'CP Plus' brand. Further, the Holding Company is also engaged in trading of security and surveillance equipment and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Consolidated financial statements

- (a) These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The consolidated financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- a) Certain financial assets and liabilities that are measured at fair value; and
- b) Defined benefit plans-plan assets measured at fair value.

The consolidated financial statements have been prepared and presented in INR, which is the Group's functional currency. All financial information presented in INR has been rounded to the nearest million unless, except when otherwise indicated.

Assets and liabilities are classified as current and non-current as per Holding Company's normal operating cycle which is based on the nature of business of the Holding Company. Current assets do not include elements which are not expected to be realised within 1 year and current liabilities do not include items which are due after 12 month, the period of 12 months being reckoned from the reporting date.

The consolidated financial statements were approved for issue by the Company's Board of Directors on 02 August 2024.

Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

(b) Basis of consolidation

Subsidiary

Subsidiary is a entity controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiary is included in the consolidated financial statements from the date on which control is acquired until the date on which control ceases to exist.

The Group combines the financial statements of the holding company and its subsidiary line by line, by adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date.

If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

(c) Joint venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining joint control are similar to those necessary to determine control over the subsidiary. The Group's investments in joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually. The consolidated statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture. The aggregate of the Group's share of profit or loss of a joint venture is presented on the face of the consolidated statement of profit and loss.

(d) Foreign currency translation

The consolidated financial statements are presented in Indian Rupee, which is the functional and presentation currency and include the financial position and results in respect of foreign operations, initially measured using the currency of the primary economic environment in which the Group operates (i.e. their functional currency) and translated as follows:

- assets and liabilities are translated at the closing exchange rate at the date of that balance sheet;
 - income and expenses are translated at average exchange rates;
 - All resulting exchange differences are recognised in other comprehensive income;
- Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

8

N

3 Material accounting policy information

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates and other similar allowances.

(i) Sale of security and surveillance equipment and components

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which Group expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on the terms of contract with customers which generally coincides with dispatch of products to the customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Group has a present right to payment for the asset;
- The Group has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37 Provisions, Contingent liabilities and Contingent assets.

When the consideration is received, before the Group transfers goods to the customer, the Group presents the consideration as contract liability.

(ii) Rendering of services including business support and technical training services

(a) Revenue from business support services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance and other claims

Revenue in respect of claims is recognised when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

Assets and liabilities arising from rights of return:

(i) Right of return assets

Right of return asset represents the Holding Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Holding Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned goods.

(ii) Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Holding Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

(b) Inventory

Inventories are stated at the lower of cost determined on weighted average cost basis and net-realizable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale.

(c) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

us

SH

h

8

The estimates of useful life of Property, Plant and Equipments are as follows:

Particulars	Useful life as per Schedule II of the Act
Building	60 Years
Computers and Peripherals	
- Computers	3 Years
- Servers	6 Years
Office Equipment	5 Years
Furniture, Fixture and Fittings	10 Years
Motorcycles and scooters	10 Years
Motor cars	8 Years
Plant and machinery	15 Years

De-recognition of Property, plant & equipment

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in consolidated profit or loss.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete and use or sell the product and the costs can be measured reliably. The costs, which can be capitalized include the cost of material, direct labor, overhead costs that are directly attributable to prepare the asset for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Amortisation period
Computer Software	6 years
Trademark	10 years

De recognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in consolidated profit or loss when the asset is derecognised.

(e) Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

(f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognized in consolidated statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act.

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in consolidated profit or loss in the period of de-recognition.

(g) Impairment of non-financial assets: property, plant and equipment, intangible assets and investment property

At the end of each reporting period, the Group reviews the carrying amount of property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units.

An impairment loss is recognised in the consolidated statement of profit and loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) **Cash and cash equivalents**

Cash and cash equivalents for the purposes of consolidated cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(i) **Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(j) **Earnings per Share**

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as share split, fresh issue, bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(k) **Provisions, Contingent liabilities and Contingent assets**

(i) **Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the consolidated statement of profit and loss.

(ii) **Contingent liabilities**

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Group.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) **Contingent assets**

Contingent assets are not recognised in the consolidated financial statements. Contingent assets are disclosed in the consolidated financial statements to the extent it is probable that economic benefits will flow to the Group from such assets.

(l) **Leases: Right-of-use asset and Lease liabilities**

The Group's lease asset classes primarily consist of leases for land and buildings- warehouse and office premises and vehicles. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right of use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), and low value leases. For these short-term, and low value leases, the Group recognises the lease rentals as an operating expense in the consolidated statement of profit and loss account.

(i) **Right-of-use assets**

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

(ii) **Lease liabilities**

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the consolidated Balance Sheet and lease payments have been classified as financing cash flows. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used.

(iii) **Lease term**

At the commencement date, the Group determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Group is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) **Short term leases and leases of low-value assets**

The Group applies the short-term lease recognition exemption to its short term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low value assets exemption to leases that are considered to be low value. Lease payments on short term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

Handwritten signatures and initials in blue ink, including 'us', 'H', and a large 'X'.

(v) Others

The following is the summary of practical expedients elected on initial application:

- (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of property, plant and office equipment and all leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(m) Foreign Currencies

The Group's Financial Statements are presented in INR which is also the Group's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(o) Retirement and other employee benefits

(i) Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Group's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the consolidated statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to consolidated profit or loss in subsequent periods.

Past service costs are recognised in consolidated profit or loss on the earlier of:

- The date of the plan amendment or curtailment; and
- The date that the Group recognises related restructuring costs.

The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

(iii) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the consolidated Statement of profit and loss in the year in which such gains or losses are determined.

(iv) Short-term and other long-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(p) Taxes

Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the consolidated statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Group's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

CS

A

N

X

Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Indirect taxes

GST input tax credit on materials purchased/ services availed for production/ input services are taken into account at the time of purchase and availing services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credit so taken is utilised for payment of GST on supply of goods and services. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

(q) Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

A. Initial Recognition and Measurement

All Financial Assets except trade receivables are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at the transaction price.

B. Subsequent Measurement

a) Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Group changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

(i) Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in consolidated profit or loss if such gain or loss would have otherwise been recognised in consolidated profit or loss on disposal of that financial asset.

Handwritten signatures and initials in blue ink.

Financial liabilities**A. Initial Recognition and Measurement**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the consolidated Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(r) Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(s) Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to consolidated statement of profit and loss.

(t) Exceptional items

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

(u) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of information reviewed by the Group's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Group that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Group's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

Handwritten initials 'H' and 'S' in blue ink.

Handwritten signature in blue ink.

Handwritten letter 'h' in blue ink.

(v) Significant estimates and judgements

The preparation of these consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

- Recognition and estimation of tax expense including deferred tax – Note 3(p), Note 11 and Note 40
- Estimated impairment of financial assets and non-financial assets – Note 3(g) and Note 3(q)
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(c), (d), (f) and Note 4, Note 7 and Note 8A
- Estimation of assets and obligations relating to employee benefits – Note 3(o) and Note 45
- Valuation of inventories – Note 3(b)
- Recognition and measurement of contingent liabilities – Note 3(k) and Note 46
- Leases – Note 3(f) and Note 5
- Fair value measurement – Note 3(r) and Note 42
- Provision for warranty – Note 3(n) and Note 24 and 28
- Expected credit loss – Note 3(q) and Note 15

(w) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

(i) Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors – The amendments to Ind AS 8 clarify the distinction between changes in accounting estimates, changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates.

(ii) Ind AS 1 – Presentation of Financial Statements – The amendments to Ind AS 1 provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. This amendment did not have any material impact on the Group's consolidated financial statements and disclosures.

(iii) Ind AS 12 – Income Taxes – The amendments to Ind AS 12 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities.

The Group previously recognised for deferred tax on leases on a net basis. Pursuant to the aforementioned amendment, the Group has grossed-up the Deferred tax assets (DTA) and Deferred tax liabilities (DTL) recognised in relation to leases w.e.f. 1 April 2022. However, the said gross-up has no impact on the net deferred tax liabilities/expense presented in the consolidated financial statements.

(iv) New Standards/Amendments notified but not yet effective: Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at 31 March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

Lease liability	As at 31 March 2024	As at 31 March 2023
Current	129.11	75.86
Non-current	179.13	96.84
	308.24	172.70

c) Group as a lessee

The Group has leases for the land, office building, warehouse facilities, IT equipment and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right of use asset and a lease liability. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right-of-use asset can only be used by the Group. The Group is prohibited from selling or pledging the underlying leased assets as security without prior permission of the lessor. Further, the Group is required to pay maintenance fees in accordance with the lease contracts.

d) The amounts recognized in consolidated statement of profit and loss:-

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Depreciation expense of right of use assets	106.51	53.88
Interest expense on lease liabilities	26.06	13.40
Expense relating to short term leases	38.08	47.73
Gain on extinguishment/modification of lease	(1.82)	(2.22)
Net impact on consolidated statement of profit and loss	168.86	112.81

ii) Amounts recognized in the consolidated cash flow statement

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Payment of lease liabilities - principal and interest	103.42	57.34

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in consolidated statement of profit and loss. Short term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Group has recognized Rs. 38.08 million pertaining to 31 March 2024 and Rs. 46.77 million pertaining to 31 March 2023 in respect of short term leases entered into by the Group.

Handwritten signature/initials.

Handwritten signature/initials.

Handwritten signature/initials.

Handwritten signature/initials.

iv) The table below describes the nature of the Group's leasing activities by type of right-of-use asset recognised in consolidated balance sheet:

Right of use asset	31 March 2024		31 March 2023	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	37	2-6	28	2-6 years
Warehouse facilities	8	2-3	9	2-3 years
Vehicles	17	2-4	12	2-5 years
Land	2	50-76	3	50-76 years
IT Equipment	2	1-3	2	2-5 years

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

31 March 2024	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	139.66	86.70	61.70	80.18	368.24

31 March 2023	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	88.35	63.60	27.47	15.35	214.77

vi) Information about extension and termination options

31 March 2024						
Right of use assets	Number of leases	Range of remaining term (in years)	Average remaining lease term (in years)	Number of leases with extension option	Number of leases with purchase option	Number of leases with termination option
Office building	37	2-6	4.00	-	-	37
Warehouse facilities	8	2-3	2.50	-	-	8
Vehicles	17	2-4	3.00	-	-	17
Land	2	50-76	63.00	-	-	2
IT Equipment	2	1-2	1.50	-	-	2

31 March 2023						
Right of use assets	Number of leases	Range of remaining term (in years)	Average remaining lease term (in years)	Number of leases with extension option	Number of leases with purchase option	Number of leases with termination option
Office building	28	2-6	4.00	-	-	28
Warehouse facilities	9	2-3	2.50	-	-	9
Vehicles	12	2-5	3.50	-	-	12
Land	3	50-76	63.00	-	-	3
IT Equipment	2	2-3	2.50	-	-	2

Office space at Janki Centre, Andheri, Mumbai	30.84	27.72
Total	30.84	27.72

The Group has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Group obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iii) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2024 and 31 March 2023.

b. Rights, preferences and restrictions attached to equity shares (also refer note 53)

The Holding Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Holding Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors in any financial year is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend. In the event of liquidation of the Holding Company, the holders of equity shares will be entitled to receive remaining assets of the Holding Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. The equity shares shall be transferable subject to the provisions contained in the Articles of Association and in the agreements entered into with the investors/shareholders from time to time.

* Promoter here means promoter as defined in the Companies Act, 2013.

f. Buy back of shares

During the previous year, the Board of Directors in its meeting held on 01 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Holding Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 23 February 2023, for fifteen days and settlement of buyback offer date was 24 February 2023. Accordingly, the Holding Company had bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,443/- (Indian Rupees One thousand four hundred forty three only) per Equity share. The buyback resulted in a Cash outflow of Rs. 800.62 million (buyback value Rs.649.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above buy back of shares during the previous year, the Group has not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

	Carrying value	Carrying value
Financial assets*		
Trade receivables	7,342.70	6,149.58
Cash and cash equivalents	394.67	1,476.45
Other bank balances	311.69	2,238.22
Other financial assets	1,861.07	811.84
Total financial assets	9,910.13	10,676.09
Financial liabilities*		
Borrowings	4,054.52	4,095.98
Lease liabilities	308.24	172.70
Trade payables	6,002.30	9,090.02
Other financial liabilities	1,359.96	246.04
Total financial liabilities	11,725.02	13,604.74

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the consolidated financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2024		As at 31 March 2023	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	6.08	6.08	5.11	5.11
Financial liabilities					
Derivative contracts	Level 2	-	-	1.54	1.54

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	As at 31 March 2024		As at 31 March 2023	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Trade receivables	7,342.70	7,342.70	6,149.58	6,149.58
Cash and cash equivalents	394.67	394.67	1,476.45	1,476.45
Other bank balances	311.69	311.69	2,238.22	2,238.22
Other financial assets	1,861.07	1,861.07	811.84	811.84
Total financial assets	9,910.13	9,910.13	10,676.09	10,676.09
Financial liabilities				
Borrowings	4,054.52	4,054.52	4,095.98	4,095.98
Lease liabilities	308.24	308.24	172.70	172.70
Trade payables	6,002.30	6,002.30	9,090.02	9,090.02
Other financial liabilities	1,359.96	1,359.96	246.04	246.04
Total financial liabilities	11,725.02	11,725.02	13,604.74	13,604.74

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Handwritten signatures and initials in blue ink.

Financial risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the consolidated financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Group monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management**i) Credit risk rating**

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, loans, and other financial assets	Life time expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in consolidated statement of profit and loss.

Credit rating	Particulars	As at 31 March 2024	As at 31 March 2023
Low credit risk	Cash and cash equivalents, trade receivables, investments and other financial assets	9,910.13	10,676.09

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Group deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Group monitors the economic environment in which it operates. The Group manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Group grants credit terms in the normal course of business. The Group has also obtained debtor insurance upto Rs. 500.00 millions (31 March 2023: 40 times of the premium paid) to cover its risks of bad debts. The Group also uses an expected credit loss model to assess the impairment loss on such receivables. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Group's historical experience for customers.

Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Group is in possession of the underlying asset except for loan given to joint venture company. Further, the Group creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Group carries on the business of trading of security and surveillance equipments and related activities. Loans and other financial assets represents deposits given for business purposes and other receivables arising in normal course of operations.

b) Credit risk exposure

i) Provision for expected credit losses

The Group provides for 12 month expected credit losses for following financial assets:

As at 31 March 2024

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	394.67	-	394.67
Other bank balances	311.69	-	311.69
Investments	6.08	-	6.08
Trade receivables	7,394.83	(52.13)	7,342.70
Other financial assets	1,861.07	-	1,861.07

As at 31 March 2023

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,476.45	-	1,476.45
Other bank balances	2,238.22	-	2,238.22
Investments	299.61	-	299.61
Trade receivables	6,201.71	(52.13)	6,149.58
Other financial assets	811.84	-	811.84

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables
Loss allowance on 31 March 2022	66.58
Allowance for expected credit loss (net)	(14.47)
Loss allowance on 31 March 2023	52.13
Allowance for expected credit loss (net)	-
Loss allowance on 31 March 2024	52.13

B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc.

The Group has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2024	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,774.36	280.16	-	4,054.52
Trade payable	6,002.30	-	-	6,002.30
Other financial liabilities	1,359.96	-	-	1,359.96
Total	11,136.62	280.16	-	11,416.78

31 March 2023	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,668.17	427.81	-	4,095.98
Trade payable	9,090.02	-	-	9,090.02
Other financial liabilities	246.04	-	-	246.04
Total	13,004.23	427.81	-	13,432.04

The Group had access to following funding facilities:

Funding facilities	Total facility	Drawn	Undrawn*
As at 31 March 2024	4,840.00	3,570.34	1,269.66
As at 31 March 2023	4,200.00	3,716.60	483.40

*As at 31 March 2024, the Holding Company had made payment through issuance of cheques drawn on cash credit accounts, to various vendors aggregating to Rs. 927.03 million in the normal course of business (that got cleared subsequent to the year end), against the undrawn facility of Rs. 1,269.66 million available to the Holding Company. Such amounts have been presented as 'Book overdraft' under note 27.

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Group has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

	As at 31 March 2024		As at 31 March 2023	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on statement of profit and loss	(22.50)	(22.50)	(18.58)	18.58

b) Assets

The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2024		As at 31 March 2023	
		Amount in foreign currency (millions)	Amount in Rs. millions	Amount in foreign currency (millions)	Amount in Rs. millions
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.10	8.03	0.11	8.66
Total		0.10	8.03	0.11	8.66
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	0.91	75.92	2.40	197.00
Singapore Dollar	SGD	0.01	0.31	-	-
Total		0.92	76.23	2.40	197.00

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Group's profit before tax/equity is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

Particulars	Currency Symbol	As at 31 March 2024		As at 31 March 2023	
		3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.24	(0.24)	0.26	(0.26)
Total		0.24	(0.24)	0.26	(0.26)

Particulars	Currency Symbol	As at 31 March 2024		As at 31 March 2023	
		3% decrease	3% increase	3% decrease	3% increase
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	2.28	(2.28)	5.91	(5.91)
Singapore Dollar	SGD	0.01	(0.01)	-	-
Total		2.29	(2.29)	5.91	(5.91)

Foreign exchange derivatives and exposures outstanding at the year end:

Particulars	As at 31 March 2024		As at 31 March 2023	
	USD	Rs.	USD	Rs.
Hedging on account of underlying exposure				
Hedged	0.68	56.68	6.10	501.23
Unhedged - Open Exposure	0.92	76.22	2.40	197.00

Foreign exchange derivatives contracts at the year end:

	Maturity	
	Upto 6 months	More than 6 months
As at 31 March 2024		
Foreign exchange forward contracts (highly probable forecast purchases)		
Notional amount (USD)	0.68	
Average forward rate	83.95	
As at 31 March 2023		
Foreign exchange forward contracts (highly probable forecast purchases)		
Notional amount (USD)	6.10	
Average forward rate	82.36	

43 Related party transactions

In accordance with the requirements of Ind AS 24, 'Related Party Disclosures', the names of the related party where control exists/able to exercise significant influence along with the transactions and year-end balances with them as identified and certified by the management are given below:

a) Details of related parties:

Description of relationship	Names of related parties
Joint Venture Company	AIL Dixon Technologies Private Limited
Key management personnel (KMP)	
Chairman	Mr. Hari Shanker Khemka
Managing Director	Mr. Aditya Khemka
Independent Director	Ms. Ritu Khurana (till 01 November 2023)
Independent Director	Mr. Abhishek Dalmia

44 Capital management

The Group's capital includes issued share capital and all other distributable reserves. The primary objective of the Group's capital management is to maximise shareholder value and to maintain an optimal capital structure to reduce the cost of capital. The Group has both long and short term borrowings.

Group's gearing ratio is:

Particulars	As at 31 March 2024	As at 31 March 2023
Long term borrowings	280.16	427.81
Short term borrowings (including current maturities of long term borrowings)	3,774.36	3,668.17
Less: Cash and cash equivalents	(394.67)	(1,476.45)
Net debt (a)*	3,659.85	2,619.53
Total Equity (b)	4,242.09	3,115.94
Equity and net debt (c = (a) + (b))	7,901.94	5,735.47
Gearing Ratio (d = a/c)	0.46	0.46

*Excluding the impact of book overdraft (refer note 42B)

45 Employee benefits

The Group has adopted Indian Accounting Standard (Ind AS) - 19 for Employee Benefit as under :

Defined contribution plans

The Holding Company makes contribution towards employee's provident fund and employee's state insurance. The Holding Company has contributed Rs. 38.00 million (31 March 2023: Rs. 28.48 million) during the year ended 31 March 2024 as contribution towards these schemes.

Defined benefit plans**Gratuity (unfunded)**

The Group has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Amounts recognised in the balance sheet:

Particulars	As at 31 March 2024	As at 31 March 2023

Interest income	4.91	3.44
Return on plan assets excluding amounts included in	(0.38)	(0.04)
Contributions by Employer	15.00	16.39
Benefits paid	(5.01)	(3.11)
Present value of plan value assets at the end of the year	75.62	60.95

The Holding Company expects to make a contribution of Rs. 16.01 million (31 March 2023: Rs. 2.61 million) to the defined benefit plans during the next financial year.

For determination of the liability of the Group the following actuarial assumptions were used:

Particulars	31 March 2024	31 March 2023
Discount rate	7.20%	7.50%
Salary escalation rate	10.00%	8.00%
Retirement age (Years)		
Withdrawal rate		
Less than 30 years	11.00%	3.00%
From 30 to less 44 years	11.00%	3.00%
44 years and above	11.00%	3.00%
Weighted average duration of PBO	7.44	12.43

Maturity profile of defined benefit obligation:

Particulars	31 March 2024	31 March 2023
Weighted Average Duration (Years) as at valuation date	7.44 Years	12.43 Years

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2024	31 March 2023
Within next 1 year	9.97	2.61
Between 1-5 years	35.56	14.81
Over 5 years	59.23	31.57
Total	104.76	48.99

Sensitivity analysis for gratuity liability:

Particulars	31 March 2024	31 March 2023
Present value of obligation at the end of the year	104.75	74.41
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-3.38%	-5.51%
Impact due to decrease of 0.5 %	3.60%	5.99%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	2.36%	-3.81%
Impact due to decrease of 0.5 %	-2.41%	3.92%
b) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	-0.41%	0.31%
Impact due to decrease of 10 %	0.36%	-0.36%

Sensitivities due to mortality is not material. Hence impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

Handwritten signatures and initials in blue ink.

46 Contingent Liabilities and Commitments

A. Contingent liabilities

(i) Inland bank guarantees

31 March 2024	31 March 2023
50.17	49.67
50.17	49.67

(ii) Income-tax matters

(a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Holding Company's premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Holding Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly /duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ("AO"), who vide order dated 30 September 2021 has raised tax demand of Rs.189.59 million (31 March 2023: Rs.189.59 million) and has also initiated penalty proceedings. The Holding Company has contested the said order before the Commissioner of Income Tax (Appeals) wherein the Holding Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has no evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Holding Company. The Holding Company had deposited Rs. 38.00 million under protest and the appeal in the matter is currently pending disposal. During the previous year 2022-23, the Holding Company received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021. Further, during the financial year 2023-24, rejoinder to remand report has been filed on 16 June 2023 however, the final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed. Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group in the above matter is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

(iii) Indirect tax matters

(a) VAT matters

Demands raised under respective VAT Acts
Amounts paid under protest

31 March 2024	31 March 2023
12.19	14.76
1.02	2.98

(b) GST matters*

Demands raised under GST regulations (other than matters under*)
Amounts paid under protest

31 March 2024	31 March 2023
4.95	4.53
0.49	0.24

(c) Customs matters

Demands raised under Customs Act
Amounts paid under protest

31 March 2024	31 March 2023
26.89	20.73
1.65	0.22

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group in the above matters is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

*The Holding Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Telangana, West Bengal, Karnataka, Punjab, Rajasthan and Kerala, in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.31.47 million for the financial years 2017-2018 to 2021-2022, on account of differences between ITC claimed in Form GSTR-3B vs ITC appearing in GSTR-2A, difference between turnover reported in GSTR-1 and GSTR-3B etc.

The Holding Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the Holding Company's management believes that the likelihood of any liability devolving on the Holding Company is not probable and hence, no adjustment is considered necessary in these consolidated financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Group, in respect of such matters.

(v) In addition to above, the Group's share of joint venture's contingent liability amounts to Rs. 165.63 million (31 March 2023: Rs. Nil).

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 613.90 million (31 March 2023: Rs. 11.45 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities, during the normal course of business.

C. E-waste (Management)

Ministry of Environment, Forest and Climate Change has issued E-Waste (Management) Rules, 2022, as amended ("E-waste Rules"), which requires the producers to obtain and implement extended producer responsibility targets as per Schedule III and Schedule IV of the said Rules. Basis management's internal assessment of E-waste rules, management believes that the Holding Company has an obligation to fulfil the Extended Producer Responsibility targets, only if it is a participant in the market during a financial year. The obligation for the financial year are measured based on sales made in the preceding years.

During the current year, as per the directions given by Central Pollution Control Board (CPCB), the Company has fulfilled its obligation for the current financial year. Basis management assessment and in accordance with Appendix B of Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets', the Group will have an e-waste obligation for future years, only if it participates in the market in such years.

Handwritten signatures and initials in blue ink.

47 Dividend

a) The Holding Company's Board of Directors at their meeting held on 23 October 2023 recommended dividend on equity shares @ Rs. 4.88 per equity share for the financial year 2022-23 that was approved by the shareholders in their Annual General Meeting held on 28 October 2023. The total outgo as dividend to the shareholders during the year amounted to Rs. 10 million.

b) The Holding Company's Board of Directors at their meeting held on 02 August 2024 have proposed final dividend on equity shares @ Rs. 1.76 per equity share for the financial year 2023-24 (total outgo being Rs. 180 million), subject to approval of shareholders in the ensuing Annual General Meeting.

48 Corporate Social Responsibility

	For the year ended 31 March 2024	For the year ended 31 March 2023
Amount required to be spent by the Holding Company during the year	19.44	10.73
Amount of expenditure incurred	19.65	10.74
Shortfall at the end of the year	-	-
Total of previous years shortfall	-	-
Reason for shortfall	-	-
Details of related party transactions	Refer Note 43	Refer Note 43

Nature of CSR activities includes donation to education institutions, hospitals etc. through its related party. Such activities are covered under eligible CSR activities under Schedule VII of the Companies Act, 2013.

49 Segment information

The Group has only one operating segment and is primarily engaged in the business of trading of security and surveillance equipments. Accordingly, the figures appearing in these consolidated financial statements relate to the Group's single operating segment. The Board of Directors consider trading of security and surveillance equipments and related activities as the main business of the Group. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) Information about geographical areas: The Group sale goods and provides services to customers which are domiciled in India as well as outside India. The amount of revenue from external customers broken down by the location of the customers is as follows:

	For the year ended 31 March 2024	For the year ended 31 March 2023
Attributed to the Holding Company's country of domicile, India	27,737.20	22,734.54
Attributed to foreign countries	87.06	110.93
	27,824.26	22,845.47

50 Other disclosures

50.1 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

50.2 Details of assets pledged

The carrying values of assets pledged as security against borrowings are as under:

Particulars	31 March 2024	31 March 2023
Non-current assets		
Property, plant and equipment	214.82	264.28
Right-of-use assets	18.47	204.92
Investment property	5.79	4.08
Total	237.08	473.28
Current assets		
Inventories	5,092.05	5,110.50
Trade receivables	7,342.70	6,149.58
Total	12,434.75	11,260.08

50.3 Research and development costs incurred during the year ended 31 March 2024 that have been capitalised, aggregates to Rs. 89.75 million (31 March 2023: Rs. 21.87 million). Research and development costs that were not eligible for capitalisation and have been expensed off during the year ended 31 March 2024, aggregates to Rs. 63.24 million (31 March 2023: Rs. 56.03 million).

51. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, in Holding Company's favour, that the Group has been carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Holding Company was required to undertake construction/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022 and the Holding Company had initiated the construction and development activities by awarding of the contracts/ work orders for site clearing, soil investigation and architectural services. However, the Holding Company could not complete the construction activities by the prescribed date, consequent to which the Noida Authority, relying on the Government of Uttar Pradesh Ordinance dated 7 January 2022 ('Ordinance'), issued a show cause notice dated 19 January 2023 for cancellation of the lease deed and subsequently, vide its letter dated 19 May 2023 cancelled the lease deed and allotment of the said land.

The Holding Company approached the Noida Authority for revocation of cancellation and restoration of the allotment of said land and had also filed a letter dated 5 September 2023. On 20 December 2023, vide amendment to the Ordinance dated 7 January 2022, the State Government extended the time period for development of leased lands till 31 December 2024 for all allottees. Further, on 11 March 2024, the State Government vide its order number 1631/77-4-24/123/Appeal/23, set aside the Noida Authority's order dated 19 May 2023 and restored the allotment of said land in Company's favour, subject to payment of extension charges, that the Holding Company discharged on 24 May 2024. Subsequently, the Holding Company recommenced the construction and development activities at the project site that are currently progressing at full pace. The management, taking into consideration the current progress of work, is confident of completing the construction/ development activities on the said land within the prescribed timelines and accordingly, believes that no adjustment is necessary in these consolidated financial statements at this stage.

Handwritten signatures and initials in blue ink.

52. In January 2024, the joint venture entity AIL Dixon Technologies Private Limited ("AIL Dixon") had suffered loss of stock due to fire at the custom bonded warehouse resulting in destruction of stock of Rs. 1,769.94 million. The management of AIL Dixon promptly filed the claims with the warehouse owner and the insurance provider for recovery of such loss and had assessed full recovery of the loss upon conclusion of the insurance procedures.

As at 31 March 2023, the Holding Company held investment in AIL Dixon at a carrying value of Rs 294.50 million, and on the basis of audited financial information of AIL Dixon, its share of profit and share of other comprehensive loss for the year ended 31 March 2024 amounts to Rs 42.94 million and Rs. 0.21 million, respectively.

However, during the process of compiling of consolidated financial statements of Aditya Infotech Limited ("AIL"), the Group management has reassessed the claims towards loss of stock filed by AIL Dixon and taking into consideration factors like the warehouse owners net worth/ financial capability and insurance cover held vis-à-vis the value of goods stored, has concluded that full recovery of loss is not probable. Consequently, the Group management on prudent basis, has recognised its proportionate share in such loss equivalent to the amount of opening carrying value of its investment in AIL Dixon i.e. Rs. 294.50 million and has presented such loss as 'exceptional item' in the Consolidated Statement of profit and loss for the year.

53. Events after the reporting period

(i) On 8 July 2024, the Holding Company entered into Share Subscription and Purchase Agreement ("SSPA") with Dixon Technologies India Limited ("Dixon") and AIL Dixon Technologies Private Limited ("AIL Dixon") for acquiring 95,00,000 fully paid-up equity shares of Rs. 10 each representing balance 50% equity share capital of AIL Dixon, the joint venture company, for consideration other than cash through and in exchange of issuance of additional 7,305,805 equity shares of Rs. 1 each representing 6.50% equity share capital on a fully diluted basis, of the Holding Company. Such acquisition is subject to fulfilment of certain condition precedents including receipt of regulatory approvals. Post fulfilment of all formalities and acquisition of control, AIL Dixon shall become wholly owned subsidiary of the Holding Company.

(ii) Subsequent to the year end, the Board of Directors of the Holding Company at its meeting held on 12 June 2024 approved the following:

- Increase in the authorised share capital from existing 5,050,000 equity shares to 15,000,000 equity shares of Rs. 10 each, which was subsequently approved by the shareholders through ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Sub-division of the existing authorised share capital of the Holding Company from 15,000,000 equity shares of Rs. 10 each into 150,000,000 equity shares of Rs. 1 each and existing paid-up capital from 2,050,000 equity shares of Rs. 10 each to 20,500,000 equity shares of Rs. 1 each, which was approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Post sub-division of the existing authorised and issued share capital as above, the Board had approved the bonus issue of four new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024. Consequently, the Holding Company allotted 82,000,000 equity shares of Rs. 1 each by way of bonus issue to its shareholders in the ratio of 4:1 on 17 June 2024.

54. Additional regulatory information not disclosed elsewhere in the consolidated financial statements

- The Group does not have any transactions with struck-off companies under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.
- The Group has not undertaken any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income tax Act, 1961).
- The Group has not been declared a 'Willful Defaulter' by any bank or financial institution (as defined under the Companies Act, 2013) or consortium thereof, in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.
- The Group has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.
- The Group does not have any Benami property and no proceedings have been initiated or pending against the Group for holding any Benami property, under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- The Group does not have any charge or satisfaction of charge which is yet to be registered with ROC beyond the statutory period.
- The Group has not traded or invested in Crypto currency or Virtual Currency during the current and previous financial year.
- The Group has not advanced or provided loan to or invested funds in any entity(ies) including foreign entities (Intermediaries) or to any other person(s), with the understanding that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- The Group has been sanctioned facilities from the banks on the basis of security of current assets. The periodic returns filed by the Group with such banks are in agreement with the books of accounts of the Group.

Handwritten signatures and initials in blue ink, including a large 'N' and a signature that appears to be 'S. S.'.

ADITYA INFOTECH LTD.
CIN: U74899DL1995PLC066784

Notes to consolidated financial statements for the year ended 31 March 2024
(All amounts are in Indian Rupees millions, unless otherwise stated)

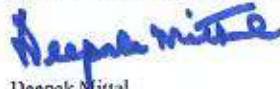

57 The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of accounts, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.
The Holding Company and its joint venture have used accounting software for maintaining their books of account, where the feature of recording audit trail has operated throughout the year for all relevant transactions recorded in the software except for the instance mentioned below:

For the holding company, the audit trail (edit logs) feature for any direct changes made at the database level was not enabled for the accounting software used for maintenance of accounting records and after sales services. However, the audit trail (edit log) at the application level of the accounting software were operating for all relevant transactions recorded in the software.

58 Certain previous year amounts have been reclassified for consistency with the current year presentation. Such reclassification did not have any impact on the current year consolidated financial statements.

59 The figures have been rounded off to the nearest million of rupees upto two decimal places. The figure 0.00 wherever stated represents value less than Rs. 50,000/-.

BUSINESS OPERATIONS/STATE OF AFFAIRS OF THE COMPANY

Your Company remains steadfast in its mission to make the world a safer and more secure place. CP PLUS has continued to strengthen its market leadership through sustained investments in technological innovations, R&D and localization, manufacturing excellence, and customer-centric growth strategies.

Building on the momentum of the previous year, the Company made significant strides in expanding its operational capabilities. Key focus areas included deeper backward integration, accelerated R&D, and broadened market reach across all customer segments and verticals — especially in deeper geographies across Bharat.

A major highlight of the year was the attainment of the prestigious Standardization Testing and Quality Certification (STQC) from the Government of India. This certification underscores CP PLUS's commitment to designing and manufacturing fully compliant, secure CCTV and surveillance solutions, powered by its proprietary CTC technology. It not only enhances customer confidence but also positions CP PLUS as a preferred partner for mission-critical Government infrastructure, Enterprise projects, and the SME and home segments — fully aligned with national initiatives such as *Make in India*, *Atmanirbhar Bharat* and *Digital India*.

The CP PLUS Next-Gen Experience Centres, first introduced last year, have now expanded into all major metro cities across India. These centres serve as interactive innovation hubs where partners, integrators, and customers can explore state-of-the-art security technologies and solutions and gain insights into the future of surveillance.

The year also marked progress in supply chain digitization and strategic talent acquisition and development. Your company also achieved the prestigious globally recognised Great Place to Work (GPW). It signifies your company's commitment to creating an environment where employees feel trusted, respected, and fairly treated. Our R&D teams continue to drive innovation with a focus on self-reliance and global competitiveness, enabling the Company to stay ahead of market trends and proactively meet evolving customer needs.

Despite a dynamic and competitive business environment, your Company has demonstrated consistent growth and operational resilience. Looking ahead, the Management remains highly optimistic about the upcoming financial year, with upcoming listing on the stock exchanges, ushering in a phase of more ambitious growth and market share, with a strong focus on profitability, continued product innovation, and deeper penetration in both domestic and international markets.

AWARDS AND RECOGNITIONS

During the financial year 2024-25, the Company has received the following awards:

- ❖ Mr. Aditya Khemka Honored with the "Pioneer in Surveillance Industry Award 2025" - Viksit Delhi Summit & Awards

CHANGE IN THE NATURE OF BUSINESS, IF ANY

During the year under review, there was no change in the nature of the business of the Company.

DIVIDEND

The Board of Directors are pleased to recommend a final dividend of INR 1.64 /- approx. (Indian Rupees One Point Six Four, approximately) per equity share of INR 1/- (Indian Rupees One only) each aggregating to INR 18,00,000,00/- (Indian Rupees Eighteen Crores only) on equity share capital of the Company for the financial year ended March 31, 2025 out of the profits of the Company.

The payment of dividend is subject to approval of the shareholders at the ensuing 30th Annual General Meeting (AGM) scheduled to be held on Monday, July 7, 2025 and shall be subject to deduction of income tax at source as may be applicable under the Law.

TRANSFER TO RESERVES

The Board of Directors does not propose to transfer any amount to general reserve and has decided to retain the entire amount of profit for the financial year ended March 31, 2025 appearing in the Statement of profit and loss.

MATERIAL EVENTS DURING FY 2024-25 UNDER REVIEW

Acquisition of the remaining 50% equity shares of AIL Dixon

Pursuant to the terms of the Share Subscription and Purchase Agreement dated July 8, 2024 (the "SSPA"), entered into among our Company, Dixon Technologies (India) Limited ("DTIL"), and AIL Dixon Technologies Private Limited ("AIL Dixon"), the Company, on September 18, 2024, acquired DTIL's equity shares in AIL Dixon in consideration for the issuance of 7,305,805 equity shares of face value ₹1 each of the Company, representing 6.65% of the total issued and paid-up equity share capital of the Company.

Prior to the above-mentioned acquisition, AIL Dixon was a joint venture between the Company and DTIL, established pursuant to a joint venture agreement, under which AIL Dixon was engaged in manufacturing

the Company's products. With this acquisition, the Company has consolidated all operations at the group level, while AIL Dixon continues to serve as a key manufacturing entity for the Company's products.

Filing of Draft offer documents ("DRHP") with SEBI.

During the Financial Year 2024-25, the Company successfully filed its Draft Red Herring Prospectus ("DRHP") with the Securities and Exchange Board of India ("SEBI") on September 30, 2024.

Following the submission, the Company received certain observations on the DRHP from SEBI and Stock Exchanges. These observations relate to various aspects of the offer documents, including but not limited to, risk factors, management structure, capital structure, and recent changes in the Company's management and promoter group.

In consultation with its Book Running Lead Managers ("BRLMs") and Legal Counsels, the Company has duly responded to the observations, including the filing of an addendum to the DRHP, and has submitted the requisite clarifications to SEBI and Stock Exchanges within the prescribed timelines.

Thereafter, Stock Exchanges have granted in-principle approval for the proposed public issue of equity shares of the Company on January 9, 2025, and SEBI issued its final observations for the proposed IPO of the Company on January 29, 2025.

As on the date of this Report, the Company, along with its BRLMs and Legal Counsels, is actively engaged in finalizing the updated draft offer documents, which will be filed with SEBI in due course.

CAPITAL STRUCTURE

Authorised Share Capital

During FY 2024-25, pursuant to a resolution passed by the shareholders of the Company at an Extra Ordinary General Meeting held on June 17, 2024, the Authorized Share Capital of the Company was:

- a. Increased from INR 5,05,00,000 (Indian Rupees Five Crore and Five Lakhs Only) divided into 50,50,000 (Fifty Lakhs and Fifty Thousand) Equity Shares of INR 10/- (Indian Rupees Ten only) to INR 15,00,00,000 (Indian Rupees Fifteen Crore Only) divided into 1,50,00,000 (One Crore Fifty Lakhs) Equity Shares of INR 10/- (Indian Rupees Ten only); and
- b. Sub-divided from INR 15,00,00,000 (Indian Rupees Fifteen Crores only) divided into 1,50,00,000 (One Crores Fifty Lakhs) equity shares of INR 10 (Indian Rupees Ten) each to INR 15,00,00,000 (Indian Rupees Fifteen Crores only) divided into 15,00,00,000 (Fifteen Crores) equity shares of INR 1 (Indian Rupee One).

The authorized share capital of the Company, as on March 31, 2025, stood at INR 15,00,00,000 (Indian Rupees Fifteen Crores only) divided into 15,00,00,000 (Fifteen Crores) equity shares of INR 1 (Indian Rupee One).

Issued, Subscribed & Paid-Up Share Capital

During the Year under review, pursuant to a resolution passed by the shareholders of the Company at an Extra Ordinary General Meeting held on June 17, 2024, the Company issued bonus equity shares to its

existing equity shareholders in the proportion of 4 (Four) new bonus equity shares of INR 1 (One) each for every 1 (One) existing fully paid up equity shares of INR 1 (One) each aggregating to 8,20,00,000 (Eight Crores Twenty Lakhs) equity shares of INR 1 (One).

Further, at the same Extra Ordinary General Meeting held on June 17, 2024, the shareholders approved sub-division of equity shares of the Company from ₹ 10/- each to ₹ 1/- per each.

Subsequently, on September 18, 2024, the Company made a preferential allotment of 7,305,805 equity shares of face value INR 1 each at a premium of INR 339.32 per share (issue price of INR 340.32 per equity share) to Dixon Technologies (India) Limited, on preferential cum private placement basis.

This allotment was made pursuant to the Share Subscription and Purchase Agreement dated July 8, 2024, executed among the Company, Dixon Technologies (India) Limited, and AIL Dixon Technologies Private Limited ("AIL Dixon"). The preferential issue was undertaken as part of the strategic transaction involving the acquisition of the remaining 50% equity stake in AIL Dixon from Dixon Technologies (India) Limited, thereby making AIL Dixon a wholly owned subsidiary of the Company.

The issued, subscribed and paid-up equity share capital as on March 31, 2025 stood at INR 10,98,05,805/- (Indian Rupees Ten Crores Ninety Eight Lakhs Five Thousand Eight Hundred Five only) divided into 10,98,05,805 (Ten Crores Twenty Five Lakhs) Equity Shares of INR 1/- (Indian Rupee One) each.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

To

The Members

Aditya Infotech Limited

CIN: U74899DL1995PLC066784

F-28, Okhla Industrial Area, Phase – 1

New Delhi-110020

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Aditya Infotech Limited** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on 31st March, 2025, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder to the extent of Regulation 76;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; Not Applicable
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

611, 6th Floor, Pragati Tower, Rajendra Place, New Delhi – 110008
pawanmahur@gmail.com | +91-8882282141 | +91- 11 41411600

- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; *(During the year under review, the Company, at its Extraordinary General Meeting (EGM) held on September 27, 2024, passed a resolution approving the issuance of shares to the public under the applicable regulations for the purpose of the Initial Public Offering (IPO). Subsequently, the Draft Red Herring Prospectus (DRHP) dated September 30, 2024 was filed with BSE Limited and the National Stock Exchange of India Limited ("Stock Exchanges") on dated September 30, 2024 followed by filing of Addendum to DRHP on December 17, 2024. Further, In-principle approval was received from Stock Exchanges on January 09, 2025.*
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; Not Applicable
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; Not Applicable
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; Not Applicable
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and Not Applicable
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; Not Applicable
- vi. Other laws specifically applicable to the company are as under and it has been confirmed & declared by the management that the company has duly complied with the said laws:-
1. The Employees Provident fund and Miscellaneous Provisions Act, 1952 along with labour laws
 2. Employees State Insurance Act, 1948
 3. Maternity Benefit Act, 1961
 4. Payment Gratuity Act, 1972
 5. The Legal Metrology Act read with packaged commodity Rules
 6. The Environmental Act, 1986 and its allied applicable laws
 7. The Custom Act, 1962
 8. E-Waste (Management) Rules, 2016

We have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India and notified by Ministry of Corporate Affairs.
- ii. SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015: **Not Applicable.**

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes (appointment or otherwise) in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance or as agreed by the Board of Directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously/with majority as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period no specific events/ actions took place having a major bearing on the Company's affair in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO REQUIRED UNDER THE COMPANIES (ACCOUNTS) RULES, 2014

The details of conservation of energy, technology absorption, foreign exchange earnings and outgo are as follows:

a) Conservation of energy

(i)	the steps taken or impact on conservation of energy	A multi-pronged approach is deployed in all offices including branches as well as products to infuse the concept of energy conservation such as replacement of CFL light with LED lights. Introduction of power saving modes in CP PLUS products and R&D led efforts to design energy efficient surveillance solutions.
(ii)	the steps taken by the Company for utilizing alternate sources of energy	The Company is in process of exploring alternate source of energy. Notably, its material subsidiary has already adopted solar energy at its manufacturing facility, supporting cleaner and more cost-effective operations.
(iii)	the capital investment on energy conservation equipment's	Nil

(b) Technology absorption

(i)	the efforts made towards technology absorption	During the period under review technical personnel having relevant experience have been employed and efforts have been made to improve the quality of the products. A major initiative was the scaling of the in-house R&D centre in Noida, comprising a team of 110 professionals engaged in product engineering, software and firmware development, intelligent analytics, and cloud platforms. The team focused on the integration of AI/ML into surveillance systems, enabling advanced features such as number plate recognition, helmet detection, reverse driving detection, and intrusion alerts
(ii)	the benefits derived like product improvement, cost reduction, product development or import substitution	The Company continues to focus on the rapid technological changes and train the manpower accordingly to improve the productivity and drive cost reduction. The Company has improved product features through AI/ML integration, reduced costs via local manufacturing and automation, and accelerated product development with in-house R&D. Collaborations for indigenous chipsets and STQC-certified products have supported import substitution in line with the 'Make in India' initiative
(iii)	in case of imported technology (imported during the last three years reckoned from the	There is no imported technology involved in the operations of the Company. The Company has focused on local manufacturing, R&D, and innovation, supported by strategic partnerships, to drive self-reliance

	beginning of the financial year)-	
	(a) the details of technology imported	NA
	(b) the year of import;	NA
	(c) whether the technology been fully absorbed	NA
	(d) if not fully absorbed, areas where absorption has not taken place, and the reasons thereof	NA
(iv)	the expenditure incurred on Research and Development	Research and development costs incurred during the year ended 31 March 2025 that have been capitalised, aggregates to Rs. 70.79 million (31 March 2024: Rs. 89.75 million). Research and development costs that were not eligible for capitalisation and have been expensed off during the year ended 31 March 2025, aggregates to Rs. 105.27 million (31 March 2024: Rs. 63.24 million)

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Aditya Infotech Limited ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Standalone Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with

the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement in this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

5. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

Walker Chandio & Co LLP

9. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

11. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
12. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
13. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) Except for the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;

Walker Chandio & Co LLP

- d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act;
- f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 13(b) above on reporting under section 143(3)(b) of the Act and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company, as detailed in note 48A to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2025.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
 - (iv) a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 57(h) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 57(i) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - (v) a. The final dividend paid by the Company during the year ended 31 March 2025 in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
 - b. As stated in note 49 to the accompanying standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

Walker Chandiook & Co LLP

- (vi) As stated in Note 56 to the standalone financial statements and based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software except that the audit trail feature was not enabled at the database level for accounting software to log any direct data changes, used for maintenance of all accounting records by the Company. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with other than the consequential impact of audit trail feature not enabled at the database level. Furthermore, except for audit trail feature not enabled at the database level, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Walker ChandioK & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

- (b) The property, plant and equipment, capital work-in-progress, investment property and relevant details of right-of-use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. With respect to moulds, which are in possession of third parties, it is not possible for the management to physically verify such assets and hence, the management has verified the existence of these moulds, on the basis of confirmations received from the third parties. No material discrepancies were noted on aforesaid verifications performed by the management. In our opinion, the frequency of physical verification programme adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.

- (c) The title deeds of all the immovable properties including investment properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the standalone financial statements are held in the name of the Company. However, for title deeds of immovable properties in the nature of:

Type of Property	Property Address	Gross carrying value as at 31 March 2025 (Rs.in million)*
Leasehold Land	Plot no. 12, Block A Sector-4, Noida, Uttar Pradesh	23.44
Freehold Land	F-28, Okhla, New Delhi	50.04
Investment Property - Building	Janki Centre, Andheri West, Mumbai	6.78

*Gross carrying value represents acquisition cost of respective immovable properties

which have been mortgaged as security for loans or borrowings taken by the Company, confirmations with respect to title of the Company have been directly obtained by us from the respective lenders.

For properties where the Company is a lessee, the lease arrangements have been duly executed in favour of the Company except in following case:

Description of property	Right-of-Use Asset Value (Rs. In millions)*	Location	Details of Lessor	Period held	Reason for non-execution of lease agreement
Leasehold Land	173.31	Plot no. 12A, Sector-135, Noida, Uttar Pradesh	Aditya Infotech Limited	Since 28 July 2018	The title of leasehold land is subject to receipt of extension of term beyond 31 December 2024 from Noida Authority. [Also, refer note 54 of the standalone financial statements]

*Gross carrying value represents acquisition cost of respective immovable property

- (d) The Company has adopted cost model for its Property, Plant and Equipment (including right-of-use assets) and intangible assets. Accordingly, reporting under clause 3(i)(d) of the Order is not applicable to the Company.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records.
- (b) As disclosed in Note 25 to the standalone financial statements, the Company has been sanctioned a working capital limit in excess of Rs. 5 crores by banks based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods, which were not subject to audit/review.
- (iii) The Company has not provided any guarantee or security or granted any advances in the nature of loans to companies, firms, limited liability partnerships during the year. Further, the Company has made investments in subsidiary during the year, in respect of which:
- (a) The Company has provided loan to subsidiary during the year as per the details below:

Particulars	Loan (Rs. in million)
Aggregate amount provided/granted during the year:	
- Subsidiary	80.00
Balance outstanding as at balance sheet date:	
- Subsidiary	81.95

- (b) In our opinion, and according to the information and explanations given to us, the terms and conditions of the grant of loan provided are, prima facie, not prejudicial to the interest of the Company. The Company has not provided any guarantee or given any security or granted any advances in the nature of loans during the year.
- (c) In respect of loan granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and principal amount is not due for repayment currently. However, the receipts of the interest are regular.
- (d) There is no overdue amount in respect of loan granted to such subsidiary.
- (e) The Company has granted loan which had fallen due during the year and such loan was extended during the year. The details of the same are given below:

(Rs. in millions)

Name of the party	Total loan amount granted during the year*	Aggregate amount of overdue of existing loans extended	Nature of extension	Percentage of the aggregate to the total loans granted during the year
AIL Dixon Technologies Private Limited	80.00	80.00	Extended	100%

* Loans extended have been considered as "loans granted during the year" for the purpose of reporting under this clause.

- (f) The Company has not granted any loans, which is repayable on demand or without specifying any terms or period of repayment.

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans and investments made and guarantees and security provided by it, as applicable.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/ services / business activities. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii)(a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, we report that there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (Rs. in millions)*	Amount paid under Protest (Rs. in millions)*	Period to which the amount relates	Forum where dispute is pending
Income- tax Act, 1961	Income Tax on account of certain disallowances	197.43	3.80	Assessment year 2019-20	Commissioner of Income Tax (Appeals)
Income- tax Act, 1961	Income Tax on account of certain disallowances	0.40	-	Assessment year 2020-21	Assessing Officer
Income- tax Act, 1961	Income Tax on account of certain disallowances	0.63	-	Assessment year 2021-22	Assessing Officer
The Delhi Value Added Tax, 2004	Value Added Tax	0.15	-	Financial year 2012-13	Delhi VAT Appellate Authority
The Jammu and Kashmir Value Added Tax, 2005	Value Added Tax	2.55	0.07	Financial year 2016-17	J&K VAT Appellate Authority
Customs Act, 1962	Short levy of Custom duty	5.16	0.13	Financial year 2020-21	Commissioner (Appeals) Mumbai
Customs Act, 1962	Short levy of Custom duty	17.79	1.33	Financial year 2020-21	Customs Audit Commissioner Tamil Nadu
Customs Act, 1962	Short levy of Custom duty	1.27	0.09	Financial year 2022-23	Commissioner (Appeals) Delhi
Customs Act, 1962	Wrong availment of MEIS script benefits	2.67	0.10	Financial year 2016-17	Commissioner of Custom House

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

*Represents amounts as per demand orders and includes interest and penalties as per the respective orders, wherever applicable.

- (viii) According to the information and explanations given to us, we report that no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.
- (ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have, prima facie, not been utilised for long term purposes.
- (e) In our opinion and according to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) In our opinion and according to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries.
- (x) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

- (b) During the year, the Company has made private placement of shares. In our opinion and according to the information and explanations given to us, the Company has complied with the requirements of section 42 and section 62 of the Act and the Rules framed thereunder with respect to the same. Since no money has been received against the private placement of shares during the year, the question of reporting on utilization of fund does not arise.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the period covered by our audit.
- (b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system which is commensurate with the size and nature of its business as required under the provisions of section 138 of the Act.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- (xvii) The Company has not incurred any cash losses in the current financial year as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information in the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

(xx)(a) In our opinion and according to the information and explanations given to us, the Company has transferred unspent amounts towards Corporate Social Responsibility (CSR) in respect of other than ongoing projects to a Fund specified in Schedule VII to the Act within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act.

(b) In our opinion and according to the information and explanations given to us, there are no unspent amounts towards Corporate Social Responsibility pertaining to any ongoing project as at end of the current financial year. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable to the Company.

(xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Walker Chandio & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Aditya Infotech Limited ('the Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note ('the Guidance Note') on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Walker Chandiok & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the standalone financial statements for the year ended 31 March 2025

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1 Corporate information

Aditya Infotech Limited ("the Company") is a Public limited company having CIN no. U74899DL1995PLC066784 and was incorporated on 27 March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-1, New Delhi - 110020 and corporate office is situated at A- 12, Sector-4, Noida - 201301. The Company is engaged in the business of security and surveillance equipment and components under 'CP Plus' brand. Further, the Company is also engaged in trading of security and surveillance equipments and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Standalone financial statements

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, presentation requirements of Division II of Schedule III to the Companies Act, 2013 ('Ind AS compliant schedule') and other relevant provisions of the Act.

The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- Certain financial assets and liabilities that are measured at fair value; and
- Defined benefit plans-plan assets measured at fair value.

The standalone financial statements have been prepared and presented in INR, which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest million unless, except when otherwise indicated.

Assets and liabilities are classified as current and non-current as per Company's normal operating cycle which is based on the nature of business of the Company. Current assets do not include elements which are not expected to be realised within 1 year and current liabilities do not include items which are due after 12 month, the period of 12 months being reckoned from the reporting date.

The standalone financial statements were approved for issue by the Company's Board of Directors on 02 July 2025.

Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3 Material accounting policy information

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the entity and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates, discounts and other similar allowances.

(i) Sale of security and surveillance equipment and components

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which Company expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on terms of contracts with the customers which generally coincides with delivery of products to customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods.
- The Company has a present right to payment for the asset.
- The Company has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37: Provisions, Contingent liabilities and Contingent assets. When the consideration is received, before the entity transfers a goods to the customer, the entity presents the consideration as contract liability.

(ii) Rendering of services including business support, surveillance and cloud storage and technical training services

(a) Revenue from business support services, surveillance services and cloud storage services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

Handwritten signature in blue ink.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance & Other Claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

Assets and liabilities arising from rights of return:

(i) Right of return assets

Right of return asset represents the Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned goods.

(ii) Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

(b) Inventories

Inventories are stated at the lower of cost determined on weighted average cost basis and net-realizable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale.

(c) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Depreciation on Property, Plant and Equipment is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of certain category of assets as mentioned below in respect of which the useful life has been assessed based on technical assessment.

The estimates of useful life of property, plant and equipment are as follows:

Particulars	Useful life as per management assessment	Useful life as per Schedule II of the Act
Building	60 years	60 years
Computers and Peripherals		
- Computers	3 years	3 years
- Servers	6 years	6 years
Office Equipment	5 years	5 years
Furniture, Fixture and Fittings	10 years	10 years
Motorcycles and scooters	10 years	10 years
Motor cars	8 years	8 years
Plant and machinery-moulds	5 years	8 years
Plant and machinery	15 years	15 years

De-recognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

Capital Work in Progress

Capital work-in-progress is recorded at its cost, which encompasses expenses incurred during the construction period. This cost also includes interest on the amount borrowed for the acquisition of qualifying assets and other expenses related to project implementation, to the extent that these expenses pertain to the period before the commencement of commercial production/ use.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably. The costs, which can be capitalized include the cost of material, direct labor, overhead costs that are directly attributable to prepare the asset for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Useful life
Computer software	6 years
Trademark	10 years
Technology Platform	3 - 6 years
Technical know how	4 - 5 years

De-recognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

(e) Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

(f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act.

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of de-recognition.

(g) Impairment of non-financial assets- property, plant and equipment, intangible assets and investment property

At the end of each reporting period, the entity reviews the carrying amount of property, plant and equipment, intangible assets and investment property to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the entity estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(i) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(j) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as share split, bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(k) Provisions, Contingent liabilities and Contingent assets**(i) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

(ii) Contingent liabilities

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Company.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) Contingent assets

Contingent assets are not recognised in the standalone financial statements. Contingent assets are disclosed in the standalone financial statements to the extent it is probable that economic benefits will flow to the Company from such assets.

(l) Leases: Right-of-use asset and Lease liabilities

The Company's lease asset classes primarily consist of leases for land and buildings- warehouse, experience centres, office premises and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), and low value leases. For these short-term and low value leases, the Company recognises the lease rentals as an operating expense in the statement of profit and loss account.

(i) Right-of-use assets

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs, and
- restoration costs.

(ii) Lease liabilities

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used.

(iii) Lease term

At the commencement date, the Company determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Company is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) Short term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

(v) Others

The following is the summary of practical expedients elected on initial application:

- (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of property, plant and office equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(m) Foreign Currencies

The Company's Financial Statements are presented in INR which is also the Company's functional currency. Foreign currency transaction are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Standalone statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(o) Retirement and other employee benefits

(i) Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the standalone statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

(iii) Share Based Payment

Employees of the Company also receive remuneration in the form of share-based payment transactions under Company's Employee Stock Option Scheme.

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in share based payment reserve in equity, over the period in which the performance and/or service conditions are fulfilled in 'employee benefits expense'. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

(iv) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Statement of profit and loss in the year in which such gains or losses are determined.

(v) Short-term and other long-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employees.

(p) Investments in subsidiary and joint venture

Investments representing equity interests in subsidiary and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of these investments, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

(q) Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

(i) Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Company's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

(iii) Indirect taxes

GST input tax credit on materials purchased / services availed are taken into account at the time of purchase and availing of services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credits so taken are utilised for payment of GST on supply of goods and services. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

(r) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets**A. Initial Recognition and Measurement**

All Financial Assets except trade receivables are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at the transaction price.

B. Subsequent Measurement**a) Financial Assets Measured at Amortised Cost (AC)**

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

(i) Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the entity assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the entity measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the entity uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the entity compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the entity recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Financial liabilities

A. Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the standalone statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

C. De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Handwritten initials and signatures in blue ink.

(s) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(t) Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to statement of profit and loss.

(u) Exceptional items

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

(v) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of information reviewed by the Company's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Company that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Company's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

(w) Initial public offer related transaction costs

The expenses pertaining to Initial Public Offer (IPO) includes expenses pertaining to fresh issue of equity shares and offer for sale by selling shareholders. Such expenses have been accounted for as follows:

- i. Incremental costs that are directly attributable to issuing new shares have been deferred until successful consummation of IPO upon which it shall be deducted from equity;
- ii. Incremental costs that are not directly attributable to issuing new shares or Offer for sale by selling shareholders, have been recorded as an expense in the Statement of profit and loss as and when incurred; and
- iii. Costs that relate to fresh issue of equity shares and offer for sale by selling shareholders are allocated between those functions on a rational and consistent basis as per agreed terms.

(x) Significant estimates and judgements

The preparation of these Standalone Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

- Recognition and estimation of tax expense including deferred tax – Note 3(q), Note 11 and Note 41
- Impairment testing of financial assets and non-financial assets – Note 3(g), Note 3(p) and Note 3(r)
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(c), (d), (f) and Note 4, Note 7 and Note 8
- Estimation of assets and obligations relating to employee benefits – Note 3(o) and Note 46
- Valuation of inventories – Note 3(b)
- Recognition and measurement of contingent liabilities – Note 3(k) and Note 48
- Leases – Note 3(l) and Note 5
- Fair value measurement – Note 3(s) and Note 43
- Provision for warranty – Note 3(a) and Note 24 and 29
- Expected credit loss – Note 3(r) and Note 15
- Share based payments – Note 3(o)(iii) and Note 47

(y) Recent accounting pronouncements:

I. The Ministry of Corporate Affairs ("MCA") vide its notifications dated 12 August 2024 and 09 September 2024 had issued Companies (India Accounting Standards) Amendment Rules, 2024 and Companies (India Accounting Standards) Second Amendment Rules, 2024, which introduced amendments in certain Indian Accounting Standards that are effective from 1 April 2024:

(i) Ind AS 117 – Insurance contracts – MCA notified Ind AS 117, a comprehensive standard that prescribe, recognition, measurement and disclosure requirements, to avoid diversities in practice for accounting insurance contracts and it applies to all companies i.e., to all "insurance contracts" regardless of the issuer. However, Ind AS 117 is not applicable to the entities which are insurance companies registered with IRDAI.

(ii) Ind AS 116- The amendments require an entity to recognise lease liability including variable lease payments which are not linked to index or a rate in a way it does not result into gain on right-of-use asset it retains.

The Company has reviewed the new pronouncements and based on its evaluation has determined that these amendments do not have a significant impact on the standalone financial statements.

II. New Standards/Amendments notified but not yet effective: – Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at 31 March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company that are not yet effective.

Current	159.73	129.11
Non-current	284.93	179.13
	444.66	308.24

c) Company as a lessee

The Company has leases for land, building for office, warehouse facilities, experience centres, IT equipments and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. The Company is prohibited from selling or pledging the underlying leased assets as security. Further, the Company is required to pay maintenance fees in accordance with the lease contracts.

i) The amounts recognized in statement of profit and loss:-

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Depreciation expense of right-of-use assets	146.96	106.54
Interest expense on lease liabilities	36.24	26.06
Expense relating to short term leases	34.43	38.08
Gain on extinguishment/modification of lease	(0.53)	(1.82)
Net impact on statement of profit and loss	217.08	168.86

ii) Amounts recognized in the cash flow statement

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Payment of lease liabilities- principal and interest	165.03	103.42

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in Statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Company has recognised Rs. 34.43 million pertaining to 31 March 2025 and Rs. 38.08 million pertaining to 31 March 2024 in respect of short term leases entered into by the Company.

iv) The table below describes the nature of the Company's leasing activities by type of right-of-use asset recognised in balance sheet:

Right of use asset	31 March 2025		31 March 2024	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	70	1-5	37	2-6
Warehouse facilities	8	1-4	8	2-3
Experience centre	5	0-6	4	1-7
Vehicles	18	1-5	17	2-4
Land	2	49-75	2	50-76
IT Equipment	2	0.25	2	1-2

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments are as follows:

31 March 2025	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	148.80	147.07	133.90	92.96	522.73

31 March 2024	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	139.66	86.70	61.70	80.18	368.24

vi) Information about extension and termination options

Less: depreciation expense	0.25	0.29
Profit from leasing of investment property after depreciation	1.01	1.10

*Direct operating expenses attributable to investment property cannot be specifically identified with property, although management does not expect them to be material.

(ii) Fair value of investment property:

Particulars	As at 31 March 2025	As at 31 March 2024
Fair value of office space at Janki Centre, Andheri, Mumbai	33.05	30.84
	33.05	30.84

The Company has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Company obtains independent valuation for its investment property at least annually and is considered to be a fair representation at which such property can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iii) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2025 and 31 March 2024.

(iv) Capitalised borrowing costs

There were no borrowing costs capitalised for the years ended 31 March 2025 and 31 March 2024.

Handwritten signature and initials in blue ink.

b. Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 1 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors in any financial year is subject to the approval of the shareholders in the ensuing Annual General Meeting, except interim dividend. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. The equity shares are transferable subject to the provisions contained in the Articles of Association and in the agreements entered/ to be entered into with the investors/ shareholders from time to time.

e. Buy back of shares

During the earlier year, the Board of directors in its meeting held on 04 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 23 February 2023, for fifteen days and settlement of buyback offer date was 24 February 2023. Accordingly, the Company had bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,443/- (Indian Rupees One thousand four hundred forty-three only) per Equity share. The buyback resulted in a Cash outflow of Rs. 800.62 million (buyback value Rs.649.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above buy back of shares during the previous year, the Company has not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

f. The Board of Directors of the Company at its meeting held on 12 June 2024 approved the following:

(a) Increase in the authorised share capital from existing 5,050,000 equity shares to 15,000,000 equity shares of Rs. 10 each, which was subsequently approved by the shareholders through ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;

(b) Sub-division of the existing authorised share capital of the Company from 15,000,000 equity shares of Rs. 10 each into 150,000,000 equity shares of Rs. 1 each and existing paid-up capital from 2,050,000 equity shares of Rs. 10 each to 20,500,000 equity shares of Rs. 1 each, which was approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;

(c) Post sub-division of the existing authorised and issued share capital as above, the Board had approved the bonus issue of four new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024. Consequently, the Company allotted 82,000,000 equity shares of Rs. 1 each by way of bonus issue to its shareholders in the ratio of 1:4 on 17 June 2024. The Company utilised capital redemption reserve of Rs. 4.50 million and general reserve of Rs. 77.50 million for issue of bonus shares, as per section 63 of the Companies Act, 2013.

g. Agreement dated September 27, 2024 ("Inter-se Agreement"), entered amongst Aditya Khemka, Shradha Khemka, Ananmay Khemka, Aditya Khemka (HUF), Hari Khemka Business Family Trust, Aditya Khemka Business Family Trust, Hari Shanker Khemka, Hari Shankar Khemka (HUF), Rishi Khemka, Ruchi Khemka and ARK Business Prosperity Trust (collectively, "Parties")

The Parties have executed the Inter-se Agreement to record certain inter-se rights and obligations of the Company and other related matters, including, (i) appointment of Aditya Khemka as authorised representative to exercise any and all rights to participate and vote on behalf of each of the other Parties; (ii) right of Aditya Khemka to nominate directors on the Board and on the board of subsidiary/ joint ventures in which the Company has a right to nominate board or directors, subject to certain conditions mentioned in the Inter-se Agreement; (iii) certain transfer related rights, including tag-along rights with respect to Equity Shares that are proposed to be transferred to third parties by either of the Parties from the date of listing of the Equity Shares on the recognised Stock Exchange until the completion of the lock-in as defined in the Inter-se Agreement; and (iv) an understanding between the parties in relation to any sale of shares until listing.

The Company is not a party to the Inter-se Agreement and the same shall terminate automatically upon either by way of the mutual written consent of Aditya Khemka and Rishi Khemka or when either Hari Shanker Khemka or certain of the other Parties cease to hold any Equity Shares in the Company.

Subsequent to the execution of the Inter-se Agreement, the individual Promoters, Hari Shanker Khemka, Aditya Khemka and Rishi Khemka transferred 19,719,150 Equity Shares of face value of Rs.1 each to Hari Khemka Business Family Trust, 100 Equity Shares of face value of Rs.1 each to Aditya Khemka Business Family Trust and 100 Equity Shares of face value of Rs.1 each to ARK Business Prosperity Trust, respectively on 23 April 2025.

Nature and purpose of reserves**General reserve**

It represents appropriation of profits of the Company and is available for distribution as dividend and issue of bonus shares as per Companies Act, 2013. During the current year, the Company utilised the capital redemption reserve for issuance of bonus shares as per provisions of Section 63 of the Companies Act, 2013.

Retained earnings

Retained earnings is used to record balance of statement of profit and loss and other equity adjustments.

Security premium reserve

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

Capital redemption reserve

The same has been created in accordance with the provisions of the Companies Act, 2013 with respect to buy-back of equity shares. During the current year, the Company utilised the capital redemption reserve for issuance of bonus shares as per provisions of Section 63 of the Companies Act, 2013.

Share based payment reserve

The share based payment reserve represent the expense recognised at fair value on the grant date, on issue of employee stock options to the employees of the Company and its subsidiary company.

43 Financial instruments and financial risk management

i) Financial assets and liabilities

The carrying amounts of financial instruments by category are as follows:

Financial instruments measured at fair value through profit or loss

Particulars	As at 31 March 2025	As at 31 March 2024
	Carrying value	Carrying value
Financial assets measured at fair value through profit or loss		
Investments	5.15	6.08
Financial liabilities measured at fair value through profit or loss		
Derivative contracts	0.84	-

Financial assets and liabilities measured at amortised cost

Particulars	As at 31 March 2025	As at 31 March 2024
	Carrying value	Carrying value
Financial assets*		
Trade receivables	10,360.94	7,342.70
Loans	81.95	82.52
Cash and cash equivalents	534.13	393.04
Other bank balances	459.35	311.77
Other financial assets	2,773.57	1,860.80
Total financial assets	14,209.94	9,990.83
Financial liabilities*		
Borrowings	4,071.75	4,054.52
Lease liabilities	444.65	308.24
Supplier's credit	520.52	-
Trade payables	8,736.78	6,020.73
Other financial liabilities	1,978.13	1,358.93
Total financial liabilities	15,751.83	11,742.42

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

Investment in subsidiaries and joint venture are measured at cost as per Ind AS 27, 'Separate financial statements' and hence, not presented here.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and Level 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2025		As at 31 March 2024	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	5.15	5.15	6.08	6.08
Financial liabilities					
Derivative contracts	Level 2	0.84	0.84	-	-

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 2 inputs:

Particulars	As at 31 March 2025		As at 31 March 2024	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Trade receivables	10,360.94	10,360.94	7,342.70	7,342.70
Loans	81.95	81.95	82.52	82.52
Cash and cash equivalents	534.13	534.13	393.04	393.04
Other bank balances	459.35	459.35	311.77	311.77
Other financial assets	2,773.57	2,773.57	1,860.80	1,860.80
Total financial assets	14,209.94	14,209.94	9,990.83	9,990.83
Financial liabilities				
Borrowings	4,071.75	4,071.75	4,054.52	4,054.52
Lease liabilities	444.65	444.65	308.24	308.24
Supplier's credit	520.52	520.52	-	-
Trade payables	8,736.78	8,736.78	6,020.73	6,020.73

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Financial risk management

The Company's activities expose it to credit risk, liquidity risk and market risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, investments, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Company monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management*i) Credit risk rating*

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	Life time expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

Credit rating	Particulars	As at 31 March 2025	As at 31 March 2024
Low credit risk	Cash and cash equivalents, trade receivables, investments, loans, and other financial assets	14,209.94	9,990.83

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Company deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Company monitors the economic environment in which it operates. The Company manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Company grants credit terms in the normal course of business. The Company has also availed debtor insurance upto Rs. 800.00 million (31 March 2024: Rs. 500 million) to cover its risks of bad debts. The Company also uses an expected credit loss model to assess the impairment loss on such receivables. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Company's historical experience for customers.

Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Company is in possession of the underlying asset. Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Company carries on the business of trading of security and surveillance equipments. Loans and other financial assets majorly represents loans to related parties and deposits given for business purposes.

Handwritten signatures and initials in blue ink.

b) Credit risk exposure

i) Provision for expected credit losses

The Company provides for 12 month expected credit losses for following financial assets:

As at 31 March 2025

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	534.13	-	534.13
Other bank balances	459.35	-	459.35
Investments	89.68	-	89.68
Loans	81.95	-	81.95
Trade receivables	10,479.77	(118.83)	10,360.94
Other financial assets	2,773.57	-	2,773.57

As at 31 March 2024

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	393.04	-	393.04
Other bank balances	311.77	-	311.77
Investments	112.27	-	112.27
Loans	82.52	-	82.52
Trade receivables	7,394.83	(52.13)	7,342.70
Other financial assets	1,860.80	-	1,860.80

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables	Investments	Loans
Loss allowance on 31 March 2023	52.13	-	-
Allowance for expected credit loss (net)	-	-	-
Loss allowance on 31 March 2024	52.13	-	-
Allowance for expected credit loss (net)	66.70	-	-
Loss allowance on 31 March 2025	118.83	-	-

B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc.

The Company has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Handwritten signature in blue ink.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2025	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,921.86	149.89	-	4,071.75
Supplier's credit	520.52	-	-	520.52
Trade payables	8,735.25	1.53	-	8,736.78
Other financial liabilities	1,978.13	-	-	1,978.13
Total	15,155.76	151.42	-	15,307.18

31 March 2024	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,774.36	280.16	-	4,054.52
Trade payables	6,013.62	7.11	-	6,020.73
Other financial liabilities	1,358.93	-	-	1,358.93
Total	11,146.91	287.27	-	11,434.18

The Company had access to following funding facilities :

Funding facilities	Total facility	Drawn	Undrawn*
As at 31 March 2025	5,390.00	3,907.50	1,482.50
As at 31 March 2024	4,840.00	3,570.34	1,269.66

*As at 31 March 2025, the Company had made payment through issuance of cheques drawn on cash credit accounts, to various vendors aggregating to Rs. 1,423.51 million in the normal course of business (that got cleared subsequent to the year-end), against the undrawn facility of Rs. 1,482.50 million available to the Company. Such amounts have been presented as 'Book overdraft' under note 28.

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Company has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

As at 31 March 2025		As at 31 March 2024	
0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
(20.01)	20.01	(22.50)	22.50

Impact on Statement of profit and loss

b) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2025		As at 31 March 2024	
		Amount in foreign currency (in million)	Amount in Rs. (in million)	Amount in foreign currency (in million)	Amount in Rs. (in million)
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.34	29.11	0.10	8.03
Renminbi (Chinese Yuan)	RMB	1.18	11.19	1.18	11.19
Total		1.52	40.30	1.28	19.22
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	1.04	88.95	0.91	75.92
Singapore Dollar	SGD	-	-	0.01	0.31
Total		1.04	88.95	0.92	76.23

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax/equity is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

Particulars	Currency Symbol	As at 31 March 2025		As at 31 March 2024	
		3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset

Actuarial loss on arising from change in financial assumption	4.38	11.84
Actuarial loss on arising from experience adjustment	1.38	2.23
Benefits paid	(6.18)	(5.01)
Present value of defined benefit obligation at the end of the year	127.21	104.75

Movement in the plan assets recognised in the balance sheet is as under:

Particulars	31 March 2025	31 March 2024
Present value of plan value assets at the beginning of the year	75.62	60.94
Transfer in/(out) plan assets	(0.15)	0.16
Interest income	5.64	4.91
Return on plan assets excluding amounts included in interest income	(0.37)	(0.36)
Contributions by Employer	10.29	15.00
Benefits paid	(6.18)	(5.01)
Present value of plan value assets at the end of the year	84.85	75.62

The Company expects to make a contribution of Rs. 18.56 million (31 March 2024: Rs. 16.01 million) to the defined benefit plans during the next financial year.

For determination of the liability of the Company the following actuarial assumptions were used:

Particulars	31 March 2025	31 March 2024
Discount rate	6.60%	7.20%
Salary escalation rate	10.00%	10.00%
Withdrawal rate		
Less than 30 years	14.00%	11.00%
From 30 to less 44 years	14.00%	11.00%
44 years and above	14.00%	11.00%
Weighted average duration of PBO (in years)	6.17	7.44

Maturity profile of defined benefit obligation:

Particulars	31 March 2025	31 March 2024
Weighted Average Duration (years) as at valuation date	6.17 years	7.44 years

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2025	31 March 2024
Within next 1 year	14.79	9.97
Between 1-5 years	49.31	35.56
Over 5 years	63.11	59.23
Total	127.21	104.76

Sensitivity analysis for gratuity liability:

Particulars	31 March 2025	31 March 2024
Present value of obligation at the end of the year	127.21	104.75
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-2.89%	-3.38%
Impact due to decrease of 0.5 %	3.05%	3.60%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	2.08%	2.36%
Impact due to decrease of 0.5 %	-2.13%	-2.41%
c) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	-0.84%	-0.41%
Impact due to decrease of 10 %	0.85%	0.36%

Sensitivities due to mortality is not material. Hence, impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

47. Employees Stock Options Plan

The Company formulated the "Aditya Infotech Ltd. ESOP Scheme 2024" which was duly approved by the shareholders through special resolution passed in their meeting held on 17 June 2024. The Nomination & Remuneration Committee of Company, during the year ended 31 March 2025:

- (a) approved the grant of 2,591,200 stock options to the Company's eligible employees at an exercise price of Rs. 292.68 per option, on 17 June 2024.
(b) approved the grant of 63,359 stock options to the Group's eligible employees at an exercise price of Rs. 292.68 per option, on 18 March 2025.

The above stock options shall vest over a period of 4 years from the date of grant and are exercisable within a period of 4 years from the date of vesting.

Set out below is a summary of options granted under the plan:

Particulars	Grant date	
	17 June 2024	18 March 2025
	Aditya Infotech Ltd. ESOP Scheme 2024	
Total options granted under the scheme (nos.)	2,591,200	63,360
Vesting period and percentage	Over a period of four years	Over a period of four years
Vesting Date	17 June each year, commencing 17 June 2025	18 March each year, commencing 18 March 2026
Exercise price	292.68	292.68
Weighted average exercise prices (WAEIP)	292.68	292.68
Exercise period	4 years from date of Vesting	4 years from date of Vesting
Outstanding options at the beginning of the year (nos.)	-	-
Options granted during the year (nos.)	2,591,200	63,360
Options vested during the year (nos.)*	11,950	-
Options exercised during the year (nos.)	-	-
Options lapsed/cancelled (nos.)	48,150	1,140
Outstanding options at the end of the year (nos.)	2,531,100	62,220
Exercisable options at the end of the year (nos.)	11,950	-

*Options vested during the year represents options immediately vested on death of employee during the year as per stock option plan

The vesting of options granted to eligible employee(s) is conditional upon fulfillment of performance criteria by the Employee and/or any team or group of which he is a part and/or of the Company, as may be determined by the Committee.

The Company has recognized share based payment expense of Rs 117.74 million (31 March, 2024: Nil) during the year as proportionate cost, net off the cost charged to AIL Dixon Technologies Private Limited, for options issued to employees of the subsidiary.

Particulars	31 March 2025
Expense arising from equity-settled share-based payment transactions	117.74

The value of option has been determined by an independent valuer. The following assumptions were used for calculation of fair value of options in accordance with Black Scholes Model:

For employee stock options granted on 17 June 2024				
Particulars	1st Vesting	2nd Vesting	3rd Vesting	4th Vesting
Vesting Date	17 June 2025	17 June 2026	17 June 2027	17 June 2028
Risk free interest rate (%)	6.64%	6.65%	6.66%	6.67%
Expected Life (In years)	3.00	4.00	5.00	6.00
Expected volatility (%)	50.00%	50.00%	55.00%	55.00%
Dividend yield	0.07%	0.07%	0.07%	0.07%

For employee stock options granted on 18 March 2025				
Particulars	1st Vesting	2nd Vesting	3rd Vesting	4th Vesting
Vesting Date	18 March 2026	18 March 2027	18 March 2028	18 March 2029
Risk free interest rate (%)	6.28%	6.29%	6.31%	6.33%
Expected Life (In years)	3.00	4.00	5.00	6.00
Expected volatility (%)	50.09%	50.71%	51.76%	52.98%
Dividend yield	0.30%	0.30%	0.30%	0.30%

The expected price volatility is based on the historic volatility (based on the remaining life of the options), adjusted for any expected changes to future volatility due to publicly available information.

48. Contingent Liabilities and Commitments

A. Contingent liabilities

(i) Inland Bank Guarantees

31 March 2025	31 March 2024
59.89	50.17
59.89	50.17

(ii) Income-tax matters

a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Company's premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly / duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ("AO"), who vide order dated 30 September 2021 had raised tax demand of Rs.189.59 million (31 March 2024: Rs.189.59 million) and had also initiated penalty proceedings. The Company had contested the said order before the Commissioner of Income Tax (Appeals) wherein the Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has no evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Company. The Company had deposited Rs. 38.00 million, under protest and the appeal in the matter is currently pending disposal. During the previous year 2022-23, the Company received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021. Further, during the financial year 2023-24, rejoinder to remand report has been filed on 16 June 2023, however, the final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed. Subsequent to year end, again rejoinder to remand report dated 15 January 2025 has been filed on 25 April 2025 and final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed.

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matter is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

(iii) Indirect tax matters

	31 March 2025	31 March 2024
(a) VAT matters		
Demands raised under respective VAT Acts	2.70	12.19
Amounts paid under protest	0.77	1.02
(b) GST matters*		
Demands raised under GST regulations	15.25	4.95
Amounts paid under protest	0.81	0.49
(c) Customs matters		
Demands raised under Customs Act	130.17	26.89
Amounts paid under protest	61.65	1.65

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Company in the above matters is not probable and accordingly, no adjustment is currently necessary in these standalone financial statements at this stage.

*The Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Rajasthan in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.7.23 million for the financial years 2023-2024 to 2024-2025, on account of difference in ITC claimed as per Form GSTR-3B vs ITC appearing in GSTR-2A, difference between turnover reported in GSTR 1 and GSTR 3B etc.

The Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the Company's management believes that the likelihood of any liability devolving on the Company is not probable and hence, no adjustment is considered necessary in these standalone financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Company, in respect of such matters.

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 829.68 million (31 March 2024: Rs. 613.90 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities, during the normal course of business.

C. E-waste (Management)

Ministry of Environment, Forest and Climate Change has issued E-Waste (Management) Rules, 2022, as amended ("E-waste Rules"), which requires the producers to obtain and implement extended producer responsibility targets as per Schedule III and Schedule IV of the said Rules. Basis management's internal assessment of E-waste rules, management believes that the Company has an obligation to fulfil the Extended Producer Responsibility targets, only if it is a participant in the market during a financial year. The obligation for the financial year are measured based on sales made in the preceding years.

During the current year and the previous year, as per the directions given by Central Pollution Control Board (CPCB), the Company has fulfilled its obligation for the current financial year and previous year. Basis management assessment and in accordance with Appendix B of Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets', the Company will have an e-waste obligation for future years, only if it participates in the market in such years.

49 Dividend

a)The Company's Board of Directors at their meeting held on 02 August 2024 recommended dividend on equity shares @ Rs. 1.76 per equity share for the financial year 2023-24 that was approved by the shareholders in their Annual General Meeting held on 13 August 2024. The total outgo as dividend to the shareholders during the year amounted to Rs. 180 million.

b)The Company's Board of Directors at their meeting held on 02 July 2025 have proposed final dividend on equity shares @ Rs. 1.64 per equity share for the financial year 2024-25 (total outgo being Rs. 180 million), subject to approval of shareholders in the ensuing Annual General Meeting.

50 Details of subsidiary companies and joint ventures with ownership and place of business

Particulars	As at 31 March 2025		As at 31 March 2024		Method of accounting
	Ownership %	Place of business	Ownership %	Place of business	
Subsidiary companies

	For the year ended 31 March 2025	For the year ended 31 March 2024
Amount required to be spent by the Company during the year	29.70	19.44
Amount of expenditure incurred	6.06	19.65
Shortfall at the end of the year	23.64	-
Total of previous years shortfall	-	-
Details of related party transactions	Refer Note 44	Refer Note 44

Nature of CSR activities includes donation for promotion of education, animal welfare, etc. through a related party. Such activities are covered under eligible CSR activities under Schedule VII of the Companies Act, 2013.

As per the Companies (Amendment) Act, 2019 effective 22 January 2021, the Company is required to transfer unspent CSR amount within a period of six months from the end of the financial year to a special account to be opened by the Company in that behalf for that financial year in any scheduled bank to be called the unspent corporate social responsibility account. Subsequent the year-end, the Company has deposited Rs. 4.00 million and Rs. 19.61 million in a separate bank account on 24 April 2025 and 28 April 2025 respectively.

52 Segment reporting

The Company has only one operating segment and is primarily engaged in the business of trading of security and surveillance equipments. Accordingly, the figures appearing in these standalone financial statements relate to the Company's single operating segment. The Board of Directors of the Company consider trading of security and surveillance equipments and related activities as the main business of the entity. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) Information about geographical areas: The Company sells goods and provides services to customers which are domiciled in India as well as outside India. All the non-current assets of the Company are located in India. The amount of revenue from external customers broken down by the location of the customers is as follows:

Attributed to the Company's country of domicile, India
Attributed to foreign countries

For the year ended 31 March 2025	For the year ended 31 March 2024
30,558.06	27,737.20
100.11	87.06
30,658.17	27,824.26

53 Other disclosures

53.1 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

53.2 Details of assets pledged

The carrying values of assets pledged as security against borrowings are as under:

Particulars	31 March 2025	31 March 2024
Non-current assets		
Property, plant and equipment	243.65	214.82
Right-of-use assets	162.64	18.47
Investment property	3.54	3.79
Total	409.83	237.08
Current assets		
Inventories	5,946.94	5,092.05
Trade receivables	10,360.94	7,342.70
Total	16,307.88	12,434.75

53.3 Research and development costs incurred during the year ended 31 March 2025 that have been capitalised, aggregates to Rs. 70.79 million (31 March 2024: Rs. 89.75 million). Research and development costs that were not eligible for capitalisation and have been expensed off during the year ended 31 March 2025, aggregates to Rs. 105.27 million (31 March 2024: Rs. 63.24 million).

54. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, that the Company has been carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Company was required to undertake construction activity/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022. The Noida Authority vide its order dated 11 March 2024 had granted further extension in such timeline upto 31 December 2024. The Company has been in advanced stages of construction and development on the said lease land and has already incurred expenditure of Rs. 139.30 million as at 31 March 2025, that has been presented as 'Capital work in progress' in these standalone financial statements. However, due to factors beyond management control like ban on construction activities in Delhi NCR region as per GRAP-4 guidelines to control pollution etc., as the construction activities could not be completed by the prescribed date, the Company had filed an application on 12 October 2024, requesting for further extension of one year for completion of construction and development activities on the said land, that is currently pending disposal by the Noida Authority.

Based on assessment by a legal expert and taking into consideration the past trends of being granted extensions from the Noida Authority in the matter, the management is confident of receiving the necessary approval and is confident of completing the construction and development activities on the said lease land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in these standalone financial statements at this stage.

Notes to the standalone financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

55 Financial ratios

Ratio	Numerator	Denominator	As at 31 March 2025	As at 31 March 2024	% Change (31 March 2025)	Reason for variance of more than 25% (31 March 2025)
			Ratio	Ratio		
Current ratio	Current assets	Current liabilities	1.28	1.31	-3%	-
Debt-equity ratio	Total debt [Non-current borrowings + Current borrowings+ Supplier's credit]	Total equity	0.57	0.94	-40%	Refer note A below
Debt service coverage ratio	Earnings before depreciation and amortisation and interest [Profit/loss after tax + Depreciation and amortisation expense + Finance costs (excluding interest on lease liabilities)]	Interest expense (including capitalised) + Principal repayment (including prepayments)	5.75	7.02	-18%	-
Return on equity ratio	Profit after tax-preference dividend	Average shareholder's equity	0.22	0.40	-46%	Refer note B below
Inventory turnover ratio	Costs of goods sold	Average inventories	4.44	4.45	0%	-
Trade receivables turnover ratio	Revenue from operations (net)	Average trade receivables	3.46	4.12	-16%	-
Trade payables turnover ratio	Purchases (net)	Average trade payables	3.44	3.00	14%	-
Net capital turnover ratio	Revenue from operations	Working capital [Current assets - Current liabilities]	6.85	7.60	-10%	-
Net profit ratio	Profit after tax	Revenue from operations (net)	0.04	0.05	-15%	-
Return on capital employed	Earnings before interest and tax - Profit/loss before tax + Depreciation and amortisation expense + Finance costs	Capital employed [Total assets - Current liabilities + current borrowings + Supplier's credit]	0.19	0.27	-30%	Refer note C below
Return on investment	Interest (Finance Income)	Investment (Bank deposits and loans given)	0.09	0.07	27%	Refer note D below

Notes- reasons for variances:

- A. Variance in ratios is attributable to increase in equity on account of issue of shares at premium and creation of share based payment reserve during the year.
- B. Variance in ratio is attributable to decrease in profit vis-a-vis increase in equity on account of issue of shares at premium and creation of share based payment reserve during the year
- C. Variance in ratio is attributable to increase in finance cost and depreciation and increase in equity on account of issue of shares at premium and creation of share based payment reserve during the year.
- D. Variance in ratio is attributable to proportionate decrease in fixed deposits during the year which is greater than proportionate increase in interest income.

Independent Auditor's Report

To the Members of Aditya Infotech Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its joint venture, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its joint venture, as at 31 March 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 11 and 12 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

4. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director's Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

5. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its joint venture in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group and its joint venture, and covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.
6. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its joint venture are responsible for assessing the ability of the Group and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
7. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and its joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
9. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matters

11. We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of Rs. 6,202.32 million as at 31 March 2025, total revenues of Rs. 7,803.07 million and net cash outflows amounting to Rs. 70.85 million for the year ended on that date, as considered in the consolidated financial statements.

The consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of Rs. Nil for the period 1 April 2024 to 17 September 2024, as explained in note 60B, in respect of the joint venture, whose financial statements has not been audited by us.

These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries and joint venture, are based solely on the reports of the other auditors.

12. Further, of these subsidiaries, one subsidiary, is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in its country and which have been audited by other auditor under generally accepted auditing standards applicable in its country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

13. As required by section 197(16) of the Act, based on our audit, we report that the Holding Company, incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to the subsidiary company incorporated outside India and other subsidiary incorporated in India whose financial statements have been audited under the Act, since none of such companies is a public company as defined under section 2(71) of the Act.

14. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued by us and by the respective other auditors as mentioned in paragraph 11 above, of companies included in the consolidated financial statements for the year ended 31 March 2025 and covered under the Act, we report that following are the qualifications/adverse remarks reported by us and the other auditors in the Order reports of the companies included in the consolidated financial statements for the year ended 31 March 2025 for which such Order reports have been issued till date and made available to us:

S No	Name	CIN	Holding Company / subsidiary / Associate / Joint Venture	Clause number of the CARO report which is qualified or adverse
1	Aditya Infotech Limited	U74899DL1995PLC066784	Holding company	3(i)(c), 3(vii)(a), 3(vii)(b)
2	AIL Dixon Technologies Private Limited	U32309UP2017PTC090189	Subsidiary company	3(vii)(a), 3(vii)(b), 3(ix)(d)

15. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiary incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- Except for the matters stated in paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- On the basis of the written representations received from the directors of the Holding Company and its subsidiary company covered under the Act, and taken on record by the Board of Directors of the Holding Company and its subsidiary company respectively, and the report of the statutory auditors of its subsidiary company, covered under the Act, none of the directors of the Holding Company and its subsidiary, are disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act.
- The modification relating to the maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are as stated in paragraph 15(b) above on reporting under section 143(3)(b) of the Act and paragraph 15(j)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary company covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A' wherein we have expressed an unmodified opinion; and

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiary, incorporated in India whose financial statements have been audited under the Act:
- (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, as detailed in Note 50A to the consolidated financial statements;
 - (ii) The Holding Company and its subsidiaries did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary company, covered under the Act, during the year ended 31 March 2025;
 - (iv) (a) The respective managements of the Holding Company and its subsidiary incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary, respectively that, to the best of their knowledge and belief, as disclosed in note 59(h) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary, to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary, ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - (b) The respective managements of the Holding Company and its subsidiary, incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary, respectively that, to the best of their knowledge and belief, as disclosed in the note 59(i) to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its subsidiary, from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiary, shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - (v) (a) The final dividend paid by the Holding Company during the year ended 31 March 2025 in respect of such dividend declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend;

Walker Chandio & Co LLP

- (b) As stated in note 51(b) to the accompanying consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- (vi) As stated in Note 64 to the consolidated financial statements and based on our examination which included test checks and that performed by the respective auditors of the subsidiary, the Holding Company and its subsidiary, in respect of financial year commencing on 1 April 2024, have used an accounting software for maintaining their books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software except that the audit trail feature was not enabled at the database level for accounting software to log any direct data changes, used for maintenance of all accounting records by the Holding Company. Further, during the course of our audit, we and respective auditors of the above referred subsidiary, did not come across any instance of audit trail feature being tampered with other than the consequential impact of the audit trail feature not enabled at the database level for accounting software used by the Holding Company. Furthermore, except for audit trail feature not enabled at the database level, the audit trail has been preserved by the Holding Company and its subsidiary, as per the statutory requirements for record retention.

2. Shenzhen CP Plus International Limited, Shenzhen, China

Joint venture

1. ALL Dixon Technologies Private Limited, India (till 17 September 2024)

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Aditya Infotech Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary company which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company as aforesaid.

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2025

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary company, the Holding Company and its subsidiary company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Walker ChandioK & Co LLP

Annexure A to the Independent Auditor's Report of even date to the members of Aditya Infotech Limited on the consolidated financial statements for the year ended 31 March 2025

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company covered under the Act, whose financial statements reflect total assets of Rs.6,181.36 million and net assets of Rs. (374.47) million as at 31 March 2025, total revenues of Rs.7,781.58 million and net cash outflows amounting to Rs.72.00 million for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary company have been audited by other auditors whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary company is based solely on the reports of the auditors of such company. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Consolidated Statement of Cash Flows for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
A Cash flow from operating activities		
Profit before tax	4,340.82	1,646.19
Adjustments for:		
Depreciation and amortization expenses	311.23	157.13
Interest income on bank deposits	(93.42)	(104.98)
Unwinding of discount on security deposit	(2.67)	(1.55)
Dividend income	(0.11)	(0.06)
Liabilities no longer required written back	(0.61)	(6.25)
(Gain)/Loss on currency fluctuation and translation (net)	(2.99)	(9.07)
Profit on sale of property, plant and equipment (net)	(0.03)	(2.02)
Share based payment expense	117.85	-
Rental income	(3.14)	(4.22)
Allowance for expected credit loss	69.07	-
Balances written off	5.27	7.56
Share of loss in joint venture	-	294.50
Finance costs	376.52	279.09
Interest expense on lease liabilities	36.24	26.06
Gain on extinguishment of lease	(0.55)	(1.82)
Gain on account of fair valuation of previously held equity interest in joint venture (also refer note 42 and 62)	(2,486.30)	-
Loss/ (Gain) on measurement of investment at FVTPL	0.94	(0.98)
Operating profit before working capital changes	2,668.12	2,279.58
Movement in working capital		
(Increase)/Decrease in inventories	(693.14)	18.45
Increase in trade receivables	(3,124.22)	(1,200.68)
Increase in other current assets and non current assets	(6.49)	(192.29)
Increase in other financial assets	(502.25)	(320.89)
Increase in other financial liabilities	551.30	1,095.57
Increase in other current liabilities	275.08	79.93
Increase in provisions	36.70	43.03
Increase/ (Decrease) in trade payables	1,576.64	(3,096.79)
Cash generated from/ (used in) operating activities post working capital changes	781.74	(1,294.09)
Income tax paid(net)	(509.66)	(509.96)
Net cash generated from/ (used in) operating activities (A)	272.08	(1,804.05)
B Cash flow from investing activities		
Additions to property, plant and equipment, capital work in progress, other intangible assets and intangible under development	(264.90)	(188.75)
Sale of property, plant and equipment	2.44	124.63
Loan given to related party	-	(80.00)
Proceeds from/(investments) in fixed deposits (net)	153.81	1,199.74
Rental income	3.14	4.22
Dividend income	0.11	0.06
Interest received	93.42	104.98
Net cash (used in) / generated from investing activities (B)	(11.98)	1,164.88
C Cash flow from financing activities		
Repayment of loans to related party	(0.30)	(273.93)
Proceeds from long-term borrowings	131.34	49.42
Repayments of long-term borrowings	(184.03)	(197.07)
Repayment of short-term borrowings	(21,985.00)	(17,054.76)
Proceeds from short-term borrowings	22,049.48	17,426.24
Supplier's credit availed (net)	520.52	-
Finance cost paid	(376.52)	(279.09)
Dividend paid during the year	(180.00)	(10.00)
Principal payment of lease liabilities	(128.79)	(77.36)
Interest payment of lease liabilities	(36.24)	(26.06)
Net cash used in financing activities (C)	(189.54)	(442.61)
Net increase/(decrease) in cash and cash equivalents (A+B+C)	70.56	(1,081.78)
Cash acquired on acquisition of subsidiary company (Refer note 62)	894.08	-
Cash and cash equivalents at the beginning of the year	394.67	1,476.45
Cash and cash equivalents at the end of the year	1,359.31	394.67

1 Group Overview

The consolidated financial statements comprise financial statements of Aditya Infotech Limited ("the Holding Company" or "the Company"), its subsidiary company (collectively referred as "Group") and joint venture for the year ended 31 March 2025. The Company is a Public limited Company having CIN no. U74899DL1995PLC066784 and was incorporated on 27 March 1995 with Registrar of Companies, New Delhi. The Company's registered office is situated at F-28, Okhla Industrial Area, Phase-1, New Delhi - 110020 and corporate office is situated at A- 12, Sector-4, Noida - 201301. The Group is engaged in manufacturing / assembly and trading of security and surveillance equipment and components under 'CP Plus' brand. Further, the Holding Company is also engaged in trading of security and surveillance equipment and components manufactured by Dahua Technologies Group.

2 Basis of preparation of Consolidated financial statements

- (a) These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The consolidated financial statements have been prepared on the historical cost basis, except for the following assets and liabilities:

- Certain financial assets and liabilities that are measured at fair value; and
- Defined benefit plans-plan assets measured at fair value.

The consolidated financial statements have been prepared and presented in INR, which is the Group's functional currency. All financial information presented in INR has been rounded to the nearest million upto two decimal unless, except when otherwise indicated.

Assets and liabilities are classified as current and non-current as per Holding Company's normal operating cycle which is based on the nature of business of the Holding Company. Current assets do not include elements which are not expected to be realised within 1 year and current liabilities do not include items which are due after 12 month, the period of 12 months being reckoned from the reporting date.

The consolidated financial statements were approved for issue by the Company's Board of Directors on 02 July 2025.

Use of estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the consolidated financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. changes in circumstances surrounding the estimates. Appropriate changes in estimates are made as management becomes aware of changes in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

(b) Basis of consolidation

Subsidiary

Subsidiary is a entity controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiary is included in the consolidated financial statements from the date on which control is acquired until the date on which control ceases to exist.

The Group combines the financial statements of the holding company and its subsidiary line by line, by adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date.

If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

(c) Joint venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining joint control are similar to those necessary to determine control over the subsidiary. The Group's investments in joint venture are accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually. The consolidated statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture. The aggregate of the Group's share of profit or loss of a joint venture is presented on the face of the consolidated statement of profit and loss.

(d) Foreign currency translation

The consolidated financial statements are presented in Indian Rupee, which is the functional and presentation currency and include the financial position and results in respect of foreign operations, initially measured using the currency of the primary economic environment in which the Group operates (i.e. their functional currency) and translated as follows:

- assets and liabilities are translated at the closing exchange rate at the date of that balance sheet;
- income and expenses are translated at average exchange rates;
- All resulting exchange differences are recognised in other comprehensive income;

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

Handwritten signature in blue ink.

3 Material accounting policy information

(a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the transaction price for each separate performance obligation taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The transaction price is net of estimated customer returns, rebates and other similar allowances.

(i) Sale of security and surveillance equipment and components

Revenue is recognized upon transfer of control of promised goods to customers in an amount that reflects the consideration which Group expects to receive in exchange of those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer, based on the terms of contract with customers which generally coincides with dispatch of products to the customers in case of domestic sales and on the basis of bill of lading in the case of export sales.

Revenue from the sale of goods is recognised when the control of the product is transferred, the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Group has a present right to payment for the asset;
- The Group has transferred physical possession of the asset, whereby the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset or to restrict the access of other entities to those benefits.

Provision for contractual warranty is recognised as per the principles defined under Ind AS 37 Provisions, Contingent liabilities and Contingent assets.

When the consideration is received, before the Group transfers goods to the customer, the Group presents the consideration as contract liability.

(ii) Rendering of services including business support, surveillance, cloud storage and technical training services

(a) Revenue from business support services, surveillance services and cloud storage services is recognised over a period of time when the services are rendered as per the terms of the respective contracts with the customers.

(b) Revenue from other services including technical training services are recognised at a point in time as and when the services are rendered as per the terms of the respective contracts with the customers.

(iii) Dividend income

Dividend is recognised when right to receive the payment is established.

(iv) Interest income

Interest income from a financial asset is recognised and accrued using effective interest rate method.

(v) Insurance and other claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

Assets and liabilities arising from rights of return:

(i) Right of return assets

Right of return asset represents the Holding Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Holding Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned goods.

(ii) Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Holding Company ultimately expects it will have to return to the customer. The Holding Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

(b) Inventories

a. Raw materials, stores and spare parts, and packing materials are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. The cost is computed on using 'First In First Out (FIFO)'. Cost includes expenditure incurred for acquiring inventories like purchase price, import duties, taxes (net of tax credit) and other costs incurred in bringing the inventories to their present location and condition.

b. Finished goods and work in progress : Such inventories are stated at lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excludes borrowing costs incurred in bringing the inventories to their present location and condition. The cost of finished goods and work-in-progress is computed on FIFO basis.

c. Traded goods and others : Such inventories are stated at lower of cost and net realisable value. Cost includes freight, taxes and duties net of GST input tax credit, wherever applicable, and is determined on weighted average cost basis. Customs duty payable on material in bonded warehouse is added to the cost of the material.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(c) Property, plant and equipment

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Depreciation on Property, Plant and Equipment (other than related to manufacturing / assembly facility) is provided using written down value method on depreciable amount. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets as mentioned below in respect of which the useful life has been assessed based on technical assessment.

The estimates of useful life of Property, Plant and Equipments are as follows:

Particulars	Useful life as per management assessment	Useful life as per Schedule II of the Act
Building	60 years	60 years
Computers and Peripherals		
- Computers	3 years	3 years
- Servers	6 years	6 years
Office Equipment	5 years	5 years
Furniture, Fixture and Fittings	10 years	10 years
Motorcycles and scooters	10 years	10 years
Motor cars	8 years	8 years
Plant and machinery-moulds	5 years	8 years
Plant and machinery	15 years	15 years

For property, plant and equipment at manufacturing / assembly facility, depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life as mentioned in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets as below, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Particulars	Useful life as per Management Assessment	Useful life as per Schedule II of the Act
Factory buildings	10 years	30 years
Plant and machinery	15 years	15 years
Dies and moulds	15 years	15 years
Furniture and fixtures	10 years	10 years
Electrical Installations	10 years	10 years
Office equipment	5 years	5 years
Computers and Peripherals		
- Computers	3 years	3 years
- Servers	6 years	6 years
Vehicles	8 years	8 years

De-recognition of Property, plant & equipment

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in consolidated profit or loss.

Capital Work in Progress

Capital work-in-progress is recorded at its cost, which encompasses expenses incurred during the construction period. This cost also includes interest on the amount borrowed for the acquisition of qualifying assets and other expenses related to project implementation, to the extent that these expenses pertain to the period before the commencement of commercial production/ use.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Research costs are expensed as incurred. Development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete and use or sell the product and the costs can be measured reliably. The costs, which can be capitalized include the cost of material, direct labor, overhead costs that are directly attributable to prepare the asset for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets	Amortisation period
Computer Software	6 years
Trademark	10 years
Technology Platform	3 - 6 years
Technical know how	4 - 5 years
Customer Relationship	5 years

De recognition of Intangible Assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in consolidated profit or loss when the asset is derecognised.

(e) Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost less accumulated impairment loss, if any. Cost includes related acquisition expenses, development costs, borrowing costs and other direct expenditure.

Handwritten initials 'WC' and 'SC' in blue ink.

(f) Investment properties

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognized in consolidated statement of profit or loss as incurred.

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value method computed on the basis of useful lives as prescribed in the Schedule II of the Act:

Investment property	Useful life as per Schedule II of the Act
Building	60 years

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in consolidated profit or loss in the period of de-recognition.

(g) Impairment of non-financial assets- property, plant and equipment, intangible assets and investment property

At the end of each reporting period, the Group reviews the carrying amount of property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units.

An impairment loss is recognised in the consolidated statement of profit and loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generated unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Cash and cash equivalents

Cash and cash equivalents for the purposes of consolidated cash flow statement comprise cash at bank and in hand, cheques in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(i) Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(j) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(k) Provisions, Contingent liabilities and Contingent assets

(i) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the consolidated statement of profit and loss.

(ii) Contingent liabilities

A contingent liability is recognised for:

- Possible obligation which will be confirmed only by future events not wholly within the control of the Group.
- Present obligation arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

(iii) Contingent assets

Contingent assets are not recognised in the consolidated financial statements. Contingent assets are disclosed in the consolidated financial statements to the extent it is probable that economic benefits will flow to the Group from such assets.

(l) Leases: Right-of-use asset and Lease liabilities

The Group's lease asset classes primarily consist of leases for land and buildings- warehouse and office premises, IT equipments and vehicles. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), and low value leases. For these short-term, and low value leases, the Group recognises the lease rentals as an operating expense in the consolidated statement of profit and loss account.

(i) Right-of-use assets

At the commencement date, the right of use assets is measured at cost. The cost includes an amount equal to the lease liabilities plus adjusted for the amount of prepaid or accrued lease payments. After the commencement date, the right of use assets is measured in accordance with the accounting policy for property, plant and equipment i.e. right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the period of the lease term.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability;
- any lease payments made at or before the commencement date less any lease incentives received;
- any initial direct costs; and
- restoration costs.

(ii) Lease liabilities

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the consolidated Balance Sheet and lease payments have been classified as financing cash flows. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used.

(iii) Lease term

At the commencement date, the Group determines the lease term which represents non-cancellable period of initial lease for which the asset is expected to be used, together with the periods covered by an option to extend or terminate the lease, if the Group is reasonably certain at the commencement date to exercise the extension or termination option.

(iv) Short term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term or another systematic basis which is more representative of the pattern of use of underlying asset.

Handwritten initials and signatures in blue ink, including 'WC' and 'S'.

(v) Others

The following is the summary of practical expedients elected on initial application:

- (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- (ii) Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application and low value asset.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(m) Foreign Currencies

The Group's Financial Statements are presented in INR which is also the Group's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year end and the gain or loss, is recognised in the Consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that a Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(o) Retirement and other employee benefits

(i) Defined contribution plans

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Group's provident fund contribution, in respect of certain employees, is made to a Government administered fund and charged as an expense to the consolidated statement of profit and loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further defined obligations beyond the monthly contributions.

(ii) Defined benefit plan

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to consolidated profit or loss in subsequent periods.

Past service costs are recognised in consolidated profit or loss on the earlier of:

- The date of the plan amendment or curtailment; and
- The date that the Group recognises related restructuring costs.

The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and
- Net interest expense or income.

(iii) Other long-term employee benefits (compensated absences)

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the consolidated Statement of profit and loss in the year in which such gains or losses are determined.

(iv) Short-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(p) Taxes

Current tax

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted as at the reporting date.

Current income tax relating to item recognized outside the consolidated statement of profit and loss is recognized outside profit or loss (either in other comprehensive income or equity). Current tax items are recognized in correlation to the underlying transactions either in OCI or directly in equity.

The Group's management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Indirect taxes

GST input tax credit on materials purchased/ services availed for production/ input services are taken into account at the time of purchase and availing services. GST input tax credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired. The GST input tax credit so taken is utilised for payment of GST on supply of goods and services. The unutilised GST input tax credit is carried forward in the books of accounts as 'balance with government authorities'.

(q) Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provision of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial asset or financial liabilities, as appropriate, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

A. Initial Recognition and Measurement

All Financial Assets except trade receivables are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting. Trade receivables that do not contain a significant financing component are measured at the transaction price.

B. Subsequent Measurement

a) Financial Assets Measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories is measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Group changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

C. Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

(i) Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

(ii) Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains subsequently all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for the amount it may have to pay.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in consolidated profit or loss if such gain or loss would have otherwise been recognised in consolidated profit or loss on disposal of that financial asset.

Handwritten signature and initials in blue ink.

Financial liabilities

A. Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the consolidated Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Loans and borrowings

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in consolidated statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and transactions costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the consolidated statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is due within 12 months after reporting period. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(r) Fair value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(s) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 *Share-based Payments* at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that Standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Handwritten initials and a signature in blue ink.

Notes to consolidated financial statements for the year ended 31 March 2025

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 *Financial Instruments*, is measured at fair value with changes in fair value recognised in profit or loss in accordance with Ind AS 109. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS and shall be recognised in profit or loss. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

(t) **Share Based Payment**

Employees of the Group also receive remuneration in the form of share-based payment transactions under Group's Employee Stock Option Scheme.

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in share Options outstanding reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

(u) **Derivative financial instruments**

The Group uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses from changes in the fair value of derivatives are taken directly to consolidated statement of profit and loss.

(v) **Government grants and subsidies**

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

(w) **Exceptional items**

Items which are material by virtue of their size and nature are disclosed separately as exceptional items to ensure that financial statements allows an understanding of the underlying performance of the business during the year and to facilitate comparison with prior year.

(x) **Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

Identification of segments:

In accordance with Ind AS 108 *Operating Segments*, the operating segments used to present segment information are identified on the basis of information reviewed by the Group's management to allocate resources to the segments and assess their performance. An operating segment is a component of the Group that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the Group's other components.

Results of the operating segments are reviewed regularly by the Chief Operating Decision Maker, to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

(y) Significant estimates and judgements

The preparation of these consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

- Recognition and estimation of tax expense including deferred tax – Note 3(p), Note 11 and Note 43
- Impairment testing of financial assets and non-financial assets – Note 3(g), Note 3(q) and Note 8A
- Impairment testing of goodwill and intangible assets acquired on business combination- Note 3(s), Note 8A and Note 62
- Assessment of useful life of property, plant and equipment, investment property and intangible assets – Note 3(c), (d), (f) and Note 4, Note 7 and Note 8A
- Estimation of assets and obligations relating to employee benefits – Note 3(o) and Note 49
- Valuation of inventories – Note 3(b)
- Recognition and measurement of contingent liabilities – Note 3(h) and Note 50
- Leases – Note 3(f) and Note 5
- Fair value measurement – Note 3(r) and Note 45
- Provision for warranty – Note 3(a) and Note 25 and 30
- Expected credit loss – Note 3(q) and Note 15
- Share based payments – Note 3(t) and Note 49
- Business combination – Note 3(s) and Note 62

(z) Recent accounting pronouncements

I. The Ministry of Corporate Affairs ("MCA") vide its notifications dated 12 August 2024 and 09 September 2024 has issued Companies (India Accounting Standards) Amendment Rules, 2024 and Companies (India Accounting Standards) Second Amendment Rules, 2024, which introduced amendments in certain Indian Accounting Standards that are effective from 1 April 2024:

(i) Ind AS 117 – Insurance contracts - MCA notified Ind AS 117, a comprehensive standard that prescribe, recognition, measurement and disclosure requirements, to avoid diversities in practice for accounting insurance contracts and it applies to all companies i.e., to all "insurance contracts" regardless of the issuer. However, Ind AS 117 is not applicable to the entities which are insurance companies registered with IRDAI.

(ii) Ind AS 116- The amendments require an entity to recognise lease liability including variable lease payments which are not linked to index or a rate in a way it does not result into gain on right-of-use asset it retains.

The Group has reviewed the new pronouncements and based on its evaluation has determined that these amendments do not have a significant impact on the consolidated financial statements.

II. New Standards/Amendments notified but not yet effective: - Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As at 31 March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group that are not yet effective.

Current	159.73	129.11
Non-current	284.93	179.13
	444.66	308.24

c) Group as a lessee

The Group has leases for land, office building, warehouse facilities, experience centres, IT equipment and vehicles. With the exception of short term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublease the asset to another party, the right of use asset can only be used by the Group. The Group is prohibited from selling or pledging the underlying leased assets as security without prior permission of the lessor. Further, the Group is required to pay maintenance fees in accordance with the lease contracts.

i) The amounts recognized in consolidated statement of profit and loss:-

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Depreciation expense of right-of-use assets (refer note 40)	147.03	106.54
Interest expense on lease liabilities (refer note 39)	36.24	26.06
Expense relating to short term leases (refer note 41)	34.43	38.08
Gain on extinguishment / modification of lease (refer note 34)	(0.55)	(1.82)
Net impact on consolidated statement of profit and loss	217.15	168.86

ii) Amounts recognized in the consolidated cash flow statement

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Payment of lease liabilities- principal and interest	165.03	103.42

iii) Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in consolidated statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

The Group has recognised Rs. 34.43 million pertaining to 31 March 2025 and Rs. 38.08 million pertaining to 31 March 2024 in respect of short term leases entered into by the Group.

Handwritten signatures and initials in blue ink.

iv) The table below describes the nature of the Group's leasing activities by type of right-of-use asset recognised in consolidated balance sheet:

Right of use asset	31 March 2025		31 March 2024	
	No. of right of use assets leased	Range of remaining term (in years)	No. of right of use assets leased	Range of remaining term (in years)
Office building	70	1-5	37	2-6
Warehouse facilities	8	1-4	8	2-3
Experience centre	5	0-6	4	1-7
Vehicles	18	1-5	17	2-4
Land	3	32-75	2	50-76
IT Equipment	2	0.25	2	1-2

v) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

31 March 2025	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	148.80	147.07	133.90	92.96	522.73

31 March 2024	Minimum lease payments due				
	Less than 1 year	1-2 years	2-3 years	More than 3 years	Total
Lease payments	139.66	86.70	61.70	80.18	368.24

Office space at Janki Centre, Andheri, Mumbai	33.05	30.84
Total	33.05	30.84

The Group has appointed a registered valuer in accordance with Rule 2 of Companies (Registered Valuer and Valuation) Rules, 2017 for the valuation of investment property. The fair value of investment property has been determined by external, independent property valuers, having appropriate qualifications and recent experience in the location and category of the property being valued. The Company obtains independent valuation for its investment property at least annually and are considered to be a fair representation at which such properties can be sold in an active market. The fair value measurement of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used. Fair value has been determined using combination of market approach and cost approach. The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available whereas cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved.

(iii) Contractual obligations

There are no contractual obligations outstanding as at 31 March 2025 and 31 March 2024.

(iv) Capitalised borrowing costs

There were no borrowing costs capitalised for the years ended 31 March 2025 and 31 March 2024.

(i) Contractual obligations

Refer note 50B for contractual commitments for acquisition of intangible assets as at 31 March 2025 and 31 March 2024.

(ii) Capitalised borrowing costs

No borrowing cost have been capitalised for the year ended 31 March 2025 (31 March 2024: Rs Nil).

(iii) Goodwill and Impairment Testing

1. Goodwill Arising on Business Combination

During the current financial year, the Group acquired AIL Dixon Technologies Private Limited effective from 18 September 2024 that has been accounted for as business combination in accordance with Ind AS 103 – Business Combinations. As a result of the acquisition, the Group recognised goodwill amounting to Rs. 5,349.51 million in the Consolidated Financial Statements. The goodwill represents the future economic benefits that shall arise from manufacturing / assembly facility that is not capable of being individually identified and separately recognised.

2. Impairment Testing Methodology

For the purpose of impairment testing, goodwill acquired on business combination is allocated to the Cash Generating Units ("CGU") that are expected to benefit from the business combination. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. The goodwill arising from the acquisition of AIL Dixon Technologies Private Limited has been allocated to the subsidiary company as a whole, as a single CGU.

The Group's evaluation of goodwill for impairment involves the comparison of the recoverable value of cash generating unit to its carrying value in accordance with Ind AS 36, Impairment of Assets. The recoverable amount is determined based on the higher of the fair value less cost of disposal or the value in use. Value-in-use is determined by discounting the future cash flows to be generated from the continuing use of the CGU. Key assumptions on which the Group has based its determination of value-in-use include:

(a) Key Assumptions

The following key assumptions were used in estimating the recoverable amounts of CGU:

Particulars	31 March 2025
(i) Discount rate	16.20%
(ii) Long term growth rate (used for determining terminal value)	5.00%

(b) The calculations use cash flow projections over a period of five years based on internal management budgets and estimates.

(c) Terminal value has been arrived at using fifth year's forecasted cash flows to perpetuity using a constant long-term growth rate. This long-term growth rate takes into consideration external macroeconomic data.

(d) The discount rates used are based on the Group's weighted average cost of capital of a comparable market participants, which is adjusted for specific risks.

Based on the assessment, the management has concluded that there is no impairment of goodwill in respect of the CGU's. The management believes that any reasonably possible further change in key assumptions on which recoverable amount is based would not cause the carrying amount of the goodwill to exceed its recoverable amount.

Handwritten initials and signatures in blue ink.

e. Buy back of shares

During the earlier year, the Board of directors in its meeting held on 04 January 2023, had approved a proposal of buyback of 450,000 Equity shares (representing 18% of total paid up Equity shares capital of the Holding Company) at price of Rs. 1,443/- (Indian Rupees One Thousand Four Hundred Forty-three only) per Equity shares which opened on 23 February 2023, for fifteen days and settlement of buyback offer date was 24 February 2023. Accordingly, the Holding Company had bought back and extinguished a total of 450,000 Equity shares at a buyback price of Rs. 1,443/- (Indian Rupees One thousand four hundred forty-three only) per Equity share. The buyback resulted in a Cash outflow of Rs. 800.62 million (buyback value Rs.649.35 million plus buyback tax amount Rs. 151.27 million under section 115QA of the Income Tax Act 1961). Other than the above buy back of shares during the previous year, the Group has not undertaken any buy back of shares transaction during the last five years immediately preceding the current year.

f. The Board of Directors of the Holding Company at its meeting held on 12 June 2024 approved the following:

- Increase in the authorised share capital from existing 5,050,000 equity shares to 15,000,000 equity shares of Rs. 10 each, which was subsequently approved by the shareholders through ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Sub-division of the existing authorised share capital of the Company from 15,000,000 equity shares of Rs. 10 each into 150,000,000 equity shares of Re. 1 each and existing paid-up capital from 2,050,000 equity shares of Rs. 10 each to 20,500,000 equity shares of Re. 1 each, which was approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024;
- Post sub-division of the existing authorised and issued share capital as above, the Board had approved the bonus issue of four new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 17 June 2024. Consequently, the Holding Company allotted 82,000,000 equity shares of Rs. 1 each by way of bonus issue to its shareholders in the ratio of 1:4 on 17 June 2024. The Holding Company utilised capital redemption reserve of Rs. 4.50 million and general reserve of Rs. 77.50 million for issue of bonus shares, as per section 63 of the Companies Act, 2013.

g. Agreement dated September 27, 2024 ("Inter-se Agreement"), entered amongst Aditya Khemka, Shradha Khemka, Anannay Khemka, Aditya Khemka (HUF), Hari Khemka Business Family Trust, Aditya Khemka Business Family Trust, Hari Shanker Khemka, Hari Shankar Khemka (HUF), Rishi Khemka, Ruchi Khemka and ARK Business Prosperity Trust (collectively, "Parties")

The Parties have executed the Inter-se Agreement to record certain inter-se rights and obligations of the Company and other related matters, including, (i) appointment of Aditya Khemka as authorised representative to exercise any and all rights to participate and vote on behalf of each of the other Parties; (ii) right of Aditya Khemka to nominate directors on the Board and on the board of subsidiary/ joint ventures in which the Company has a right to nominate board or directors, subject to certain conditions mentioned in the Inter-se Agreement; (iii) certain transfer related rights, including tag along rights with respect to Equity Shares that are proposed to be transferred to third parties by either of the Parties from the date of listing of the Equity Shares on the recognised Stock Exchange until the completion of the lock-in as defined in the Inter-se Agreement; and (iv) an understanding between the parties in relation to any sale of shares until listing.

The Company is not a party to the Inter-se Agreement and the same shall terminate automatically upon either by way of the mutual written consent of Aditya Khemka and Rishi Khemka or when either Hari Shanker Khemka or certain of the other Parties cease to hold any Equity Shares in the Company.

Subsequent to the year-end, in terms of the Inter-se Agreement, the individual Promoters, Hari Shanker Khemka, Aditya Khemka and Rishi Khemka transferred 19,719,130 Equity Shares of face value of Rs.1 each to Hari Khemka Business Family Trust, 100 Equity Shares of face value of Rs.1 each to Aditya Khemka Business Family Trust and 100 Equity Shares of face value of Rs.1 each to ARK Business Prosperity Trust, respectively on 23 April 2025.

45 Financial instruments

i) Financial assets and liabilities

The carrying amounts of financial instruments by category are as follows:

Particulars	As at 31 March 2025	As at 31 March 2024
	Carrying value	Carrying value
Financial assets measured at fair value through profit or loss		
Investments	5.15	6.08
Financial liabilities measured at fair value through profit or loss		
Derivative contracts	39.91	-

Financial assets and liabilities measured at amortised cost

Particulars	As at 31 March 2025	As at 31 March 2024
	Carrying value	Carrying value
Financial assets*		
Trade receivables	10,392.59	7,342.70
Cash and cash equivalents	1,359.31	394.67
Other bank balances	459.35	311.69
Loans	-	82.52
Other financial assets	2,083.63	1,861.07
Total financial assets	14,294.88	9,992.65
Financial liabilities*		
Borrowings	4,128.44	4,054.52
Lease liabilities	444.66	308.24
Supplier's credit	520.52	-
Trade payables	13,427.30	6,002.30
Other financial liabilities	2,122.91	1,359.96
Total financial liabilities	20,643.83	11,725.02

*There are no financial assets and liabilities which are measured at fair value through other comprehensive income.

ii) Fair value hierarchy

Financial assets and financial liabilities are measured at fair value in the consolidated financial statements and are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). The input factors considered are Estimated cash flows and other assumptions.

Fair value of instruments measured at fair value through profit or loss

Fair value of instruments measured at fair value through profit or loss for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	Fair value hierarchy	As at 31 March 2025		As at 31 March 2024	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 1	5.15	5.15	6.08	6.08
Financial liabilities					
Derivative contracts	Level 2	39.91	39.91	-	-

Significant inputs used in Level 2 fair value of derivatives measured at FVTPL is marked to market value as on balance sheet date of such derivative transaction.

Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows, these fair values are calculated using Level 1 and 2 inputs:

Particulars	As at 31 March 2025		As at 31 March 2024	
	Carrying value*	Fair value	Carrying value*	Fair value
Financial assets				
Trade receivables	10,392.59	10,392.59	7,342.70	7,342.70
Cash and cash equivalents	1,359.31	1,359.31	394.67	394.67
Other bank balances	459.35	459.35	311.69	311.69
Loans	-	-	82.52	82.52
Other financial assets	2,083.63	2,083.63	1,861.07	1,861.07
Total financial assets	14,294.88	14,294.88	9,992.65	9,992.65
Financial liabilities				
Borrowings	4,128.44	4,128.44	4,054.52	4,054.52
Lease liabilities	444.66	444.66	308.24	308.24
Supplier's credit	520.52	520.52	-	-
Trade payables	13,427.30	13,427.30	6,002.30	6,002.30
Other financial liabilities	2,122.91	2,122.91	1,359.96	1,359.96
Total financial liabilities	20,643.83	20,643.83	11,725.02	11,725.02

*Carrying value of these financial assets and financial liabilities represents the best estimated values.

Financial risk management

The Group's activities expose it to credit risk, liquidity risk and market risk. The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the consolidated financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, loans and other financial assets measured at amortised cost	Ageing analysis	Diversification of bank deposits and regular monitoring
Liquidity risk	Borrowings, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of funds and credit facilities.
Market risk - foreign exchange	Future commercial transactions Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts

A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represent the maximum credit risk exposure. The Group monitors its exposure to credit risk on an ongoing basis.

a) Credit risk management**i) Credit risk rating**

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset groups	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, trade receivables, other bank balances, loans and other financial assets	Life time expected credit loss

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in consolidated statement of profit and loss.

Credit rating	Particulars	As at 31 March 2025	As at 31 March 2024
Low credit risk	Cash and cash equivalents, trade receivables, other bank balances, loans and other financial assets	14,294.88	9,992.65

Cash and cash equivalents and other bank balances

Credit risk related to cash and cash equivalents and bank deposits is managed by only diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Group deals with reputed banks.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. The Group monitors the economic environment in which it operates. The Group manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of the customers to which the Group grants credit terms in the normal course of business. The Group has also obtained debtor insurance upto Rs. 800.00 million (31 March 2024: Rs. 500 million) to cover its risks of bad debts. The Group also uses an expected credit loss model to assess the impairment loss on such receivables. The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available internal credit risk factors such as the Group's historical experience for customers.

Loans and other financial assets

Loans and other financial assets measured at amortized cost includes security deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously. Credit risk is considered low because the Group is in possession of the underlying asset except for loan given to joint venture company. Further, the Group creates provision by assessing individual financial asset for expectation of any credit loss basis expected credit loss model.

ii) Concentration of financial assets

The Group carries on the business of manufacturing / assembly and sale of security and surveillance equipments and related activities. Loans and other financial assets represents deposits given for business purposes and other receivables arising in normal course of operations.

ADITYA INFOTECH LIMITED

CIN: U74899DL1995PLC066784

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

b) Credit risk exposure
i) Provision for expected credit losses

The Group provides for 12 month expected credit losses for following financial assets:

As at 31 March 2025

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	1,359.31	-	1,359.31
Other bank balances	459.35	-	459.35
Loans	-	-	-
Investments	5.15	-	5.15
Trade receivables	10,513.79	(121.20)	10,392.59
Other financial assets	2,083.63	-	2,083.63

As at 31 March 2024

Particulars	Estimated gross carrying amount at default	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	394.67	-	394.67
Other bank balances	311.69	-	311.69
Loans	82.52	-	82.52
Investments	6.08	-	6.08
Trade receivables	7,394.83	(52.13)	7,342.70
Other financial assets	1,861.07	-	1,861.07

Reconciliation of expected credit loss for other financials asset and trade receivables:

Reconciliation of loss allowance	Trade receivables	Investments	Loans
Loss allowance on 31 March 2023	52.13	-	-
Allowance for expected credit loss (net)	-	-	-
Loss allowance on 31 March 2024	52.13	-	-
Allowance for expected credit loss (net)	69.07	-	-
Loss allowance on 31 March 2025	121.20	-	-

B) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Further, the Group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalents position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity in mind and monitoring future cash flows and liquidity on a regular basis. Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice such as fixed deposits with Bank etc.

The Group has developed appropriate internal control systems and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and availability of alternative sources for additional funding, if required.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2025	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,978.55	149.89	-	4,128.44
Supplier's credit	520.52	-	-	520.52
Trade payable	13,427.30	-	-	13,427.30
Other financial liabilities	2,046.89	76.03	-	2,122.92
Total	19,973.26	225.92	-	20,199.18

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities.

31 March 2024	Less than 1 year	1 - 5 years	More than 5 years	Total
Non-derivatives				
Borrowings	3,774.36	280.16	-	4,054.52
Trade payable	6,002.30	-	-	6,002.30
Other financial liabilities	1,359.96	-	-	1,359.96
Total	11,136.62	280.16	-	11,416.78

The Group had access to following funding facilities :

Funding facilities	Total facility	Drawn	Undrawn*
As at 31 March 2025	5,390.00	3,907.50	1,482.50
As at 31 March 2024	4,840.00	3,570.34	1,269.66

As at 31 March 2025, the Holding Company had made payment through issuance of cheques drawn on cash credit accounts, to various vendors aggregating to Rs. 1,423.51 million (31 March 2024: Rs.927.03 million) in the normal course of business (that got cleared subsequent to the yearend), against the undrawn facility of Rs. 1,482.50 million (31 March 2024: Rs. 1,269.66 million) available to the Holding Company. Such amounts have been presented as 'Book overdraft' under note 29.

C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

a) Liabilities

The Group has been availing the borrowings on a floating rate of interest based on bank MCLR. These borrowings are carried at amortised cost. The borrowings on a fixed rate of interest basis are not subject to the interest rate risk as defined in Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates. The borrowings on a variable rate of interest are subject to interest rate risk as defined in Ind AS 107.

Sensitivity of profit and loss due to change in interest rate with respect to variable rate borrowings:

	As at 31 March 2025		As at 31 March 2024	
	0.5% increase	0.5% decrease	0.5% increase	0.5% decrease
Impact on statement of profit and loss	(20.01)	20.01	(22.50)	(22.50)

b) Assets

The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	Currency Symbol	As at 31 March 2025		As at 31 March 2024	
		Amount in foreign currency (in millions)	Amount (in Rs. millions)	Amount in foreign currency (in millions)	Amount (in Rs. millions)
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.34	29.11	0.10	8.03
Total		0.34	29.11	0.10	8.03
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	7.96	681.04	0.91	75.92
Singapore Dollar	SGD	-	-	0.01	0.31
Japan Currency	JPY	185.10	105.05	-	-
Total		193.06	786.09	0.92	76.23

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Group's profit before tax/equity is due to changes in the fair value of monetary assets and liabilities. Sensitivity due to unhedged foreign exchange exposures is as follows:

Particulars	Currency Symbol	As at 31 March 2025		As at 31 March 2024	
		3% increase	3% decrease	3% increase	3% decrease
(i) Receivable/Loans/or any other FC asset					
United States Dollar	USD	0.87	(0.87)	0.24	(0.24)
Total		0.87	(0.87)	0.24	(0.24)
Particulars	Currency Symbol	As at 31 March 2025		As at 31 March 2024	
		3% decrease	3% increase	3% decrease	3% increase
(ii) Payable/Borrowings/or any other FC liability					
United States Dollar	USD	20.43	(20.43)	2.28	(2.28)
Singapore Dollar	SGD	-	-	0.01	(0.01)
Japan Currency	JPY	3.15	(3.15)	-	-
Total		23.58	(23.58)	2.29	(2.29)

Foreign exchange derivatives and exposures outstanding at the year end:

Particulars	As at 31 March 2025		As at 31 March 2024	
	USD	Rs.	USD	Rs.
Hedging on account of underlying exposure				
Hedged (in millions)	54.70	4,681.30	0.68	56.68
Unhedged - Open Exposure (in millions)	7.96	681.04	0.92	76.23

Foreign exchange derivatives contracts at the year end:

(c) **Terms and conditions with related parties**

All transactions with related parties are made on the terms equivalent to those that prevail in arm's length transactions and within the ordinary course of business. Outstanding balances at respective year ends are unsecured and settlement is generally done in cash.

(d) The Group has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken as at each reporting date.

47 Capital management

The Group's capital includes issued share capital and all other distributable reserves. The primary objective of the Group's capital management is to maximise shareholder value and to maintain an optimal capital structure to reduce the cost of capital. The Group has both long and short term borrowings.

Group's gearing ratio is:

Particulars	As at 31 March 2025	As at 31 March 2024
Long term borrowings	149.89	280.16
Short term borrowings (including current maturities of long term borrowings)	3,978.53	3,774.36
Supplier's credit	520.52	-
Less: Cash and cash equivalents	(1,359.31)	(394.67)
Net debt (a)*	3,289.65	3,659.85
Total Equity (b)	10,176.67	4,242.09
Equity and net debt (c = (a) + (b))	13,466.32	7,901.94
Gearing Ratio (d = a/c)	0.24	0.46

*Excluding the impact of book overdraft (refer note 45B)

48 Employee benefits

The Group has adopted Indian Accounting Standard (Ind AS) - 19 for Employee Benefit as under:

Defined contribution plans

The Group makes contribution towards employee's provident fund and employee's state insurance. The Group has contributed Rs. 50.69 million (31 March 2024: Rs. 38.00 million) during the year ended 31 March 2025 as contribution towards these schemes.

Defined benefit plans**Gratuity (unfunded)**

The Group has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognized on the basis of actuarial valuation.

Salary increases	Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Amounts recognised in the balance sheet:

Particulars	As at 31 March 2025	As at 31 March 2024
Present value of the obligation	130.95	104.75
Fair value of plan assets	84.85	75.62
Net liability/(prepaid assets)	46.10	29.13

Amounts recognised in statement of profit and loss:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Actuarial loss recognised during the year	4.63	19.97

Expenses recognised in statement of profit and loss

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Current service cost	17.84	11.61
Past service cost	-	(1.33)
Interest cost (net)	1.65	0.57
Cost recognised during the year	19.49	10.85

ADITYA INFOTECH LIMITED

CIN: U74899DL1995PLC066784

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

Movement in the liability recognised in the balance sheet is as under:

Particulars	31 March 2025	31 March 2024
Present value of defined benefit obligation at the beginning of the year	104.75	74.41
Acquisition of Subsidiary (refer note 62)	3.29	-
Current service cost	17.84	11.61
Past service cost	-	(1.33)
Interest cost	7.29	5.48
Actuarial (gain)/loss net	-	-
Actuarial loss on arising from change in demographic assumption	(1.36)	5.52
Actuarial loss on arising from change in financial assumption	4.42	11.84
Actuarial loss on arising from experience adjustment	1.20	2.23
Benefits paid	(6.49)	(5.01)
Present value of defined benefit obligation at the end of the year	130.94	104.75

Movement in the plan assets recognised in the balance sheet is as under:

Particulars	31 March 2025	31 March 2024
Present value of plan value assets at the beginning of the year	75.62	60.94
Transfer in/(out) plan assets	(0.15)	0.16
Interest income	5.64	4.91
Return on plan assets excluding amounts included in	(0.37)	(0.38)
Contributions by Employer	10.29	15.00
Benefits paid	(6.18)	(5.01)
Present value of plan value assets at the end of the year	84.85	75.62

The Group expects to make a contribution of Rs. 20.76 million (31 March 2024: Rs. 16.01 million) to the defined benefit plans during the next financial year.

For determination of the liability of the Group, the following actuarial assumptions were used:

Particulars	31 March 2025	31 March 2024
Discount rate	6.60% to 6.93%	7.20%
Salary escalation rate	6.00% to 10.00%	10.00%
Withdrawal rate		
Less than 30 years	3.00% to 14.00%	11.00%
From 30 to less 44 years	2.00% to 14.00%	11.00%
44 years and above	1.00% to 14.00%	11.00%
Weighted average duration of PBO (in years)	6.17	7.44

Maturity profile of defined benefit obligation:

Particulars	31 March 2025	31 March 2024
Weighted Average Duration (Years) as at valuation date- Holding company	6.17 years	7.44 years
Weighted Average Duration (Years) as at valuation date- subsidiary company	20.22 years	-

The Expected maturity analysis of discounted defined benefit liability is as follows:

Particulars	31 March 2025	31 March 2024
Within next 1 year	14.83	9.97
Between 1-5 years	49.68	35.55
Over 5 years	66.43	59.23
Total	130.94	104.75

Sensitivity analysis for gratuity liability:

Particulars	31 March 2025	31 March 2024
Present value of obligation at the end of the year	130.95	104.75
a) Impact of the change in discount rate		
Impact due to increase of 0.5 %	-2.89%	-3.38%
Impact due to decrease of 0.5 %	3.05%	3.60%
b) Impact of the change in salary increase		
Impact due to increase of 0.5 %	2.08%	2.36%
Impact due to decrease of 0.5 %	-2.13%	-2.41%
b) Impact of the change in withdrawal rate		
Impact due to increase of 10 %	-0.84%	-0.41%
Impact due to decrease of 10 %	-0.85%	0.36%

Sensitivities due to mortality is not material. Hence impact of change is not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

49 Employees Stock Options Schemes

The Holding Company formulated the "Aditya Infotech Ltd. ESOP Scheme 2024" which was duly approved by the shareholders vide their special resolution dated on 17 June 2024.

The Nomination & Remuneration Committee of Company, during the year ended 31 March 2025:

(a) approved the grant of 2,591,200 stock options to the eligible employees at an exercise price of Rs. 292.68 per option, on 17 June 2024.

(b) approved the grant of 63,359 stock options to the eligible employees at an exercise price of Rs. 292.68 per option, on 18 March 2025.

The above stock options shall vest over a period of 4 years from the date of grant and are exercisable within a period of 4 years from the date of vesting.

Set out below is a summary of options granted under the plan:

Particulars	Grant date	
	17 June 2024	18 March 2025
	Aditya Infotech Ltd. ESOP Scheme 2024	
Total options granted under the scheme (nos.)	2,591,200	63,360
Vesting period and percentage	Over a period of four years 17 June each year, commencing 17 June 2025	Over a period of four years 18 March each year, commencing 18 March 2026
Vesting Date		
Exercise price	292.68	292.68
Weighted average exercise prices (W.A.E.P)	292.68	292.68
Exercise period	4 years from date of Vesting	4 years from date of Vesting
Outstanding options at the beginning of the year (nos.)	-	-
Options granted during the year (nos.)	2,591,200	63,360
Options vested during the year (nos.)*	11,950	-
Options exercised during the year (nos.)	-	-
Options lapsed/cancelled (nos.)	48,150	1,140
Outstanding options at the end of the year (nos.)	2,531,100	62,220
Exercisable options at the end of the year (nos.)	11,950	-

*Options vested during the year represents options immediately vested on death of employee during the year as per stock option plan

The vesting of options granted to eligible employee(s) is conditional upon fulfillment of performance criteria by the Employee and/or any team or group of which he is a part and/or of the Group, as may be determined by the Committee.

The Group has recognized share based payment expense of Rs 117.85 million (31 March, 2024: Nil) during the year as proportionate cost.

Particulars	31 March 2025
Expense arising from equity-settled share-based payment transactions	117.85

The value of option has been determined by an independent valuer. The following assumptions were used for calculation of fair value of options in accordance with Black Scholes Model:

For employee stock options granted on 17 June 2024

Particulars	1st Vesting	2nd Vesting	3rd Vesting	4th Vesting
Vesting Date	17 June 2025	17 June 2026	17 June 2027	17 June 2028
Risk free interest rate (%)	6.64%	6.65%	6.66%	6.67%
Expected Life (In years)	3.00	4.00	5.00	6.00
Expected volatility (%)	50.00%	50.00%	55.00%	55.00%
Dividend yield	0.07%	0.07%	0.07%	0.07%

For employee stock options granted on 18 March 2025

Particulars	1st Vesting	2nd Vesting	3rd Vesting	4th Vesting
Vesting Date	18 March 2026	18 March 2027	18 March 2028	18 March 2029
Risk free interest rate (%)	6.28%	6.29%	6.31%	6.33%
Expected Life (In years)	3.00	4.00	5.00	6.00
Expected volatility (%)	50.09%	50.71%	51.76%	52.98%
Dividend yield	0.30%	0.30%	0.30%	0.30%

The expected price volatility is based on the historic volatility (based on the remaining life of the options), adjusted for any expected changes to future volatility due to publicly available information.

50 Contingent Liabilities and Commitments**A. Contingent liabilities**

- (i) Inland bank guarantees
(ii) Bond given to custom department under AEO

31 March 2025	31 March 2024
59.89	50.17
750.00	-
809.89	50.17

(ii) Income-tax matters

(a) An Income Tax survey under section 133 A of Income-tax Act, 1961 was carried out at the Holding Company's premises on 18 February 2019. During the course of the survey, the tax officials raised certain concerns and insisted on declaration of additional income amounting to Rs. 403.82 million. The Holding Company's Board of Directors considered all the points raised by the survey team and were of the considered view that no additional income needs to be offered to tax as the actual income for the said assessment year has been correctly / duly accounted for in the books of accounts.

The Assessment proceedings for the said assessment year have got concluded by the Assessing Officer ("AO"), who vide order dated 30 September 2021 has raised tax demand of Rs.189.59 million (31 March 2024: Rs.189.59 million) and has also initiated penalty proceedings. The Holding Company has contested the said order before the Commissioner of Income Tax (Appeals) wherein the Holding Company has contended that the AO has erred both on facts and in law, in making the additions, ignoring the settled position of law that the statements recorded during the course of survey has no evidentiary value and cannot be regarded as conclusive evidence and that the AO has made additions without bringing on record any contrary evidence in respect of the submissions made by the Holding Company. The Holding Company had deposited Rs. 38.00 million, under protest and the appeal in the matter is currently pending disposal. During the previous year 2022-23, the Company received an order u/s 154 dated 09 May 2022 raising the demand of Rs. 7.80 million on account of wrong calculation of interest u/s 234D in the order dated 30 September 2021. Further, during the financial year 2023-24, rejoinder to remand report has been filed on 16 June 2023, however, the final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed. Subsequent to year end, again rejoinder to remand report dated 15 January 2025 has been filed on 25 April 2025, final hearing before Commissioner of Income Tax (Appeals) is yet to be fixed.

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group in the above matter is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

(iii) Indirect tax matters**(a) VAT matters**

Demands raised under respective VAT Acts
Amounts paid under protest

31 March 2025	31 March 2024
2.70	12.19
0.77	1.02

(b) GST matters*

Demands raised under GST regulations (other than matters under*)
Amounts paid under protest

31 March 2025	31 March 2024
346.53	4.95
0.81	0.49

(c) Customs matters

Demands raised under Customs Act
Amounts paid under protest

31 March 2025	31 March 2024
145.52	26.89
69.16	1.65

Based on inputs by tax experts, the management believes that the chances of any liability devolving on the Group in the above matters is not probable and accordingly, no adjustment is currently necessary in these consolidated financial statements at this stage.

*The Holding Company has received multiple show cause notices from Goods and Services Tax ("GST") authorities of the State of Tamil Nadu, Rajasthan in relation to dues under the Goods and Services Tax Regulations (both Central and State Goods and Service Tax Acts and Rules thereunder), aggregating to Rs.7.23 million for the financial years 2023-2024 to 2024-2025, on account of difference in ITC claimed as per Form GSTR-3B vs ITC appearing in GSTR-2A, difference between turnover reported in GSTR 1 and GSTR 3B etc.

The Holding Company has already filed appropriate replies against the above show cause notices, against which the authorities are yet to respond. As assessed by the management, issues raised in the above notices are arbitrary in nature and the management believes that the likelihood of any liability devolving on the Group is not probable and hence, no adjustment is considered necessary in these consolidated financial statements at this stage.

(iv) Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Group, in respect of such matters.

B. Commitments

Estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is Rs. 855.50 million (31 March 2024: Rs. 613.90 million). Apart from above mentioned amount, certain purchase orders issued to suppliers are for open quantities, during the normal course of business.

C. E-waste (Management)

Ministry of Environment, Forest and Climate Change has issued E-Waste (Management) Rules, 2022, as amended ("E-waste Rules"), which requires the producers to obtain and implement extended producer responsibility targets as per Schedule III and Schedule IV of the said Rules. Basis management's internal assessment of E-waste rules, management believes that the Holding Company has an obligation to fulfil the Extended Producer Responsibility targets, only if it is a participant in the market during a financial year. The obligation for the financial year are measured based on sales made in the preceding years.

During the current year, as per the directions given by Central Pollution Control Board (CPCB), the Holding Company has fulfilled its obligation for the current financial year. Basis management assessment and in accordance with Appendix B of Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets', the Group will have an e-waste obligation for future years, only if it participates in the market in such years.

ADITYA INFOTECH LIMITED

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

51 Dividend

(a) The Holding Company's Board of Directors at their meeting held on 02 August 2024 recommended dividend on equity shares @ Rs. 1.76 per equity share for the financial year 2023-24 that was approved by the shareholders in their Annual General Meeting held on 13 August 2024. The total outgo as dividend to the shareholders during the year amounted to Rs. 180 million.

(b) The Holding Company's Board of Directors at their meeting held on 02 July 2025 have proposed final dividend on equity shares @ Rs. 1.64 per equity share for the financial year 2024-25 (total outgo being Rs. 180 million), subject to approval of shareholders in the ensuing Annual General Meeting.

52 Corporate Social Responsibility

	For the year ended 31 March 2025	For the year ended 31 March 2024
Amount required to be spent by the Group during the year	30.00	19.44
Amount of expenditure incurred	6.36	19.65
Shortfall at the end of the year	23.64	-
Total of previous years shortfall	-	-
Details of related party transactions	Refer Note 46	Refer Note 46

Nature of CSR activities includes donation to education institutions, hospitals etc. through a related party. Such activities are covered under eligible CSR activities under Schedule VII of the Companies Act, 2013.

As per the Companies (Amendment) Act, 2019 effective 22 January 2021, the Holding Company is required to transfer unspent CSR amount within a period of six months from the end of the financial year to a special account to be opened by the Holding Company in that behalf for that financial year in any scheduled bank to be called the unspent corporate social responsibility account. Subsequent to the year-end, the Holding Company has deposited Rs. 4.00 million and Rs. 19.64 million in a separate bank account on 24 April 2025 and 28 April 2025 respectively.

53 Segment information

The Group has only one operating segment and is primarily engaged in the business of manufacturing / assembly and trading of security and surveillance equipments. Accordingly, the figures appearing in these consolidated financial statements relate to the Group's single operating segment. The Board of Directors consider manufacturing / assembly and trading of security and surveillance equipments and related activities as the main business of the Group. Accordingly, there are no other separate reportable segments in terms of Ind AS 108 on 'Operating Segments'.

(a) There are no major customers having revenue of more than 10% of the reportable segment.

(b) Information about geographical areas: The Group sale goods and provides services to customers which are domiciled in India as well as outside India. The amount of revenue from external customers broken down by the location of the customers is as follows:

	For the year ended 31 March 2025	For the year ended 31 March 2024
Attributed to the Holding Company's country of domicile, India	31,018.61	27,737.20
Attributed to foreign countries	100.11	87.06
	31,118.72	27,824.26

54 Other disclosures

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified and final rules/ interpretation are yet to be issued. The Group will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code and the rules thereon becomes effective.

55 Details of assets pledged

The carrying values of assets pledged as security against borrowings are as under:

Particulars	31 March 2025	31 March 2024
Non-current assets		
Property, plant and equipment	1,317.95	214.82
Right-of-use assets	162.64	18.47
Investment property	3.54	3.79
Total	1,484.13	237.08
Current assets		
Inventories	5,946.94	5,092.05
Trade receivables	10,360.94	7,342.70
Total	16,307.88	12,434.75

56 Research and development costs

Research and development costs incurred during the year ended 31 March 2025 that have been capitalised, aggregates to Rs. 70.79 million (31 March 2024: Rs. 89.75 million). Research and development costs that were not eligible for capitalisation and have been expensed off during the year ended 31 March 2025, aggregates to Rs. 105.27 million (31 March 2024: Rs. 63.24 million).

57. Pursuant to Transfer Memorandum dated 12 June 2018, the New Okhla Industrial Development Authority ("Noida Authority") transferred the allotment and lease of the land located at 12A, Sector 135, Noida, Uttar Pradesh, that the Holding Company has been carrying as "Right of use Asset" as per Ind AS 116. As per the terms of the transfer memorandum and the lease deed, the Holding Company was required to undertake construction activity/ development activity on the said land within the prescribed timelines. The Noida Authority vide its letter dated 24 March 2022 had granted extension for completion of construction till 31 December 2022. The Noida Authority vide its order dated 11 March 2024 had granted further extension in such timeline upto 31 December 2024. The Holding Company has been in advanced stages of construction and development on the said lease land and has already incurred expenditure of Rs. 139.30 million as at 31 March 2025, that has been presented as 'Capital work in progress' in these consolidated financial statements. However, due to factors beyond management control like ban on construction activities in Delhi NCR region as per GRAP-4 guidelines to control pollution etc., as the construction activities could not be completed by the prescribed date, the Holding Company had filed an application on 12 October 2024, requesting for further extension of one year for completion of construction and development activities on the said land, that is currently pending disposal by the Noida Authority.

Based on assessment by a legal expert and taking into consideration the past trends of being granted extensions from the Noida Authority in the matter, the management is confident of receiving the necessary approval and is confident of completing the construction and development activities on the said lease land within the timelines that may be prescribed by the authorities and accordingly, believes that no adjustment is necessary in these consolidated financial statements at this stage.

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

62 Business combinations

- (a) On 8 July 2024, the Holding Company entered into Share Subscription and Purchase Agreement ("SSPA") with Dixon Technologies India Limited ("Dixon") and AIL Dixon Technologies Private Limited ("AIL Dixon") for acquiring 95,00,000 fully paid up equity shares of Rs. 10 each representing balance 50% equity share capital of AIL Dixon- the joint venture company, for consideration other than cash through and in exchange of issuance of additional 7,305,805 equity shares of Rs. 1 each representing 6.65% equity share capital (6.50% equity share capital on a fully diluted basis), of the Holding Company.

On 18 September 2024, the Holding Company discharged the purchase consideration for the aforesaid transaction amounting to Rs. 2,486.31 million by way of issue of 7,305,805 equity shares of the Holding Company having a face value of Rs. 1, at security premium of Rs. 339.32 per share.

On AIL Dixon becoming subsidiary, the Group has undertaken Provisional Purchase Price Allocation (PPA) based on management's estimates and fair valuation of assets and liabilities, as per Ind AS 103. Consequently, the Group has recognized intangibles (refer details below) and fair value impact of Rs. 2,486.30 million under the head "Exceptional items" on revaluing its previously held equity interest in AIL Dixon as at the date of acquisition, as part of accounting for such business combination in these consolidated financial statements. Initial recognition and measurement of the assets and liabilities as on acquisition date has been determined on the basis of available facts and information, such provisional amounts are subject to change within the measurement period as provided under Ind AS 103.

(b) Assets acquired and liabilities assumed

The purchase price of Rs. 2,486.31 million as on the date of acquisition had been allocated to the acquired assets and liabilities as follows:

Particulars	Amount (in Rs. Million)
Property, plant and equipment (including right-of-use asset)	1,054.67
Intangible assets	63.00
Capital work-in-progress	0.28
Deferred tax assets (net)*	361.45
Cash and cash equivalents	894.08
Inventories	2,920.14
Trade receivables	1,968.17
Borrowings	(142.43)
Trade payables	(7,820.54)
Current tax liabilities (net)	(9.10)
Other net working capital	333.38
Total identifiable net assets at fair value	(376.90)
Fair value of previously held equity interest in AIL Dixon (refer note (c) below)	(2,486.30)
Goodwill arising on acquisition (non-tax deductible)	5,349.51
Net assets acquired, through issue of shares	2,486.31

The identifiable property, plant and equipment and intangible assets have been determined basis independent valuation.

* includes deferred tax liability assumed on fair valuation of Property, plant and equipment and intangible assets.

- (c) Prior to the acquisition as mentioned in note (a) above, the Group held 50% equity interest in AIL Dixon. The Group acquired the remaining equity interest resulting in total ownership interest of 100%. Accordingly, as per the provision of Ind AS 103 - Business Combinations, the Group has re-measured its previously held equity interest in AIL Dixon at fair value of Rs 2,486.30 million and resultant gain has been presented as "exceptional item" in these consolidated financial statements (refer note 42).

(d) Analysis of cash flows on acquisition:

Net cash acquired with the subsidiary (including margin money with banks)	894.08
Cash paid	-
Net cash flow acquired on acquisition of subsidiary company	894.08

(e) Useful life of intangibles recognised on acquisition

The table below shows the values and lives of intangibles recognised on acquisition:-

	Life	Amount
Customer relationships	5 years	63.00
Intangibles recognized on acquisition		63.00

(f) Acquired receivables

No adjustments have been made to acquired trade receivables and cash and bank balances.

(g) Revenue and profit contribution

From the date of acquisition till year ended 31 March 2025, AIL Dixon Technologies Private Limited has contributed Rs. 7,781.58 million of revenue and Rs. 133.43 million to the profit before tax of the Group. If the combination had taken place at the beginning of the year, revenue would have increased by Rs. 6,156.54 million and the profit before tax for the Group would have been increased by Rs. 146.04 million for the year ended 31 March 2025.

- (h) Due to above business combination, the current year consolidated financial statements are not comparable with the previous financial year ended 31 March 2024.

ADITYA INFOTECH LTD.
CIN: U74899DL1995PLC066784

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees millions, unless otherwise stated)

- 63 In January 2024, the joint venture entity- AIL Dixon Technologies Private Limited ("AIL Dixon") (subsidiary w.e.f 18 September 2024) had suffered loss of stock due to fire at the custom bonded warehouse resulting in destruction of stock of Rs. 1,769.94 million. The management of AIL Dixon promptly filed the claims with the warehouse owner and the insurance provider for recovery of such loss and had assessed full recovery of the loss upon conclusion of the insurance procedures.

As at 31 March 2023, the Holding Company held investment in AIL Dixon at a carrying value of Rs 294.50 million, and on the basis of audited financial information of AIL Dixon, its share of profit and share of other comprehensive loss for the year ended 31 March 2024 amounted to Rs 42.94 million and Rs. 0.21 million, respectively.

However, during the process of compiling of consolidated financial statements of Aditya Infotech Limited ("AIL") for the previous year, the Group management reassessed the claims towards loss of stock filed by AIL Dixon and taking into consideration factors like the warehouse owners net worth/ financial capability and insurance cover held vis-à-vis the value of goods stored, concluded that full recovery of loss was not probable. Consequently, the Group management on prudent basis, had recognised its proportionate share in such loss equivalent to the amount of opening carrying value of its investment in AIL Dixon i.e. Rs. 294.50 million and presented such loss as 'exceptional item' in the Consolidated Statement of profit and loss for the previous year ended 31 March 2024.

- 64 The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of accounts, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Holding Company and subsidiary company have used an accounting software for maintaining books of accounts which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software except that, for the Holding Company, the audit trail feature is not enabled at the database level to log any direct data changes, used for maintaining accounting records. Further, there was no instance of audit trail feature being tampered with, as noted by the management. Further, except for consequential impact of audit trail feature not enabled at the database level at Holding Company, the Holding Company and subsidiary company have retained the audit logs as per statutory requirements for record retention.

- 65 Certain previous year amounts have been reclassified for consistency with the current year presentation. Such reclassification did not have any impact on the current year consolidated financial statements.

- 66 The figures have been rounded off to the nearest million of rupees upto two decimal places. The figure 0.00 wherever stated represents value less than Rs. 50,000/-.
